[*Letter from Flora Pillsbury (1887-1921) to George Nichols (1889-1961)*]

Friday A.M.

Dear Brother George: -

Unless you want to spend the rest of the evening after we get back from the Swing Bridge with Sue and Howard you had better have something planned as they want us all to go to the Pictures of somewhere else when we get back. I told them I didn't care much for the Pictures but would go wherever the crowd wanted to. I thought if you knew about it you could do as you like, but if we go right home we would have to take them with us.

Flo.

P.S. You might have to go call on your Aunt Mary for something, they wouldn't expect to go there – This is only a suggestion. I don't mind where we go.
