[*Partial Letter from Flora Pillsbury (1887-1921) to George Nichols (1889-1961)*]

Why didn't you tell me who? I don't know. Is it an engagement, birthday or what? I'll send them if you'll tell me who it is.

It was nice of you to day it was worth the walk Saturday evening, even though I don't think you really meant it as I didn't feel as if any of you had a good time. Generally when the crowd is up I have such a good time myself that I take it for granted that the rest do too, but somehow they didn't take hold of games and things Saturday evening, maybe it was because of the accident, I don't know but I was disappointed. I am sorry Minnie got hurt. Hope she will get all over it all right.
