ROOM 344, STATE OFFICE BUILDING
PROVIDENCE

December 2, 1938

William A. Hinton, M.D.
Chief, Wassermann Laboratory
Massachusetts Department of Public Health

Dear Dr. Hinton:

Mr. James Kennedy, Assistant Serologist, in our Division of Laboratories works with Mr. Harold Pearson, one of your trainees of last year. I would greatly appreciate the favor if you could arrange to have Mr. Kennedy make some Hinton readings on Saturday mornings with some of your staff.

Mr. Kennedy is a graduate of Rhode Island State College, and last year had one semestre full time training under Dr. John Williams and other professors at the M.I.T. Department of Public Health. He is still attending there on a part time basis, and one class comes on Saturday noon.

Thanking you sincerely for your many favors,
I remain

Sincerely yours,

EDGAR J. STAFF
Chief, Division of Laboratories

Mr. Edgar J. Staff, Chief
Division of Laboratories
Room 344, State Office Building
Providence, R. I.

Dear Mr. Staff:

Replying to your letter of
December 2nd, Miss Stuart and I are hoping
to have Mr. Kennedy drop in on us on Saturday
mornings at nine o'clock to observe and to
make readings with us.

We need no special notice
as to when he plans to begin.

Very truly yours,

Wm. A. Hinton, M. D., Chief
Wassermann Laboratory
