Douglas Aircraft Company Inc.  
Tulsa, Oklahoma

Dear Jess;

I received a copy of the DACLIPS, dated January 6th., where I found something of great interest to me, which appeared in the issue of TULSA WORLD, 12-31-65.

It is the picture of the A4B which was sold to Argentina, showing Brigadier Gen. Caracciolo inspecting the plane.

I would very much appreciate if you could send me the original photo, as well as the article, so that I can have it published in the local newspapers.

Thanking you in advance, I remain, very truly yours,
