

The Eastern Shore is traditionally a Mecca for sailing enthusiasts, and Grand Hotel's sailing guests may avail themselves of a fleet of racing-class boats. The novice may arrange for instruction in the fascinating art of small-boat handling. Hunters will also find plenty of excitement in the vicinity.

Local permits may be arranged for through Grand Hotel, and nearby are streams, fields, and forests abounding in ducks, birds, and small game.

The fresh water swimming pool is large — over 140 feet in diameter — yet was designed to nestle unobtrusively in the general landscape, to blend with the natural surroundings.

Spectacular underwater lighting makes the pool a picture of breath-taking beauty on warm evenings, with swimmers

glistening in billows of bright bubbles, or lounging on the flagstone terrace. For the residents

of the private beach homes of the fashionable Eastern Shore community, as well as hotel guests, this is a merry gathering place.
