

[Letter from Lucy E. Rhodes to Arne Knight]

101 N. Main St.
Rockland, Maine
April 2, 1923

Dear Arne, -

On several occasions Uncle Ed Whitney has brought a few of your delicious "Delicious" apples to me when he came from L- and now it is grafting time I am writing to ask if you will let me have a few scions off your trees.

I have only two trees into which they will be grafted so you know better than I do, how many I will need.

Please let me know the price and I will remit for them and for the postage. Would do so now if I had any idea of the amount.

I am having my house made into two flats and am to occupy the top flat myself, so I want to improve the orchard also.

Some awful Winter we have had here in R- and I don't care if I never see so much snow again do you?

I hope you + yours have escaped the flu but probably you haven't there are so few who have.

My best regards to you all -

Sincerely,
Lucy E. Rhodes
