We learn, that Lieut. A. D. BACHE, of the U. S. Corps of Engineers, formerly an assistant Professor at West-Point, (and now stationed at Fort Adams, in this Harbor) has recently been appointed Professor of Natural Philosophy and Chemistry in the University of Pennsylvania.—This appointment, (which we learn he has accepted,) will take from the Corps of Engineers an active and scientific Officer ;—and one, who during his residence here as an assistant to Col. Totten, has enjoyed the respect and esteem of our citizens.
