Dr. Vlado A. Getting
Department of Public Health
State House
Boston, Massachusetts

Dear Dr. Getting:

Thank you for your letter.

I have talked with Dr. Hinton and I can report to you now that it has been possible to make other arrangements with regard to space for the summer, so that we will not have to disturb Dr. Hinton's arrangements until early autumn.

I hope that this will solve the problem both for us and for you and I am very grateful for your continued interest and help.

Sincerely yours,

/s/

C. Sidney Furwell, M.D.
