

April 27, 1923

Dr. H. M. Burns, Superintendent
Minnesota State Sanatorium
Ah-Swah-Ching, Minnesota

My dear Doctor Burns:

Please accept my thanks for your promptness and courtesy in sending me the statistics for positive blood tests for syphilis in your institution. The information which you sent me is just what I wished, and I shall be more than glad to let you know the outcome of my investigation when it has been completed.

Very truly yours,

Wm. A. Hinton, M.D., Chief
Wassermann Laboratory
