Mrs. Wm Hinton
Boston, Mass.

Dear Mr. Hinton:

You will think I have become lost
out in the "Cold World." I am not definitely located
yet, we took three weeks to get home - visiting
with relatives.

Schmittner may have told you that
I was unable to find that paper which I promised
to send to you. It is some where in my baggage
which I haven't unpacked completely yet. The paper
will be in the Jan. issue of the Am. J. Path. I
must find the paper soon to check the proof which
I should receive soon. If you still want to
review the paper I will send it on to you
soon.

I trust that your book is coming along well.
I am anxious to see it in print. It is a good
book. I enjoyed so much the privilege of reading
it.

I will let you know soon of my location.
I hope it will be possible to start the Hinton test
in Indianapolis if I go there.

I shall always treasure our pleasant
associations together.

Sincerely yours,
Arthur Richter
