Pieces of history

JOHN LAPPA/THE SUDBURY STAR

A 1917 Inco electric locomotive is lifted by cranes at the NRE Alco Locomotive of Canada Ltd. in preparation for its move by transport truck to the Northern Ontario Railroad Museum and Heritage Centre in Capreol on Monday. Five new pieces of railroad equipment are being added to the centre, including two locomotives, a caboose, a baggage car and snow plow car. The Phase 1 expansion project is being funded by the Ontario Trillium Foundation. As part of the expansion, more than 200 metres of track were laid by volunteers.
