

Lakewood Club Estates are literally "in the center of things" at Point Clear, as the aerial photograph shows. In addition, being near the golf club itself, most of the homes are within a half-mile of the yacht basin, pool, tennis courts, bay beach and other recreational facilities at Grand Hotel. Membership in Lakewood Club is not mandatory, but all persons buying lots must be approved by the club's membership committee. The advantages in this policy—for property owners as well as for the neighborhood generally—are obvious. Property owners who do join Lakewood Golf Club find ample provision in the club by-laws for entertaining friends and business associates.

To assist you in orienting the mapped area to the aerial view, the Mobile and Battles Wharf roads are accentuated by dotted lines on the photograph.
