

15-15

April 28, 1938

Dr. George L. Leslie, Superintendent  
Michigan State Sanatorium  
Howell, Michigan

My dear Doctor Leslie:

Please accept my thanks for your promptness and courtesy in sending me the statistics for positive blood tests for syphilis in your institution. The information which you sent me is just what I wished, and I shall be more than glad to let you know the outcome of my investigation when it has been completed.

Very truly yours,

Wm. A. Binton, M.D., Chief  
Wassermann Laboratory
