

## OPERATING MEMORANDUM

TO: All Departments - Tulsa Division

FROM: O. L. Howser

SUBJECT: PERSONNEL APPOINTMENT - A-4B PROGRAM

COPIES TO: Administrative Services, D-370

REFERENCE:

SEQUENCE  
NUMBER: TD-68-91

DATE: 10-11-68

The Tulsa Division has received a contract from the Government of Argentina for the modification and overhaul of 25 additional A-4B aircraft purchased from the U. S. Navy. These aircraft will be received for work beginning the week of October 14.

Effective immediately, J. E. Vogt, D-141, is appointed A-4B Program Manager. In this assignment Mr. Vogt will be responsible for overall program direction and coordination of cost, schedule and operation requirements within the scope of the contract. Mr. Vogt will also be the primary customer contact for the A-4B program and all correspondence and inquiries related to the program should be directed to his office.

This program is especially important to the Company and the United States Government due to its foreign relationship. It is critical that we deliver quality aircraft on schedule.

Successful accomplishment of this task will require the personal attention of Division management and the cooperation and support of all employees.

O. L. Howser  
Vice President - General Manager  
Tulsa Division
