Mr. C. V. Anderson
Chairman, History and Heritage Committee
Northwest Ohio Section
2002 Birchwood
Toledo, Ohio 43614

Dear Mr. Anderson:

The History and Heritage Committee reviewed the additional information you supplied on the Buckeye Steam Ditcher and provisionally approved this machine as a National Historic Mechanical Engineering Landmark. We would like to find out the dates of the others you mentioned. We will attempt to track the one in Canada and wonder if you could find out about the one in Michigan.

We will also ask the Curator of Agriculture about its place in agricultural drainage history.

As soon as we have this information we can make a final decision by letter ballot.

Thanks for your patience and help. We look forward to a quick resolution.

With best wishes for the New Year,

R. Carson Dalzell

R. Carson Dalzell
Chairman
