

March 16, 1940

Dr. Harold F. Gorson
The Austin Riggs Associates
Stockbridge, Massachusetts

Dear Dr. Gorson:

In reply to your letter of March 14, we wish to say that we have sent the spinal fluid on William C. Oates to the laboratory at The Boston Dispensary, where that particular test is done.

There are other private laboratories in Boston which do the Gold Sol test, also, among them the Leary Laboratory, 43 Bay State Road.

Very truly yours,

William A. Hinton, M.D., Chief
Wassermann Laboratory

My dear Doctor Hinton:

I would very much appreciate it if you would forward the spinal fluid in the case of Mr. William C. Oates to a laboratory of your choice, sending us the name of this laboratory. I am not acquainted with the laboratories available and I would very much appreciate your help in this matter. I am particularly anxious to get the results on this specimen and I am sorry that I have had to inconvenience you.

Very sincerely yours,

Harold F. Corson.

Harold F. Corson, M. D.

Doctor William A. Hinton
Wassermann Laboratory
25 Shattuck Street
Boston, Mass.
