C. J. BARNES SPEAKS ADVERTISING NEEDED FIGHT ON SUBSTITUTES

By Earl H. Leif
(United Press Staff Correspondent)

(Special to Island County Times)
Olympia, Jan. 30, (UP).—A nation-wide advertising campaign by dairy interests to meet the serious competition of butter substitutes was recommended by Erle J. Barnes, state director of agriculture, as the best means of relieving the present depression of dairy products.

"The modern methods of advertising and merchandising by the manufacturers of butter substitutes are proving disastrous to dairying interests and dairymen should follow the same methods to increase the demand for dairy butter," Barnes said. The consumption of butter substitutes increased 11 per cent in the United States in 1929 as compared with 1928, while the consumption of dairy butter decreased 39,000,000 pounds, he pointed out.

Butter Price Fixed

"The price of butter, as with other commodities, is fixed by the visible supply and demand and the demand for butter has been gradually growing less, causing the depression now existing in the butter market.

"This price depression, however, will have a tendency to reduce the number of dairy cows by weeding out the low-producing unprofitable cows and thereby curtailing production which will bring the prices to a higher level eventually.

"I further recommend that a high enough import duty be placed on vegetable oils which are largely used in the manufacture of these substitutes.

High Tariff

"A high tariff on butter which has not been enjoyed by other divisions of agriculture has induced many farmers to go into the dairy business, who were formerly engaged in other lines of agriculture which of late have been extremely unprofitable.

"Tariff on agriculture must treat the industry as a whole and not by its several divisions, if agriculture is to be generally prosperous.

"Wooden Water"

"The agricultural west, without tariff protection, has been carrying 'wooden water' for the industrial east and buying back the manufactured product under a high protective tariff.

"United States Senators from agricultural districts are showing a very short-sighted policy in failing to support the tariff requirements of agriculture in general," Barnes said.

O. E. Reed, chief of the bureau of dairy control, United States department of agriculture, declares dairymen are now facing a "serious situation requiring careful study and constructive efforts to keep their dairy industry on a stable basis."

He suggested a program of "stimulating demand and cutting costs" and of riding herds of the poorest producers.

"The situation of the dairy industry demands the attention of everyone engaged in it. The future of the industry rests very largely with them. Producers should give due consideration to a definite program of educating the public, including consumers both in the city and on the farm. There are factors such as general industrial conditions which effect the industry over which those engaged in it have little if any control. Undue expansion, however, can be curtailed if everyone works to this end. The problem of efficiency and economical production rests with the producer."

THANK BERIAH BROWN

For Cold Snap Break
Beriah Brown spent Tuesday and Wednesday in Seattle. He states that his business in Seattle was to interview the weather man in behalf of the Coupeville Improvement Club. He found a substitute in the office of the weatherman who had gotten into a rut. He liked his job so well he kept it too cold for the regular man to work.

After talking to him like a Dutch Uncle he came through with a change in temperature. Thank you, Mr. Brown.

COUPEVILLE LAYS PLANS TO EXTEND CITY WATER SYSTEM

SURVEY BEING MADE SO THAT MULDER'S CORNER DISTRICT MAY HAVE 4 INCH PIPE LINE

Extension of Coupeville's water system to serve a wide district laying between Prairie Center and Mulder's corner was planned by the city council meeting in session Tuesday night.

A committee consisting of Hesselgrave, Starks and King was appointed to survey the prospects and proceed with plans as the assurance of enough additional customers was made.

To secure the laying of a four-inch pipe-line at least six water users must be signed up. This will be the purpose of the preliminary survey. The city was prompted to take this action after a number of residents in the district had asked the city for the extension of its pipe-line.

The terminal of the city's pipe-line at Prairie Center is so constructed that a four-inch pipe line can be connected.

The allowing of a number of bills was the only other business transacted by the council.

REPORT OF COUNTY CLERK SHOWS 1929 EXPENDITURES

The county clerk has completed the annual report and distribution of expenditures for the county for year 1929. The following data is taken from the report:

6-B class county
Population 1920 census 5489
Estimated population 1930, 6500
Number acres assessed 121,797
Net resources of county \$71638.10
Cash on hand Dec. 31, 1929, \$44,765.42
Interest paid during year on current expense warrants \$1.06
Received from taxes for state and county funds \$89,228.57
Miscellaneous receipts
Auditor's office \$2100.60
Clerk's office \$721.60
Treasurer's office \$79.00
Sheriff's office \$194.90
County bond debt \$7500.00
Number acres of tax title property 3000.

ANYBODY HERE SEEN FANNY, FANNY WITH A SCARLET NECK BAND

Has anyone seen Fanny Doe? Fanny Doe is the pet deer of Mrs. C. C. Ecklund of Mabana. The deer thing strayed away the early part of this week and Mrs. Ecklund feels the loss of her pet deer.

Fanny will come to anyone offering her either candy or tobacco. She wears a scarlet neck band.

Funds Apportioned For Schools Here

\$2454.81 has been apportioned to Island County schools this January, according to the report of Mrs. Evelyn Spencer, county superintendent. The figure is large because it includes \$1200 in high school bonuses. A bonus of \$100 is given annually to each high school grade in the state with an average attendance of four or more. Each of the three high schools, Oak Harbor, Coupeville and Langley receives a \$400 bonus.

The total amount apportioned to the Oak Harbor high school is \$845.41; \$731.53 from the state and \$113.88 from the county. Coupeville Union High School receives \$482.29; \$463.12 from the state and \$19.17 from the county. Langley-Clinton high school receives \$740.29; \$653.24 from the state and \$87.05 from the county.

The total amounts apportioned for other schools is shown below.

San de Fuca	\$ 20.03
Coupeville	111.40
Utsalady	35.02
Bay View	55.28
Livingston Bay	26.41
Mutiny Bay	32.09
Smith's Prairie	12.04
Camano	16.00
Ingleside	16.95
Greenbank	33.96
Mabana	27.64

The apportionment shows a total expenditure of \$2121.66 from the state and \$333.15 from the county.

PERSONAL

Mrs. Harry Starks spent Monday and Tuesday in Bellingham on business.

Twenty-one Children Sold In Public Auction Sale

Twenty one children sold here to Highest Bidder. Flesh and Blood auctioned off at M. C. church. Spirited competition for possession of kiddies.

Although this is 1930, Sunday night, right here in Coupeville, twenty one children, ages from 7 to 13 were sold at auction with the full consent of the parents, in one lot to the highest bidder at the Methodist-Congregational church. Startling as was the sale itself, it was no stranger than the action of the purchaser who after out-bidding numerous rivals took possession of the children and then announced, "Now having purchased these children, I am going to give them back to you, their parents and guardians, in the name of Him whom I represent, Jesus, the children's friend."

Bids Called

The proceedings were opened with the following announcements: 1st Children cannot be sold separately but the entire group must be taken in one lot by the highest bidder. 2nd. The highest bidder undertakes to safeguard the present and future welfare of these children.

The first bidder, Bert Arnold, rose to make an offer and was invited to the platform by the auctioneer, Rev. J. R. Butler. He said his name was Self-Interest and would guarantee to give these children an "Easy, pleasing Life."

Many Offers Made

The next bid was made by Wallace Benson, whose offer was a life of pleasure. He represented "Do As I Like and Co." In answer to the question as to what provision he proposed to make for the children's eternal welfare he said he was only concerned about the present.

The next offer was "The Gospel of Sport," made by William Sherman who emphasized that as a result of physical training he would give these children bodies steered to resist disease, and figures of charm, grace and beauty.

The kingdom of Fashion found an

BROWN ELECTED TO HEAD COUPEVILLE'S IMPROVEMENT CLUB

NEW PLANS PROGRESSING THAT WILL MAKE CITY AIRWAY; PAINT FOR SIGN DONATED

Beriah Brown was elected president of the Coupeville Improvement club at a meeting held at the Star-wanna tavern last Monday night.

Brown succeeds Starks in his new office and is elected to serve for the year. Other new officers include Elmer Calhoun, vice president, and R. L. Maylor, secretary-treasurer.

Protest Mail Change

A short resume of representatives' trip to Everett to protest against a proposed change in the mail carrying to the island was made by President Brown. Delegates from Oak Harbor, San de Fuca and Coupeville attended a meeting called by the postmaster at Everett to hear comment on a plan that all mail be carried by automobile. The delegates stood firmly in opposition to the plan that would deprive the island of daily boat service with the result that assurance was given that the boat service will continue.

Plan Landing Field

Discussion on where to paint the air sign to mark Coupeville as an airway was brought up. Decision on this question was laid over to a later meeting. W. P. Fuller & company, through the efforts of R. L. Maylor have donated five gallons of paint for the painting of the letters.

The question of locating a landing field was also discussed and a number of sites proposed.

"DANCE OF LIFE" COMES TO CIRCUIT THEATRE

"The Dance of Life" is the picture to be shown at the Circuit Theatre Thursday, Feb. 6.

Hal Skelly relives the role of stage play, and, in "The Dance of Life," he is doubly effective with Nancy Carroll, the charming heroine of many delightful pictures, opposite him.

SOLE OF BIG BUSINESS FOUND IN COUPEVILLE; 2 TONS SHIPPED IN DAY

Coupeville's sole industry is not its only industry but it is a flourishing one.

According to E. E. Calhoun, wharf proprietor, more than two tons of sole were shipped from the wharf last Monday. The two tons were the result of one day's catch by three small fishing boats inside Penn's cove.

Calhoun states that this is an exceptionally large catch for this season of the year. In other seasons this amount would be small. The bulk of these shipments go to the Seattle market. A small part goes to Everett.

Boojum of Bagore To Be Given Soon

Clever lines and catchy music make Your Royal Highness, or the Boojum of Bagore, a very popular comic operetta. It has been chosen to be presented in Coupeville soon.

The scene is laid in Bagore, an imaginary country in Asia. The time is the Immediate Future.

A new Boojum is needed in Bagore. Because of the deplorable state of finances in the country an advertisement for an efficiency expert is put in the New York Times. This efficiency expert is to become the new Boojum. The plot is complicated by the fact that the new Boojum must marry the former Boojum's daughter. She, however, has different intentions.

A cast is being chosen for the following characters and will be announced later.

Asrac, Abednegar and Ispanak—Citizens of Bagore
Rose-Petal—The Toy of Fate
Bingo—Secretary of State
Yung-Yang—Secretary of the Treasury
Yung-Yang—A Friend of Rose-Petal
Giles P. Mitchell—of New England and New York

Akbar Singh—Who owns many catavans
Shagrag—a wandering witch
Salamo—the Boojum's Shadow
Soojah Mahomed—a courier of Bingo

Marmetta—The Duchesi's Lady in Waiting
Amelia—The Duchesi of Bigoshi
Chorus of Court Attendants, aristocrats and citizens of Bagore
Arthur A. Penn has written both words and music for this clever operetta.

GRANGE DISCUSSES OLEO; OYSTER SUPPER FOLLOWS

The Juan de Fuca Grange met Friday evening, January 24th. During the business session resolutions were passed against the proposed change in mail routing. The speeches at the recent installation of officers were discussed.

An unplanned informal debate of oleomargarine vs. butter held the interest of the group for some time with nearly all participating. L. F. Muzzall, lecturer of the Grange gave a reading "Two Golden Days" which was well received.

An hour of old fashioned game was followed by an oyster supper. Mrs. E. E. Slaughter, chairman of the hostess committee was largely responsible for the planning of the supper. In her absence Friday night Mrs. W. C. Baker, who is a member of the committee, and Mrs. Irene Armstrong presided.

PERSONAL

Mrs. Myrtle Crawford of Langley visited her sister, Mrs. H. G. Knowles Wednesday.

U. S. Report by R. P. Engle

WOLVES IN CRUCIAL BASKETBALL BATTLE WITH SHARKS TODAY

WIN FOR COUPEVILLE MEANS TRIP TO EVERETT AS COUNTY REPRESENTATIVE IN TOURNAMENT

'Twill be a busy and strenuous weekend for Coupeville high school. With a double-header basketball game billed for tonight and a triple-header and dance tomorrow night there will be little rest for those involved.

Tonight's basketball game is the most crucial one in the Wolves' schedule. Langley shows on the Coupeville floor and should the Sharks win the Wolves will sink into a tie for county honors with the south-end team. So far Coupeville has a clean slate. Coupeville defeated Langley at Langley earlier in the season in a thrilling over-time game. Last week the Sharks romped over Oak Harbor. Tonight the Wolves and Sharks will be meeting on even terms and the battle of the season is expected.

Crucial Game

On the outcome of tonight's game virtually hinges the selection of the team that will represent Island county at the district play-off at Everett preliminary to the state play-off at Seattle.

Saturday night Port Townsend brings three well-drilled teams to Coupeville. These games are in the nature of return affairs. At present Townsend is leading its conference and is a much improved team over that which the Wolves defeated in a pre-season game. The Coupeville girls will be out for revenge as Port Townsend defeated them in their first game of the season.

Dance Tomorrow

After the games Saturday Coupeville will entertain with a big benefit dance to be held in the Odd Fellows' hall. This dance is being given to help along the Wolves' athletic fund. Wally Benson's Jazz Hounds have been secured to furnish the music. An early supper is planned.

To help get out big crowds for the basketball games and make it easier on the fans' pocket books the school athletic management announces that if games on both evenings are attended the total admission will be but 50 cents. The price for one evening only will be the regular 35 cents admission.

CLASSES FORMED FOR UNDERWEIGHT CHILDREN

As a result of the health education work which Miss Lois Watkins has been promoting in the Island county schools, it was found that of the 95 pupils in the Coupeville schools who were weighed and measured, 37 were found to be four or more pounds underweight.

With the help of Mrs. Evelyn Spencer and some of the teachers a committee has been selected to carry on nutrition classes for these underweight children. The classes will meet at the school once a week, the children weighed and the percentage of gain recorded on charts. Each child will be awarded stars for strict observance of health rules. Members of the committee will also instruct the children in good food habits.

Miss Watkins is staying in the county such a short time that it will be impossible for her to see as many parents as she would like but they are invited and urged to attend the nutrition classes. Their cooperation is necessary and will be appreciated by the director and members of the committee.

Those asked to serve on the nutrition committee are Mrs. Pearson, chairman, Mrs. H. G. Knowles, Mrs. Beach, Mrs. Carl Dean, Mrs. Reeves and Mrs. Moritz Pickard. Miss Watkins met with the committee Wednesday evening.

Society Gives Silver Tea

The Women's Missionary Society of the M. C. church met Tuesday afternoon at the home of Mrs. Frank Maxson. 16 ladies and the pastor were present. "What Becomes of our Missionary Dollar," was the topic of the afternoon's discussion, led by Mrs. J. R. Butler and participated in by all present.

Mrs. Maxson favored the group with a solo. The second chapter of the study book, From Jerusalem to Jerusalem, was read by Mrs. Flora A. P. Engle. A silver tea followed the business session.

WANTED A LEADER

Everything is all set—ready for someone, or some group, to take the well-known bull by the horns and see that the rows of seats needed in the Coupeville high school gymnasium are erected.

Financial and material backing is assured for the much needed improvement—really a necessity—and the only thing left to be done is to organize the assistance.

"My boy plays on the Coupeville team. You know, Coupeville high school. The school that produced Eldon Jenne, Clyde Berry and a score of other famous athletes. I'd like to see my boy playing those games in the gymnasium, but it is less for me to go."

"I don't mind the cold, but I don't want to look at my boy over the shoulders of people. You see, there are a few benches, but they are along the sides and are occupied by players and students and a few fortunates who go to the game early."

"I would gladly pay a little extra admission if I could sit down and still view my boy playing out there on the floor."

"You know, I am proud of my boy, and all my life is pledged to his well-being, and it really seems a shame that I have to stay at home while he is out there making a name for himself"—Any Mother.

More time can be given now to seating improvements than later in the Spring. The basketball season is virtually ended and work now would not interfere with players.

VANDALS DAMAGE TREES

A tree by the corner of Mrs. Engle's bungalow has been uprooted and another in front of Dr. White's residence has been badly cut.

What has taken time, money and effort to grow has been destroyed in a moment by some thoughtless, careless person or persons.

These trees were among those purchased by the Ladies of the Round Table a year or two ago from the forestry department of the University of Washington. In order to beautify our city these ladies gave a plant sale, tea and entertainment to purchase these and other trees. Freight for them was donated by E. E. Calhoun.

To succeed in growing trees in Coupeville is an achievement. Because of the composition of the soil and the limited amount of water there are not many trees in the city. How unfortunate it is that anyone could think of destroying a single one of them.

Frank Vader has just planted two trees at his place—a madrona and a yew. He has had difficulty before in raising trees but hopes to make a success this time.

How lovely Coupeville could be with more trees. Let us as citizens do all we can to protect those we have and to encourage the planting of more.

ALL ADVERTISING PAYS

"All advertising pays the advertiser and the buying public as well," says A. E. Bryson of Chicago, vice president and in line for the presidency of the Financial Advertisers' association.

"Some of it we have to use and take our chances on the result, but in the general sense the saying, 'It pays to advertise,' is one that is well spoken."

In further defense of newspaper advertising Bryson, speaking at the fourteenth annual convention of the association, says: "Newspapers reach persons interested in advertising. We know that. We do not know and cannot learn how many persons and who the radio reaches."

Bryson let it be known in no uncertain terms that printed words are the best forms of advertising.

What Happened Here 30 Years Ago

Although the bidding did not run high, considerable interest was shown at the sale of the Academy property held last Wednesday forenoon. Scott Wiggins bid in the lot below the Masonic Hall for \$82. A. Nuttall purchased block and a half in Academy Addition for \$50, while E. J. Hancock bid in the remainder of the same addition or twenty acres for \$50. The remainder of their property was not put up for sale.

1900
The first picnic of the season was given by Frank Jenne on the beach near Perego's Bluff last Saturday. Frank and twelve of his little friends passed the day pleasantly playing games, shooting and throwing pebbles into the briny deep.

1900
Lena Kohne is home visiting her parents, she having had a high enough class standing to omit the regular monthly school examination.

1900
Elmer Dickinson returned from a trip to Seattle yesterday.

1900
Little Dorothy Wanamaker has been very sick the last week.

1900
Nels Sill went to Seattle today to secure some men for his logging camp.

1900
S. T. Calhoun, having taken the agency for D. D. and H. C. Calhoun, will take orders for all kinds of Farm Implements. Anyone wishing to buy can not do better than by giving him a trial.

1900
Follow-up: Observer Newberry's weather summary for January: Maximum temperature, 55, Minimum, 23, Rain, 4.40 inches, clear days 11, partly cloudy 12, hail on the 23rd.

1900
We move that a committee of citizens get together and do a little repairing on our sidewalks. The Times man for one is willing to take off his

coat and help make our walks passable.

1900
Miss Seina Cranney was visiting with friends in Seattle Sunday.

1900
D. McEwing has gone to work in Sill's logging camp on Camano Island.

1900
Just arrived—a nice stock of canned goods for table use—Kineth & Wiggins.

1900
A. B. Coates was in Seattle Tuesday buying goods to replenish their stock.

1900
J. W. Gillespie of West Seattle was shaking hands with friends in Coupeville Monday.

1900
Sheriff Weedon was called to Newell Monday by the sickness of his mother. At last report she was improving.

1900
Scott Wiggins, our enterprising merchant was doing business in the Queen City this week.

1900
Cecil Maylor and Leonard Lang, two Oak Harborites went up sound Wednesday.

1900
If we wish to have our town and county built up we must stop this running it down. Get in and talk it up, tell the world this is the best place on earth, tell of our fertile soil, our good roads, and business thrift. Coupeville is the making of a beautiful little city, and only needs push, and pulling together of citizens to make a success all along the line.

1900
Ah Foot, Long Gee, Charlie Hoe and Fah Kee and all their brothers and cousins have been having a glorious time this week celebrating their New Year. Between the fire crackers and their pipe they have been more than busy.

WEEK BY WEEK IN COUPEVILLE

BY A. A. PERSON

A grandmother who remembers that she and her brother skated on Crockett's Lake 60 odd years ago. Unheard-of thing then, but the other day two of her grandchildren did the same thing and probably sat down on the ice to rest once in a while, just the way she did. How tempus does fugit, to be sure!

Shades of the immortal poets! O, What is "beautiful" about the snow?

Yes, it does look beautiful on Mount Baker and we wish it would stay there, and come no nearer for another year.

Printing Shoppe locked up as tight as a jug for two days, when Ye Editor and his better half sought relief from the bustle and hubbub of our burg in the quiet streets of Seattle. And Amy? O, she was prob'ly in the "bosom of her family" up at Lake Whadjercalle. Well, anyway, that's all Wright.

Ladies' Aiders meeting to do fancy work. None such forthcoming, so they had to endure the hardship of just talking. As to who talked the most—all that can be said is that there was no prize given. If there had been it might have gone to the one mere man present. Tho some of the wimmen folks tho it orter to have been awarded to the Priarie lady who brot the luscious whipt cream cake that was served with the eats.

Our plump business man tryin' to reduce by sawin' drift logs on the beach. Doin' his dailly dozen, so to speak.

An airplane flyin' so low over town that we're wonderin' if it ain't Leslie, tryin' to see how his best girl is getting along while he is up on high. And the maiden all forlorn? Why, maybe she is warblin', "O! had I the wings of a dove I would fly—"

City Dads one night in the Lib'ry with Little Dame Trott makin' it hot for 'em by keepin' up the fire. They looked comfy and fatherly, altho Harry is the only man jack of the bunch that has a chick, or a child, (and she a singleton,) at home. Hiz-zoner, however, has two of a kind to call him Daddy.

The manager of one of our stores says there's not a thing doing in the way of business and then turns around and hands out a treat—nice chocolates, too. Progressive man, that! Bound to get new goods on his shelves, even if he has to give away the old ones to do it.

Then there's another progressive: the tonsorial artist who gave Yours Truly a neck-trim the other day and wouldn't take a cent for it. Maybe his conscience wouldn't let him when the customer had so few hairs to be trimmed.

Talk about our merchants not being enterprising? Just go and look at the new-fangled machine that pastes gummed paper on parcels without Ollie's even having to lick 'em! Get a big beef steak and he'll show yer how it works.

Cold snap must have brot good health. Our M. D. was splitting wood one day. Doctor's prescription? No, but his little wife's, mebbey.

Not much excitement around town since the County paid out? Dollars for Court proceedings an' then didn't get a single thing to show for it. Nobody convicted o' nothin'!

A tall, handsome young stranger in one of the stores. When he said "Hullo," it proved to be our old friend Victor. Came down from the U. to see how his good grandmother was getting along in the cold weather. City air (not that he puts on any of that article in the plural!) seems to agree with him as he has well-nigh reached the six-foot mark.

One of our convalescent boys, who ought to walk uprightly, considertn his father's calling, losin' his equilibrium and sittin' down very sudden like in the frozen snow the other day, without gettin' a set-back thereby.

Some of the Improvement Club goin' to Everett last Saturday. Wonder how many got improved. Don't notice any city manners croppin' out in 'em—same good old bunch! But nobody knows, however, how they behaved in the city, only themselves and they won't tell!

The Hostess..

THE USE OF MILK

Every hostess is interested in the health of her family and guests as well as in the manner in which they are served. Milk is the best health food we have. From infancy on through all periods of growth it is our most valuable food. Growing children should have at least a quart each day and adults at least a pint. It is no small task for the woman whose family will not drink milk to supply this needed food to them, yet it should be done.

Milk and Left Overs

One of the best and most economical methods of putting milk into the diet is in the use of left-overs. Delicious dishes can be made which will entirely disguise the fact that left-overs are being eaten. Soups and chowders can be made with left-over vegetables and fish. Vegetables may be cut into small particles and combined with milk to form delicious soups. These soups are usually thickened by adding a little flour and butter blended together. The pulp of a vegetable strained through a sieve may be made into a puree by adding thickened milk.

Chowders are made with salt pork, potatoes and milk with any kind of sea food.

Such soups and chowders as these when properly seasoned provide a delightful first course for dinner or luncheon. With bread, butter and a fruit, a large bowl of soup makes a satisfying and nourishing lunch.

White Sauce Dishes

White sauce forms a base for the use of milk and also left-overs. Creamed vegetables, fish and shell fish are always welcome. Vegetables may be combined, used singly, or combined with fish. A particularly attractive dish is made with peas, green or canned, and shrimps. These are combined with white sauce and served on buttered toast. Such dishes as these make delightful main courses for a luncheon.

Baked dishes with a white sauce base are a boon to the busy hostess. Left-over meats, fish and vegetables are used to make escalloped dishes to take the place of a regular meat course. Recipes for these are available in most cook books and most any meat, fish, or vegetable can be substituted for the ones called for in the recipe.

Milk in Desserts

Delicious desserts can be made with milk and most any child loves custards, rice, cornstarch and bread puddings. Ice cream is as healthful as it is enjoyable.

Cottage cheese is a form of milk not to be overlooked. More muscle building food is contained in a pound of cottage cheese than in an equal amount of meat or eggs. With any fruit it makes a delicious salad.

Proper Care of Milk

Some important things to remember in the use of milk are to keep it cool and covered, never mix new and old milk and to keep milk away from other foods as it very readily absorbs odor and taste.

The National Dairy Council has prepared the following ten reasons why milk is our best food.

- 1 Milk strengthens the body to resist disease.
- 2 Milk contains lime, which helps build healthy teeth.
- 3 Milk keeps the digestive tract in proper condition.
- 4 Milk contains the vitamins needed for growth.
- 5 Milk supplies fuel the body needs for work.
- 6 Milk helps repair the wear and tear of the body.
- 7 Milk builds strong bones.
- 8 Milk prevents mal-nutrition among children.
- 9 Milk gives proper balance to a diet.
- 10 Milk gives more food values for less cost than any other food.

THIS WEEK'S RECIPE

CHICKEN PATTIES

Make a rich pie crust and cover under side of muffin tins to make patty shells. Bake to a golden brown.

- 2 cups diced cooked chicken
- ½ cup drained cooked peas
- ½ cup chopped mushrooms
- 2 tablespoons diced green or red peppers
- 3 tablespoons butter
- 5 tablespoons flour
- 2½ cups milk
- 1 cup rich chicken broth

Make a sauce of the butter, flour, milk and chicken broth. Add other ingredients, season and fill patty shells or serve on buttered toast.

To vary the recipe left over meat or fish may be used in place of the chicken and onions or another vegetable substituted for the mushrooms.

KINDNESS

Frances Holbrook Pfeiffer
Kindness seeks no recompense
For word, or thought or deed;
Brighter eyes and lighter steps
All other thanks exceed.

Kindness has a quiet way
That all may understand,
And offers, as the Master did,
A firm and gentle hand.

—From the Christian Science Sentinel.

Her many friends here are pleased that her poetry is receiving recognition.)

VETERAN STUDENT ENROLLS FOR TWENTY-FIRST TERM

To enroll for the 21st time in 22 years, Alexander B. Brooke returned to the college of Puget Sound in Tacoma this week.

"Daddy" Brooke is a bachelor orchardist of Hood River, Oregon. Kept busy with his orchard he still finds time for a few weeks' study at the college each year.

This persistent gentleman has some hundred credits to his name and while he has not yet graduated, he intends to study until he does get his degree. He has majored in history and the chief reason he has not graduated before is due to the fact he chose his course in rather a promiscuous manner that his fancy dictated instead of getting all the requirements to complete his course. His school semester is six weeks a year.

Brooke is quite a student of Lincoln and he has been greatly helped in this particular study by the only professor still in college who was here when Brooke first enrolled at Puget Sound. That professor is Senator Walter S. Davis.

"Daddy" Brooke as the younger students favorably call him, has watched other professors come and go, the school grow, but still he comes and earnestly studies for a degree.

LEGAL NOTICES

HARD LUCK DOGGING OAK HARBOR QUINTET

Triple-header Dropped to Langley And One Point Spells Defeat With Tolt

Hard luck seems to be dogging the Oak Harbor Wildcats' trail this season.

Last Friday at Langley the Harbor team dropped all three games of a triple-header to the Sharks. The previous weekend the Wildcats were nosed out in three tussles by Coupeville.

Heart Breaker

The big game at Langley was a heart-breaker for Oak Harbor the game being lost to the south end team 16 to 12 in the last few minutes of play.

Mayor was the star of the game. He not only held Smith, the Langley flash, scoreless but himself garnered four of his team's points. Mackie and Wildes, guards, were high men of the evening for the winners each sinking ringers for six counters each.

Reserves Lose

The Oak Harbor reserves fell before a close-checking Langley second team 9 to 7, while the Langley girls emerged victorious over the harbor girls 28 to 14. Teamwork was directly responsible for Langley's success.

These two straight defeats, by Coupeville and Langley, virtually eliminates Coach Hageness' purple and gold hoopsters from the county running. What breaks there have been seem to have been against Hageness' teams for they are well coached and play a caliber of ball equal to other county teams.

The summary of the game follows: Langley (16) Oak Harbor (12) Smith F Vanderzicht (3) Fossat F Mayor (4) Francois (4) C Keister (3) Mackie (6) G Auvil (1) Wildes (6) G Oldenburg (1) Substitutions: Langley—Patton for Wildes; Oak Harbor—none.

Personal fouls: Langley—Fossat 2, Francois 3, Mackie 3, Wildes 4; Oak Harbor—Vanderzicht 1, Mayor 2, Auvil 2, Oldenburg 2. Referee—Hatley of Seattle.

TOLT TURNS TABLE

The warbling notes of a timekeeper's whistle spelled defeat for Oak Harbor in its return game with Tolt high school last Saturday. The final score was 28 to 27.

Oak Harbor, tired from its game of the previous evening with Langley, travelled to Carnation and ran into its third consecutive loss.

As the game was drawing to a close the Wildcats were forging ahead. The rally was bearing fruit and the count was brought up to within one point of a tie. A basket and two points were in the making when the timekeeper's whistle sounded the end of the struggle. The player shot and made the loop but it was a split second too late.

CAMANO ROADS TO BE GRADED, SAYS BROWN

Commissioner M. T. Brown, of Island County spoke to the East Stanwood Commercial Club recently. He declared that during the coming summer the road to Island points leading from Stanwood would be straightened. Beginning at the bridge a new grade would be made leading toward Land's hill. This road will be 26 feet in width enabling motorists to reach the summit of the hill without taking the curve as is necessary now.

The state and county have had some misunderstanding concerning the appropriations for this work but Commissioner Brown feels certain that the work will go ahead as planned.

Brown is working to complete an organization of the commissioners of the seven northwest counties of Washington. He hopes to have this done soon.

The best brood sows are medium to large individuals and display an active disposition. Short and fat or extremely lanky sows are undesirable.

EDITORIALS

LAST SEMESTER

This, as we all know, is the last semester of school this term. This semester should be a lot to all high school students. To the graduating seniors it will mean their last in this school. To the other classes in school it will mean a last effort at their present subjects. To the school it will mean a last attempt to make this year a big one.

With the plays, athletics and social events that are coming up it will mean a chance for every one to make this year go over in a grand style. Lets have everyone get out and do their share in making it a success.

THANKS

The Coupeville High School wishes to thank the fine crowds that have been filling the gymnasium at the basketball games. It shows that the community is behind its teams and as a result the teams will try hard to deliver the brand of ball the crowd pays to see.

The JOKSTER

The weather is cold and the breeze is bold
As it sweeps from ground to steeple,
With heads dumb and fingers numb
We're just God's frozen people.

Mrs. Smith: "Joe, use dimension in a sentence."
Joe: "Dimension me in his last letter?"

Prof. Lauderdale: "McKay, name a liquid that won't freeze."
McKay: "Hot water."

Mr. Lauderdale, after lecture on Physics: "Now are there any questions?"

Frances B.: "How would you find the horsepower of a donkey engine?"

Mrs. Smith: Now tell me why you laughed aloud in the study hall."
Johnny L.: "I didn't mean to."
Mrs. S.: "You didn't mean to?"
Johnny L.: "No, I laughed up my sleeve and I didn't know that there was a hole in my elbow."

DAIRMEN'S CONVENTION WILL BE IN CENTRALIA

The annual convention of the Washington State Dairymen's association will be held in Centralia on Wednesday, February 5. A splendid program has been arranged for the dairymen who will meet in the Elks Temple. Members of the breeders association will meet the preceding Tuesday. It is hoped that a large number of representatives of Washington's growing dairying industry will be assembled.

Hon. Albert S. Goss, master of the state Grange will be the banquet speaker Wednesday evening.

With the high price of feed and low price of their principal product, butter, Pacific northwest dairymen are experiencing a hard winter. This convention will deal with questions of vital importance to the future of their industry.

BENEFIT DANCE BILLED FOR SAT. AFTER GAME

Affair Will be Held in I. O. O. F. Hall to Help Swell Athletic Fund

The biggest dance of the year will be given tomorrow night, Saturday, February 1, after the Port Townsend basketball game.

The dance is for the benefit of the athletic fund. It will be given in the I. O. O. F. hall. The committee in charge has selected Wally Benson's Jazz Hounds to furnish the music so nothing in a musical way has been over-looked.

Price of the dance is nominal. The main idea is to attend and have a good time.

The committee in charge of the dance comprise Ray Scougale and John Brower. Lel Mitchell is the food committee and she promises an early supper with enough for all.

BANQUET PAYS TRIBUTE TO COUPEVILLE LETTERMEN

Wednesday, January 29, the Coupeville high school Girls' Club entertained the football and basketball lettermen at a banquet in the home economics room which was decorated in red and white.

The centerpiece was cleverly arranged as a football field with the Wolves battling their opponents to a stand still. Red candles and attractive football place cards added to the setting of the table.

The four course dinner consisted of fruit cocktail, molded vegetable salad, meat loaf, baked potatoes, squash, hot rolls, whipped jello, cake and coffee.

Besides the lettermen the guests were, Dr. and Mrs. Roy McCartney, Mr. and Mrs. Preston Wright, Mr. and Mrs. R. L. Lauderdale and Mr. Fish, the coach.

HONOR ROLL

On the Honor Roll last six weeks were four Freshmen, three Sophomores and four Seniors.

4 A: Robert Pratt, Dorothy Morris, Melva Magnuson, Betty Engle.

3 A, 2 B: Arthur Vane, Ruth Armstrong, Wilma Morris, Jack Engstrom.

2 A, 2 B: Joe Arnold.

1 A, 3 B: Leona Solid, Daryl Willard.

On the semester Honor Roll are four Freshmen, three Sophomores, one Junior and five Seniors.

4 A: Dorothy Morris, Betty Engle, Jack Engstrom.

3 A, 2 B: Arthur Vane.

3 A, 1 B: Ruth Armstrong, Robert Pratt, Wilma Morris.

2 A, 2 B: Melva Magnuson, Joe Arnold, Leone Willard, Leona Solid.

4 B: Winabel Jackson.

1 A, 3 B: Daryl Willard.

A. R. GARDNER TO QUIT STATE EFFICIENCY POST

Olympia, Jan. 23. (UP)—A. R. Gardner will resign as state director of efficiency on February 15 to accept a position with the Washington Savings and Loan League as executive secretary.

"This action is in entire friendliness to the present state administration and is prompted solely by a desire to better my condition," he explained in making the announcement.

Gardner, formerly a weekly news paper publisher, first came to Olympia in an official capacity to accept appointment with Governor Roland H. Hartley as private secretary in 1925 but resigned later, only to return as director of efficiency during the Hartley recall campaign.

FOURTH PLACE HONORS WON BY DEBATE TEAMS

Coupeville high school had a very successful debate season this year. The members of the team and the coach are to be highly complimented on their efforts.

Coupeville tied for fourth place in the Northwest district. Fairhaven high school won first place with four unanimous victories. Anacortes and Ferndale each won three debates and Everett tied Coupeville for fourth place.

The affirmative side of the question received 63 judges' decisions while the negative received only 33. The question was really not debatable after the Carnegie foundation report came out, because all the odds were in favor of the affirmative.

JUNIOR CLASS MEETING

Last Friday afternoon the Junior class met to talk over plans for the annual Junior Prom.

A committee of three was appointed to inquire about the hall so that we can determine the exact date as soon as possible.

Leone Willard, Desmond Straub and Bill Byrd were named on the committee.

SENIOR CLASS MEETING

A senior class meeting was held last Friday, for the purpose of starting plans for the annual. A committee was appointed to get a contract with some company which prints annuals so that the work could progress. Reporters have been appointed to write up all athletic and social events as they take place so the annual can be completed before the school term ends.

The delegates who attended the High School Leaders and Journalists Conference at the University of Washington in November brought back many new ideas which they plan to use this year.

VODVIL! VODVIL!

Haven't you been yearning and longing to meet the Gumps, the Jiggs and all the rest of the comic characters?

Well, we'll let you in on a big secret. They are going to be at the I. O. O. F. hall very soon. They are brought here through the C. H. S. Girls' Club.

And that isn't all—oh, my, no! There are just oodles of surprises in store for you. Come and see one of the best little acrobats this side of the Rockies—you'll surely get the thrill of a life time.

A performance like this has never been seen on Whidby Island. It is a new idea conceived and executed by the cleverest and most brilliant of Coupeville High's assembled talent.

Vic N.: "Where's Glen Lynch?"
I haven't seen him at school for a week."

Knight S.: "I guess his new skates have come."

PACK DEFEATS BAPTISTS IN TIGHT GAME 18-16

Everett Players Penetrate Coupeville Air-tight Defense But Fail to Win

By Hollis Stoddard

A very exciting game was played last Thursday with the First Baptist church of Everett, Coupeville led the first quarter by a 10 to 0 margin. This period featured close checking on the Pack's part. Then in the second quarter their opponents succeeded in breaking the Pack's defense and the half ended 10 to 10. All during the second half it was nip and tuck for first place. First Coupeville was ahead and then the Baptists. The game ended with the score 16 to 18 in favor of Coupeville.

An argument was brought up by the Baptist coach about a basket that was shot after the time keeper's whistle had blown, but this argument was settled in Coupeville's favor as soon as a rule book was obtained.

Seconds Drop Game

The Everett Baptist second team boys played a very fast and interesting game of basketball with the Coupeville second team boys. The final scores were 9 to 7 with Everett as victors.

Chuck Stanton was center; forwards were Pierce and Joe Colwell; guards were Vick McKee, and Joe Venson.

For Coupeville, Mickey Clark was center; forwards were Joe Arnold and Johnny Brower; guards were Knight Smith and Daryl Willard.

No scores were made by Coupeville during the first and second quarters and the Everett boys made 6; Pierce made 3 points and Stanton 3. In the third quarter Coupeville made 3 Mickey Clarke 1 and Daryl Willard 2. Everett made 2 by Pierce. In the last quarter Coupeville made 4 3 points by Joe Arnold and 1 by Johnny Brower, and Joe Colwell made 1 for Everett.

The summary and lineup follows: Coupeville (18) Baptists (16) Davies (7) F McAllister (4) Whalen (4) F Dobbler (4) Edmundson (4) C Green (4) Jenne (3) G Ken Stoddard G Estie (2)

Substitutions: Coupeville—Clark for Whalen; Baptists—Purce (2) for Kent.

Personal fouls: Coupeville—Whalen 2; Baptists—McAllister 1, Green 1, Estie 1.

Referee—Lew Berry.

BASKETBALL JERSEYS CHRISTENED WITH WIN

The new basketball jerseys arrived last week, completing the new suits. These suits had to be christened so the boys put them on Thursday evening and defeated the Everett Baptists for partial christening, but intend to further christen them against Langley, here, Friday, and against Port Townsend, also here, Saturday.

..SOCIETY..

FORMER RESIDENT IN TOWN
Mrs. William Lancaster, (Sophie Kaehler) has been spending a week or more with her sister, Mrs. Thomas White. She went to Anacortes on Tuesday to visit her friend, Mrs. Earl Cahall, (Alice Kellogg.) Mrs. Lancaster and Mrs. Cahall will both be remembered by many as they spent their girlhood on the prairies adjacent to Coupeville.

Mrs. Lancaster and her husband, recently deceased, also resided at Fort Casey, having had charge of the Post Office there for several years. They left the fort a few years ago and took up their residence at the southern end of the island.

MRS. RUTHFORD ENTERTAINS
The Wednesday Afternoon Bridge club met with Mrs. Charles Ruthford this week.

SOME ECONOMICS

Beginning last week, the cooking class changed to sewing.

Two of the class, Frances Barnes and Winabel Jackson, will take advanced dressmaking.

The rest of the class are now "entangled" in the various stitches, etc.

Those in the sewing class this semester are: Frances Barnes, Winabel Jackson, Louisa Brower, Nina Sherman, Arthuretta Toller, Ruth Armstrong, Ione Webster, Dorothy Morris, Isabelle Libbey, Henrietta Capaan, Freda Larson, Alyce Peterson and Lyla Davies.

Dorothy Mitchell: "My sister Lel has four other beaus."

Suitor: "But I have never seen any of them."

Dorothy: "Me neither but she gave me a dollar to tell you that."

Camp Fire Girls

The Camp Fire Girls had a game of basket ball with the Hi School Girls Thursday night after school. The score was 46 to 1 in favor of the Hi School. We had only had two practices before so it wasn't so bad.

We also had a party and Council Fire combined. It was held over at the basement of the Congregational church last Friday night. Fun was had by all. Refreshments were served at 9:00 o'clock and after refreshments we adjourned.

THE DOVE

By Verna Dremolski

The sky was oh! so blue above,
The grass so green below,
And on its wings,
A little dove, went to and fro,
He first went to a sparkling brook
That played so merrily
Upon a green and grassy slope
That stretched to the shining sea.

GREENBANK NEWS

By Gladys M. Dahlman

Mrs. Autio and son Walter are visiting in Seattle at the home of her sister.

The seventh and eighth graders who took their mid-year state examinations passed successfully.

Mr. and Mrs. Ernie Foster and Mrs. Larson were in Langley on Saturday.

Anne Engstrom Reischman of Seattle is spending a week's vacation at the home of her parents, Mr. and Mrs. Alex Engstrom.

Mr. and Mrs. Ernie Foster were guests at the Bakken home on Sunday evening.

A number of people from Greenbank went to Langley on Friday evening to see the basket ball games between the Langley and Oak Harbor high schools. Among them were Mrs. Magnuson and daughter Melva, Mrs. Scougale and Elsie and Raymond Scougale.

Mr. Alex Muir and daughters Helen and Frances and son Alex have moved to Seattle.

Mr. Raymond Scougale spent the weekend in Everett.

MABANA NOTES

By Mrs. L. G. Finn

The road work is slowly progressing from South Point.

Mr. Chas. Clements is recovering from an attack of illness.

Mr. Nils Anderson has so recovered that he has left the Providence hospital in Everett.

Mrs. Castle Voris from Honolulu, Hawaii, is with her parents, Mr. and Mrs. C. C. Ecklund, while her husband, Lieut. Voris, went to New York via the Panama Canal.

Mrs. Chas. Lines was a dinner guest at the Cornell home last Sunday.

Mr. and Mrs. J. Erens of Seattle spent a few days at their summer home. Mr. Erens thinks the cold an incentive to clearing his land as he had to work to keep from freezing.

F. A. Swanson is better from a bad cold.

Mr. J. McHaffee is improving and he and Mrs. Mc hope to return to their Mabana home in February.

Though Oliver Jordan had to have the attendance of a physician from Stanwood while he suffered from stomach trouble and a bad cold, he is better.

Mabana's source of a livelihood, cream and egg production, is holding steady in spite of cold weather.

NOTICE TO SUBSCRIBERS

After this issue copies of the Island County Times will be sent only to paid in advance subscribers.

Oil Abandoned

Bellingham's citizens committee, after spending \$700 on drilling for oil, has abandoned work for lack of money. Announcement has been made, however, that private concerns will continue drilling.

POSSESSION POINTS

By M. J. Payne

A good crowd attended the Old Time dance at the hall Saturday evening. Plans for a card party and dance to be given Feb. 8 were made. Admission is to be 25c.

Misses Anne Oates and Bessie Horrigan were Everett shoppers on Saturday.

Mr. and Mrs. Wilson Smith recently returned to their home place.

Mr. and Mrs. Adolf Watson left Monday for Los Angeles and other points in California. They will visit Mr. Watson's sisters, Mrs. Mary Ballard and Mrs. Carl Hebbe and family, who live in Los Angeles.

Mr. Fred Munson visited the Stephens home in Snohomish, last week.

Mr. Homer Stephens came to his beach home last Sunday, driving from Snohomish to the top of the hill.

Harry Armstrong, who is working in Seattle spent the weekend with his mother and sister here.

Mr. Alfred Lyberg's brother from Michigan is visiting here.

Mr. and Mrs. James Chilberg came from Seattle Saturday, returning on the "Atlanta" Sunday.

SAN DE FUCA NOTES

Mrs. Ellen Moore, who has been living at Hotel Benson for the past year has moved to Seattle.

Capt. and Mrs. S. Martin and John were Seattle visitors during the week.

Miss Irene Dorland was a week end visitor to Anacortes.

Sidney C. Barrington spent several days with his mother, Mrs. Power, who has been ill. Mrs. Power is improving.

Miss Ruth Armstrong was an over night visitor with Katherine Clark Thursday.

A. D. Smith was a visitor to Seattle and Vancouver, B. C. this week. Little Bobbie Armstrong has been sick, but is improving.

Quite a number have been absent from school the past week on account of colds.

Mrs. Lee visited with Mrs. Armstrong Thursday.

Victor Robert and Dale Benson were in Seattle recently.

BAY VIEW NEWS

By Cecelia Stanlake

Arthur Burke has been unable to attend school the last week on account of a cold.

A number of friends of Mrs. Margaret Ribby surprised her Friday afternoon with a birthday party. The following guests were present, Mrs. R. Olson, Mrs. Frank Olsen, Mrs. George Smith, Mrs. Earl Stanlake, Mrs. Howard Wooluam, Mrs. Freda Frasier, Mrs. Fred Anderson and Mrs. Lee Yoder. A lovely luncheon was served at 4:00 o'clock.

Bill Gildow was in Seattle Friday. Mr. and Mrs. Ed. Metcalf had a Sunday dinner guests, their three daughters and their husbands, Mr. and Mrs. George Quigley, Mr. and Mrs. George Furman and Mr. and Mrs. Harry Furman.

ISLAND BOY 11 YEARS OLD

WOULD BE MANUFACTURER

Toy making, has been chosen as his means of supporting a sister and stepfather by Leland Temple, 11 year old boy. Leland lives at Wenonah beach, with his sister and step father, O. W. Hutson, who is ill. He attends school at Oak Harbor.

His clever workmanship has attracted public attention and motion pictures have been made of him at his work bench. Leland hopes soon to have enough saved to buy a small jig saw and become a real manufacturer.

MRS. HAROLD JOHNSON PASSES

Mrs. Harold Johnson, formerly of Ebey's Prairie, was a recent victim of that dread scourge, tuberculosis, having passed away in Everett last Saturday. Funeral services were held in there the following Tuesday. The deceased and her husband left the island a year or two ago after a few years' residence on the prairie. While here they made many friends, who unite in regretting her untimely death and who tender their sincere sympathy to her bereaved husband.

Mrs. Johnson was a devoted Christian, endeared to her many friends because of her cheerful disposition.

Following the funeral services in Everett, from the Purdy Undertaking establishment, the body was taken to Council Bluffs, Iowa, for interment. Her mother and husband accompanied the body.

FARM FLASHES

In establishing a permanent pasture, the grasses should be sown in the fall, but the clover should be held over until spring.

Over-feeding of skim milk and alfalfa hay, or filth in pens, mangers and feed buckets are the causes of most calf troubles.

The marketing of low quality milk and cream results many times in the manufacture of inferior grades of dairy products.

The longer the delay in fertilizing pastures, the more difficult and more expensive it becomes to replace the fertility that has gone.

Summer cottons and linens, washed and rough dried, should be packed away for the winter, without being starched or ironed.

Hungry hens usually aren't profitable layers. They need a full feed of grain in the afternoon to last them through the long winter nights.

Land can never build up in fertility as long as plant food is washed away into the ditches, creeks, rivers and out into the ocean.

Apply fertilizers in the late fall or winter in order that the rains or snow may be used to advantage to take the plant food into the soil.

Clean milk put into a sterile container and packed in ice will remain sweet for weeks. On the other hand, milk which is not cooled and kept cool may sour in a few hours.

The best indication of natural tenderness in meat is "marbling" or the distribution of particles of fat through the lean.

ROUND TABLE TO MEET

Ladies of the Round Table of Coupeville will meet next Tuesday, Feb. 4, at Mrs. Flora Engle's. Mrs. Morrill will have charge of a program on International Relations.

NOTICE TO ADVERTISERS

Beginning with next week's issue, February 7, advertising rates in the Island County Times will be as follows:

Display advertising; local—25c per column inch; foreign—30c per column inch; Times Specials—5c a line (minimum charge 25c.)

CENSUS BUREAU GIVES

LOW-DOWN ON BIRTHS

At 10:45 a. m., January 22, the population of the United States was estimated at 121,951,856 by the census bureau. The immigration bureau gave out the following information:

One birth every 13 seconds.
One death every 23 seconds.
One immigrant enters the U. S. every 5 minutes.
Average increase in population is one person every 33 seconds.

Harbor Club to Entertain

The Oak Harbor Commercial club has invited delegates from the Coupeville Improvement club to attend its session next Wednesday evening. The Mount Vernon Chamber of Commerce will put on a program of music and stunts. Hot coffee will be served. Coupeville is expected to send a large delegation.

PERSONALS

Mrs. Julia A. Trott, Coupeville's efficient librarian, was confined to the house for a few days the last of the week with a touch of pleurisy. Mrs. Black substituted in the library last Saturday afternoon, but Mrs. Trott was on duty again Wednesday.

Mrs. F. O. Maxson has had the south end of her front porch housed in in order to get protection from the winds from that quarter that ordinarily prevail this season of the year. Mr. Holbrook did the work.

Mrs. Geo. Mitchell spent a couple of days in Everett and Seattle the latter part of the week visiting her son, Howard, and her daughter, Mrs. Harold Boucher, and their families.

Francis Hastie while returning home from school last Wednesday, tripped on a loose board in the sidewalk, fell, and painfully injured his right hand.

Mrs. J. J. Jacobs has been ill for the past three weeks. Her many friends will be glad to know that her condition has slightly improved during the last week.

Mr. and Mrs. Carl Dean spent Friday and Saturday of last week in Seattle. Dean attended the annual dealers' formal showing of new Hudson's Great 8 and new Essex Challenger. The dealers' meeting and luncheon was held at the Olympic hotel. While Dean was attending the showing Mrs. Dean visited her brother, Dr. V. K. Hancock and family.

Stanley Hovland spent the week end with his mother, Mrs. Bert Arnold. Stanley is a freshman at the university and has just completed his second quarter.

REBEKAH CARD PARTY

OPEN TO THE PUBLIC

Committees are at work in preparation for the card party to be given Tuesday evening February 4, in the I. O. O. F. hall by the Rebekahs.

Mrs. Georgia Sullivan, Mrs. Berenice Vane and Mrs. Ethel Smith are the card party committee. The supper committee includes Mrs. Mary Morris, Mrs. Hazel Sullivan and Mrs. Clara Stodard.

This card party is open to the public. A nominal fee will be charged at the door and a good time is assured.

Sgt. Kottke Has Birthday

A most enjoyable evening was spent at the home of Sgt. Kottke at Fort Casey last Sunday evening when twelve of his friends surprised him by calling to help him celebrate his birthday.

The evening was pleasantly spent with games, music and social chatter. At a late hour a delicious luncheon was served by the hostess, after which the guests departed, wishing the Sgt. many more such happy birthdays.

Those present at this jolly affair were, besides the host and hostess, Messers and Mesdames Garriott, Robert Partridge, Gus Reuble, Lloyd Pearson, Sgt. and Mrs. Whalen, and Sgt. and Mrs. Haar.

PERSONAL

Mr. and Mrs. Ora Patmore attended the funeral services of Mrs. Harold Johnson in Everett last Tuesday.
