Charles H. Kimberly, M.D.
Stockbridge
Massachusetts

My dear Doctor Kimberly:

In response to your letter of December 26th, I am sorry to say that I do not know of any laboratory in Boston that does the echinococcus fixation test. I think, however, that the Hygienic Laboratory at Washington does this test and suggest that you send them clear serum.

Very truly yours,

William A. Hinton, M.D., Chief
Wassermann Laboratory
