SAFETY FIRST

The "SAFETY FIRST" movement, which stands for the conservation of human life, has been adopted by the T. & N.O. Ry.

The Commission requests the co-operation of patrons in an effort to prevent injuries.

The following suggestions are offered for your protection:—

Do not cross tracks without first looking in both directions.

Do not stand on or too near the tracks.

Do not get on or off a moving train.

Watch your step when boarding or alighting from trains.

Do not place baggage or packages in the aisles of coaches as someone might fall over them.

Do not place too large grips or packages in the racks or coaches.

Do not throw anything from car window or door.

Do not place hand or arm under open window.

Do not allow children to run about while train is moving.

It is safer to remain seated than to be moving about when the train is in motion.

Any suggestions from patrons that will bring about greater safety are solicited.
