About: Marilyn Webb Neagly approached David Boucher in June of 2025 with a family photo album. The story of the album: the neighbors of the home where Thomas Thompson lived, went into the house after several years of being empty. They found on a shelf in a closet this photo album and contacted Marilyn to give it to her as they knew that Marilyn's grandfather was Thomas Thompson. After reviewing the album with Marilyn, David high-rez scanned all of the album for archiving into the Society's collection. He then printed the scanned pages and over July-August 2025, Marilyn made notes of what she knew the images were of. Also donated were reports about the Thompson store located at 959 Falls Road, Shelburne Vermont.
