Mr. Jess Hightower
McDonnell-Douglas Corporation
2000 North Memorial Drive
Tulsa, Oklahoma 74115

Dear Mr. Hightower:

Subsequent to my conversation with your office today, I am sending you some information on Western's Douglas M-2 as well as the history surrounding it.

We are taking the M-2 to Washington, D.C. for placement in the National Air and Space Museum. As part of the journey, we will be visiting Tulsa for an overnight stop on April 21. We will leave there April 22 for a week's visit to the McDonnell-Douglas main plant in St. Louis.

I would like to discuss the possibility of our working with you on publicity and overnight arrangements for the aircraft in Tulsa. Our Government and Industry Affairs staff is planning to stage a cocktail reception in connection with its arrival.

I'll look forward to hearing from you Tuesday.

Sincerely,

Linda G. Cole
Manager, Corporate Information
