

**The 4th Annual Northern Ontario Railroad Museum and Heritage Centre Garden Tour and Blueberry Tea** goes on Sunday, July 21, 2002. The tour will feature gardens in Capreol and Valley East, a gardening seminar, soil testing as well as tea and blueberry dessert at the museum. **The museum would also** like to thank the many volunteers who have been helping to get everything ready for its opening. It is through the efforts of enthusiastic volunteers that the museum will be able to continue its efforts to preserve our rich railroad heritage. If you are interested in helping at the museum, please call 858-5050 to get more details on the volunteer opportunities that are available.
