CAPREOL CEMETERY

According to a survey map of June 1978, this cemetery is located at Part of Lot 9 - Concession 6 - in the Township of Capreol - Town of Capreol - Regional Municipality of Sudbury. To those of us who do not understand the legal ease, the cemetery is located on Hannah St. in Capreol.

The land was donated by the town site owners. A line was drawn through the centre and the Roman Catholic Diocese of Sault Ste. Marie, Ontario took possession of one half of the cemetery while the other half was deeded to the Town of Capreol "in Trust" for the Protestant people of Capreol. The cemetery is utilized by both Roman Catholics and Protestants. The Protestant section extends from row A to row W. The Roman Catholic section extends from row A1 to J2. We were not able to determine the denomination for the small section to the right of the gate when you enter the cemetery. From hearsay we believe that the cemetery was basically run by the Roman Catholics until in 1965 a Cemetery Board was formed that included the Anglicans, Methodists, and the Uniteds. In 1974 the cemetery was officially taken over by the Town of Capreol.

This cemetery was first put into use in 1922. We know that some graves were moved from Selwood to this location. For example: 12 year old Aileen Edith Wicks who died of diphtheria was buried in the old cemetery on January 18th 1922 but the record states that her body was removed to plot 219¹. In our number system the grave of this little girl is located at #157. There is also a section in row K that is a common grave. The remains of 50 - 75 individuals are buried here, they are believed to be the victims of a train wreck that happened at Milnet in the 1930's. These individuals unfortunately remain unidentified. This unmarked section is to the left of the hedge.

The Capreol Cemetery was originally transcribed by members of the Sudbury Ontario Genealogical Society in 1986 and was updated in July 1993 in an effort to help commemorate the 75th anniversary of Capreol. Our transcription includes 787 markers which include the names of 1421 individuals. Individuals that are not included in this edition are possibly contained in the cemetery listing at the township office which was not available to us at the time of printing.
