[*Letter from Flora Pillsbury (1887-1921) to George Nichols (1889-1961)*]

Dear W.M.: -

I wondered if anyone asked you to go to Castine with us Sat. though I suppose you know it's a general Grange invitation.

Won't you go if you can, its going to be a good trip and I know you don't like to go with our crowd very well but I don't see how you can help from having a good time. You might be surprised to see how well we behave.

Better doctor up that cold and go with us. We might even have a chance to shine as A.S. & L.A.S. of Megunticook.

Sincerely – Flo.
