Dr. Elliott Robinson, Director
Antitoxin & Vaccine Laboratory,
375 South Street,
Jamaica Plain, Mass.

My dear doctor Robinson:

This is to request that a new position of supervising technician be created and that Edith McCarthy be promoted from laboratory assistant to this position. It is also requested that the position of laboratory assistant be retained and that it be filled if necessary as soon as this promotion goes into effect.

Very truly yours,

WAM/GE
