

Just Among Ourselves

This morning, for the 'steenth time since first I came to Coupeville to make my home, I felt proud of the town I live in.

I had just finished reading an advance proof of a full-page Sunday magazine article that will appear in about 50 large newspapers, throughout the United States, December 18.

That full-page article was a description of the annual Coupeville Water Festival, written by Bob C. Hayes of the Washington State Progress Commission.

As I read that article, I realized that there probably is not another town the size of Coupeville in this entire country that can command that much space from a syndicated magazine section.

So far as money is concerned, that magazine section article may never mean an additional penny in the pocket of any of the scores of Coupeville people who have labored to make the Water Festival a success.

I, myself, believe that the publicity will mean dollars and cents to us. But, whether or not it does, the money is not the important factor.

The really important fact is the national recognition of the work that our friends and neighbors have accomplished.

To continue making our Water Festival deserving of success, we should try not to regard them as a profit-making scheme.

Instead, we should make them productive of the deeper satisfaction that comes from knowing that we have done something. With our own hands, we have built an institution where nothing existed before. We have created!

I regard as a side-issue the fact that, as long as the festivals continue to grow, they probably will make money.

But their main interest to us should be the fact that, aside from the daily hum-drum of eating, sleeping and earning a living, we have created something. And if we are not willing to accomplish something out of the daily rut once in a while, why live at all?

Round Table Club Meets at Maxsons' For Study of Arts

COUPEVILLE — Meeting Tuesday afternoon at the home of Mrs. Frank Maxson and Miss Evelyn Maxson, Ladies of the Round Table heard a program dealing with the theme of fine arts.

Mrs. Fred Armstrong reviewed the Northwest art exhibit at Seattle Art Museum in October. Mrs. Armstrong is an artist in her own right, as her work has been exhibited at Frederick and Nelson's and other exhibits.

Mrs. E. V. Putnam interpreted folk dance music through compositions of great pianists. Her talk was illustrated by compositions from Paderewski, Mendelssohn, Percy Grainger and Gluck.

An article was read about the contributions of Andrew Mellon to art. Mr. Mellon donated a \$50,000,000 collection to a government art gallery in Washington. In addition, he contributed \$20,000,000 for construction of the gallery and \$5,000,000 for upkeep and new purchases.

Mrs. H. G. Knowles, fine arts chairman, was in charge of the program. Next meeting of the Round Table will be a Christmas party at the Maxson home December 20.

COUPEVILLE—Members of Whidby chapter, Daughters of the Pioneers of Washington, will hold their Christmas meeting at the home of Mrs. Julia Hancock Friday afternoon.

Bedclothing Needed For Poor Families

COUPEVILLE—While most of us are keeping warm and comfortable during these winter nights, a few unfortunate families, including several with small children, have inadequate bed clothing for their needs.

The welfare department is unable to furnish bedding requirements for these families. But anyone having bed clothing that can be spared may rest assured that it will be put to good use by merely calling the welfare office. Members of the department will call for the donations and redistribute them to those in need.

CHENOWETH TELLS OF RRA ADVANCES AT CLUB MEETING

Setup Designed to Aid Farmer with Small Resources

COUPEVILLE—Work of the rural rehabilitation division of the Farm Security Administration was described by John Chenoweth, district supervisor, at the meeting of Coupeville Lions club in the Starwana hotel Wednesday evening.

The rural rehabilitation program, started in 1934, is designed to give direct government loans to small-income farmers who are unable to obtain commercial loans, Mr. Chenoweth explained.

Loans come under three classifications, Mr. Chenoweth said: for farm debt adjustment; for co-operative ventures to buy machinery or stock that could not be financed by a single farmer; and rehabilitation loans for purchase of livestock, machinery, feed, fertilizer, payment of taxes or rent, re-financing of debts, purchase of household furniture, food or medical services.

Loans to Island County farmers have totaled \$34,464, the speaker said. The money was loaned to 43 borrowers. Of the total, \$10,465 already has been repaid. In only three cases, has liquidation been necessary, and in all three, the liquidation was voluntary on the part of the farmer.

Program Chairman I. H. Markuson announced that the Lions will definitely hold their Ladies' night meeting next week. Details will be announced later.

President L. A. Wanamaker presided.

MRS. THOMAS ESTLE INJURED IN MISHAP

The mishap occurred in the downtown district. Mrs. Estle was a passenger in a vehicle driven by Mrs. G. A. Baldwin, 60, of Seattle. Charles Rigney also of Seattle, was driver of the other automobile.

Witnesses declared the accident was unavoidable. Mrs. Estle was taken to Seattle General Hospital. No one else was injured.

Sheriff Recovers Stolen Club Sign

COUPEVILLE—The Lions' Club road sign, which vandals removed from its location south of Coupeville Halloween night, has been recovered by Sheriff Tommy Clark.

FINAL INVITATION ISSUED TO PUBLIC FOR BIG '49 EVENT

Coupeville Celebration Planned for December 10

By W. P. Whiteside
COUPEVILLE — December 10 has been set for the date when a hectic era of the past will be dramatized by the public at Coupeville. O. O. F. hall.

Out of that era will appear the reincarnation of its gold-digging, gambling, hilarious characters in broad-brimmed hats and leather boots.

Yes sire! From the unknown a message has been received that the spectres of such unique characters as Chuck (Check) Rutherford, Puglist John Sullivan, Pokie Face Frost, Windy De Haven, Big Bluff Markuson and Pat Hand Billy King will be there seeking the elusive royal flush.

The event will be held Saturday evening, December 10. The committee-men, Jack Frost, I. H. Markuson and E. E. De Haven have said so, and they really know their stuff.

Sheriff's Children Prove to Be Chips Off the Old Block

COUPEVILLE—Kathleen Clark, 11; Jimmy, 9; and Dorothy, 4, are chips off the old block. And the old block, in this case, is Sheriff Thomas W. Clark.

When the Clark children were out playing Monday afternoon, they observed a truck stop in front of the home of Dick Snyder. A youth got out and grabbed a quart and a half of milk that had just been delivered to the Snyder home.

The Clark children rushed up to Dick Snyder and reported the theft. He asked them to relay the news to their father, so home they went, a mile a minute (more or less).

Armed with the description given by his children, Sheriff Clark rounded up the young culprit and his companion in a very few minutes.

The theft proved to be their first offense, so they were released, with a severe reprimand, in a few hours and headed for their homes in Anacortes. They're probably still wondering how Island County law caught up with them so quickly.

Turkey Shoot Planned Sunday, December 18

COUPEVILLE—Whidby Skeet Club announced Thursday that it will sponsor its second turkey shoot of the current season Sunday, December 18, at the Art Kineth farm.

The event is scheduled to begin promptly at 10 a. m. Besides straight trap shooting, other forms of entertainment will be available for non-hunters. Coffee and sandwiches will be on sale.

A previous shoot, sponsored by the Skeet Club last month, was outstandingly successful.

WCTU Will Sponsor Cooked Foods Sale

COUPEVILLE—Members of Coupeville Woman's Christian Temperance Union will sponsor a cooked foods sale Saturday, December 10, at the library. Hours will be 2 until 4 p. m.

Among the articles to be on sale are cakes, pies, buns, cottage cheese, cookies and many other delicious home-cooked foods. The sale is being held to raise money for the W. C. T. U. alcohol education fund.

Mrs. Ed Jenne and Mrs. Will King will be in charge.

A. Schultz, Glendale, Is Discovered Suicide

FIRST JURY CASE SET FOR DEC. 12; 4 WILL BE HEARD

State's Case Against G. Greeno Heads De- cember Docket

COUPEVILLE — The first of four cases in Island County's December superior court term will come to trial Monday, December 12.

The first case will be that of the state vs. Gerald Greeno, charged with grand larceny. Greeno is accused of stealing a \$75 harness from R. P. Engle of Coupeville. In the second case, the state will attempt to convict Frank Kennedy of grand larceny, also as a result of the harness theft.

The damage action of F. E. Galbreath, against Island County, is slated for December 13.

December 14 has been set as trial date for the case of Louis Larson vs. Sheriff Thomas W. Clark. Larson is seeking \$3,000 damages, charging false arrest.

10 UNMARRIED MEN ARE LAID OFF WPA

COUPEVILLE—In accordance with national and state reductions in WPA personnel, ten single men have been laid off in Island County by the WPA.

Another man, 65 years old, has been dropped from WPA and will be checked for eligibility to old age assistance. The layoffs were effective December 2.

No persons, who were not on WPA rolls before, have been assigned to Work Progress projects since September 27, according to Welfare Administrator I. H. Markuson. No assignments are being made for men who have been off longer than six months, except in case of illness.

No further assignments will be made unless the number of men on WPA within this district drops below the district quota set by the state. The district includes Island, Snohomish, Skagit, San Juan and Whatcom counties.

The cut in WPA personnel, Mr. Markuson emphasized, is nation-wide. The state of Washington has adopted, as its system for reducing the number, the dropping of some of the unmarried men employed by WPA.

Catholics Requested To Attend Gathering At St. Mary's Church

COUPEVILLE—Father J. E. O'Brien, pastor of St. Mary's church, Coupeville, has requested all members of his congregation to meet Sunday, December 13, at the church immediately after services.

The meeting is being called for special purposes, Father O'Brien said, and every member of the parish is asked to attend morning devotions and be present at the important meeting afterward. All members from Oak Harbor also are asked to attend, he said.

December 8 is a holy day of obligation in the Catholic church, the feast of the Immaculate Conception of the Blessed Virgin Mary. Mass will be celebrated in St. Mary's church, Coupeville, at 10 a. m., Father O'Brien has announced.

Incumbent Councilmen Re-Elected by Voters

COUPEVILLE—Coupeville's three incumbent councilmen who were up for re-election were returned to office by the 66 voters who balloted at the town election Tuesday.

The official count was: J. W. Libbey, 51; Elmer E. Calhoun, 43; A. K. Capaan, 36. Other candidates were Clarence M. Sweeney, 33; James Stoddard, 24; and H. W. Maynard, 1. Mr. Maynard was not one of the 66 persons who voted.

Lida-Belle Hauschildt, unopposed for re-election as treasurer, was returned for the one-year term with 55 votes. Election officers were W. H. Edmundson, inspector; Mrs. Lyle Zylstra and Mrs. Calvin Libbey.

COUPEVILLE—With all indications pointing to suicide, A. F. Schultz, 55, was found dead Thursday afternoon in his shack on the Glendale-Maxwellton road.

Death was caused by a self-inflicted bullet from a .38 automatic. Schultz apparently had put the muzzle of the gun in his mouth and pulled the trigger once. The bullet passed through his brain. The revolver lay on the floor near his right hand.

Near the body was also a shotgun. Schultz's hat, on a trunk, had been used to prop up a mirror. Apparently, according to Deputy Sheriff Norman Quigley, who investigated, the suicide had first planned to use the shotgun, then substituted the small gun.

Neighbors testified that Schultz had been despondent for some time.

Near the body, a farewell note was discovered. The complete text was:

"This note is all to my sister, Mrs. Toney Glenzar, Grunton, Wisconsin. All savings post order in Seattle, Everett, Spokane. All to my sister, Mrs. Toney Glenzar, Grunton, Wisconsin, Route 7. A. G. Schultz. I am too nervous to live alone, just misery, so Goodbye, World."

\$14.35 was found in the shack.

The body was discovered Thursday afternoon by a neighbor, Roy Matson. Mr. Matson notified Deputy Sheriff Dave Gibson, who in turn called the sheriff's office at Coupeville.

Deputy Sheriffs Norman Quigley and Perry Grove made the investigation. Dr. A. O. Brewer, after examination, declared that Schultz had been dead about 24 hours.

The body was taken to the Swedberg Funeral Home. The sheriff's office knows of no surviving relatives except the sister.

Schultz, whose cottage stood on a 20-acre farm owned by himself, had been a resident of the vicinity for the better part of the past 18 years.

Services were held Tuesday afternoon at the Swedberg Funeral Home, with the Rev. J. Fletcher Long officiating. Burial was in Langley cemetery, under the direction of B. H. Swedberg.

SARAH BARTLEY RITES ARE HELD AT CHAPEL

Had Been Resident of Langley for Only One Week

LANGLEY—Funeral services for Mrs. Sarah N. Jones Bartley of Edgecliff Drive, were held at the Swedberg Funeral Chapel in Langley Saturday, December 3. Rev. J. Fletcher Long of Coupeville officiated. Burial was under the direction of the Swedberg Funeral Home.

Mrs. Bartley had resided in Langley just one week before her death. Previous to that she had made Austin her home.

Mrs. Bartley was born near Rexham County, Denbigh, North Wales, February 21, 1875. She was a member of the Wesleyan Methodist Episcopal Church.

On November 26, 1901, she became the bride of Wm. Bartley and to this union two daughters were born; Mrs. Gwendolen Dettrich of Langley and Mrs. Margaret Shaw of Lincoln, Washington. Three grandchildren live to mourn the passing of Mrs. Bartley. They are Donna Jean, Arlene Anne and Julius William Dettrich.

GOOD WILL GROUP CONDUCTING DRIVE

Residents Are Asked To Donate Clothing To Poor

OAK HARBOR—Donations of old clothes, toys, furniture, etc. have been coming in fine says Mrs. N. E. Watson who is heading the Good Will Industries drive in the North Whidby section. Saturday, 25 sacks of goods were shipped and another shipment is being planned for a later date. Quite a quantity has come in during the past few days, says Mrs. Watson, from people who were unaware of the drive.

Although numerous articles of old clothes have been donated for the American Legion Auxiliary drive for the needy of Whidby Island, it is still much short of expectations says Mrs. Ray Maylor, Mrs. Glossop and Mrs. C. H. Ruthford, at whose homes the articles are to be left.

This drive should reach huge proportions as the entire collection will be turned over to people on Whidby Island.

Many who have discarded clothing but who find it inconvenient to leave them at the above mentioned depots can do their share by phoning or contacting the ladies in charge. Remember every article of old clothing you do not use would go a long way toward making some Whidby Island person warmer and better clad in the months to come. Toys would also be appreciated.

The depots are Maylor Motor Co., Oak Harbor, E. C. Glossop residence, San de Fuca, and C. H. Ruthford residence at Coupeville.

SCHOOL BOARD CALLS FOR FIREWOOD BIDS

Payment Will Be Made Upon Delivery of Entire Order

OAK HARBOR—A call for bids for the furnishing of 160 cords of 4-foot wood for the Oak Harbor school system was issued this week by the school board of Consolidated District No. 201. In past years the board has experienced some difficulty in regard to the specifications of the wood wanted and also in the matter of the time when payment should be made, so this year the bid is very specific.

The wood must be 4 feet long, all pieces split, piled, 80 cords at grade school and 80 cords at high school. Payment to be made only when entire amount of wood is delivered. Further details can be found in the call for bids published elsewhere in this issue.

Board members report that a diminishing of state school funds for the districts and the failure to make equalization payments by the state has cut the income of the Oak Harbor district down by about \$1,000 per month. While the district has a few outstanding warrants at this time, it is not in such bad condition as many school districts which are in a state of emergency.

Stanwood King of Seattle spent the first of this week with his parents, Mr. and Mrs. W. Taylor.

Mr. and Mrs. A. W. Myers motored to Burlington Sunday.

The Dykers boys called on Walter Taylor Sunday.

BASKETBALL ENCORE FOR WOLVES

On Wednesday night, November 23, the La Conner Braves took another beating from the Coupeville Wolves which mounted to a score of 29-20. The second team fared not so good, but they did put up a good fight. The score was 23-20, and our boys were creeping right up when the game ended. Two minutes of play, and we're sure that La Conner's second team would have lost to the relentless fight our second's were putting up. All the boys in both games played well and we may all be extra proud of them because two victories in two hard games for the main team is an honor.

Some of the college students and Coupeville alumni seen present were: Sybil, Clifford, Clayton and Boyer Knowles; Roscoe Berry, Barry Powers, Earle Darst, Alice and Betty Boyer, Isabel Fisher, Dorothy and Bernard Hingston and Drucilla Dean. There were many more present too who attended C. H. S. (T. B.)

A PROUD YET EMBARRASSING MOMENT

Imagine my embarrassment when in Mount Vernon Friday two Anacortes youths asked me how Coupeville's football team was now. What could I say but that we lacked just such a thing? They were very much surprised because when they were in school Coupeville "smeared" Anacortes five different times. Wouldn't it be wonderful to do that again? (T. B.)

"ENTER THE HERO"

As a "pre-Thanksgiving Day special" the Sophomore class presented a one-act play, "Enter The Hero" before the assembly Wednesday afternoon. Characters were Margaret Smith as Anne Carey, Carol Ober as her sister Ruth, Eunice Vane as Mrs. Carey, her mother; and Banks Fisher as Harold, her "fiance". The assembly was in an uproar most of the time watching the players proceed with their lines. The plot of the story was that Anne Carey, a girl of high emotions, chose Harold as her fiance after but a slight acquaintanceship with him. Harold, who was then in South America knew nothing of this. When he returned to the States, he first visited Anne's home at a written request from her, to find that she had led the whole town to believe that they were engaged. What happened was extremely interesting, and everyone thoroughly enjoyed it.

Thank you, Soph's. You gave us more laughs than you meant to.

AUTOMOBILE MISHAP

Two of our C. H. S. girls were participants in an auto collision in East Coupeville when returning from a dance Thanksgiving night in Oak Harbor. Sharon Hatten and Terry Benson were only two members of three in one car, which collided with a second that failed to stop at an intersection. The second car held six persons. Everyone was shaken up, while the cars were badly damaged. Sharon came through with cuts and bruises on one leg and a good pair of stockings ruined—not to speak of a ruffled disposition. Terry emerged with a wrenched ankle and wrist, stiff neck, and a disposition of the same degree. It might be well to add that both cars were going exceptionally slow for so terrific a crash. It happened about 200 feet west of the sheriff's home. Quite a convenience for Mr. Clark.

GOSSIP COLUMN

I know of only one person in high school who definitely does not want it to snow soon, and no name will be mentioned since that person is a traitor to the cause, and since many traitors have been lynched and we really want to keep ours.

It does one's heart good to see the group of cheerful "Lambeth Walkers" who are going around school with water on the brain, a smile on their lips, a song in their hearts, a pocket full of dreams, and feet ready, willing and able to do the latest dance step.

A much larger attendance from Oak Harbor than was expected watched the girls at basketball turn-out Monday night. Yep! Fred and Ross were there. If a man who knows it all only had sense enough to keep it to himself he wouldn't be such a bore.

The quaintest little poem that was brought to our attention recently is the following ditty—

I've often wondered where you are
These lonesome winter nights
In Samarkand? Or Zanzibar?
Or under Northern lights?
What land, what clime, what far-off shore?

How distant, or how near?
But there's one thing I'm thankful for,
And that is you're not here.

—Lawrence Feigenbaum

(From the P. I.)

The girls had a wonderful time after turn-out Tuesday. We finally admitted that we were "fed up" with the callousness of the basketball boys in their oft-repeated act of using up all the hot water for showers before we had a chance. It took nearly half an hour of showering, but nothing but ice-cold water was coming out when we finally gave up for the afternoon.

Ah, such disappointment it was to learn that our attempt had been foiled by Mr. Nichols who had heated a lot more water for them.

Robert Pratt has been helping the Biology students to learn about the plants and animals that surround them. His help is very much appreciated by the students and they have already learned that there is a lot more to nature than they once thought.

We are presenting the latest song-hit at C. H. S. to you this week so that you'll be able to learn the words. You can get the tune from nearly any student, and sing it with us:

"Then came the dawn
Why did it come?
I do not know
Gee, but you're dumb."

The Home Economics girls are making dresses in class now, and some of them look very nice already. We can

hardly wait until they give their fashion show before the Assembly as other Home Ec. classes have had to do.

"The most immovable thing in the world is a postage stamp put on by mistake."

My friends: Patty Finley is a typing student.

Not only is she a typing student, but she is a typing student who does extra typing every day during fourth period.

This in itself is not so unusual, but Gaylord Stidham is also a typing student who does extra typing during fourth period. Gaylord was absent from school last week, and we also noticed that Patty was absent from her typewriter fourth period.

Draw your own conclusions. We had to draw ours.

OAK HARBOR—The Oak Harbor Woman's Christian Temperance Union heard a review of the comprehensive legislative program for 1939 as adopted by the National WCTU convention, when the harbor unit met at the home of its president, Mrs. Henrietta Frostad on Wednesday evening of last week. Questions of Christian Citizenship was another important part of the meeting.

The prayer meeting was followed by a short business session and reports of the directors of the departments of radio, flower mission and relief and publicity.

The legislative program for 1939 as adopted at the National WCTU convention was read by Mrs. Elvira Wheeler. Nine objectives are included in the program. 1st. The prohibition of the traffic in alcoholic beverages. 2nd. The strengthening of our Federal Bureau of Narcotics and uniform narcotic laws for the states. 3rd. The extension of civil service, or merit system. 4th. Federal grants in aid to school for education. 5th. The opposing the legislation of any form of gambling. 6th. Do you know your state laws relative to liquor, narcotics, gambling, child labor, and alcoholic education in the schools? Do you know your local laws relative to sanitation, traffic, and county and city matters? Do you visit your courts and see how justice is administered? Do you insist on a clean press? Do you oppose gambling in every form? Are you active in elections? Are you friendly to the foreign-born? Do you feel your individual responsibility as a citizen?

LAST WEEK'S STORM RESULTS IN DAMAGE

Power Crews Kept Busy As Wind Brings Down Poles

OAK HARBOR—Considerable damage resulted last weekend from the terrific wind storm that swept the island. Light service was halted Friday evening at 4:57 and was resumed at 9:45. Seven poles were down and numerous large limbs crossed the wires in the vicinity of Deception Pass. Charlie McGreevy with the help of a Burlington line crew, made the repairs on the top of Goose Rock and the Pass Lake road. Saturday evening a pole caught fire near the Glossop residence and this was fixed by McGreevy after considerable toil.

The Gerben Balda barn was blown to the ground but no damage was done to the stock. Several falling trees loosened the railing along the Pass Lake road which were constructed by members of the CCC camp.

To add to the damage, the garage belonging to Peter Rip was blown down and the huge door to the Oak Harbor Transfer Company building was loosened at the bottom.

Sunday, a light pole on the H. Dykers line caught fire. Also a cable holding the traffic light at the high school corner was broken and the light crashed to the ground.

AUDITOR AUCTIONS STATE TIDE LANDS

COUPEVILLE — State-owned tide lands in Island County, with a total value of \$389.75, were sold at public auction by County Auditor Joe W. Libbey Tuesday.

Only two parcels were disposed of—one with a value of \$346 and the other with a value of \$43.75.

There were no bidders on several parcels. One, originally listed for sale, was withdrawn before the auction.

According to a resolution passed by the county commissioners, the state reserved from sale a parcel of land containing a county road. Monday, the commissioners passed a resolution asking the state to reserve from sale all tide lands in front of lots 4 and 5, Section 26, Twp. 33 N. R. 2 E. W. M. The lands will be reserved for public use.

FAIR OFFICIALS WANT TURNOUT

Election of Officers Set For December 14th

LANGLEY—Officials of the Island County Fair association have expressed a desire that there be a large turnout for the annual election meeting which has been set for next Wednesday night, December 14. Desire for a large turnout is due to the officials' feeling that the people of the county are not, generally, taking a sufficient interest in the project.

The Fair, officers of the association state, is of, by and for the people of Island county and is not being run for the pleasure of a selected few as seems to be the general opinion.

In an effort to create a greater interest throughout the county the officials are placing before the meeting next week a proposal to expand the board of directors.

The meeting next week is to be held at the auditorium of the high school here at 8:00 o'clock p. m.

EAGLES TO HAVE SOCIAL EVENING

COUPEVILLE — A short business meeting, followed by some snappy entertainment and refreshments will be the program of the Whidby Aerie of Eagles, Friday, December 9, when they meet at Coupeville IOOF hall at 8 p. m.

All Whidby Eagles are urged to be present and to bring their wives and friends for an evening of enjoyment. The entertainment committee has secured some good entertainment numbers for the program that should please everyone.

CO-OPERATIVE PLAN BELIEVED SOLUTION

Sponsors Cite Cases From Other Counties of State

COUPEVILLE—Promising to solve many of the problems faced by old age pensioners, a co-operative housing arrangement is being sponsored in Island County by a number of recipients.

In several other counties of the state, sponsors explain, those receiving old age assistance have banded together and found a convenient home large enough for them. They pool their assistance checks to pay for a cook and perhaps other attendants, buy their own food and other necessities.

Under this arrangement, it is said, many old folks have found life worth living, with food prepared as they cannot do it for themselves and someone to talk to whenever they wish. They do the work in connection with the house and grounds, in addition to having other hobbies to furnish occupation. The co-operatives are self-governed and have complete control of their own funds.

To start such a project, some organization should sponsor it to aid with planning and give needed assistance. If enough persons in the county are interested, it is believed a sponsor can be found.

The suggestion has been made that the first co-operative be formed of single men, but any persons interested should investigate the possibilities.

Any old age assistance recipient interested in such a project should get in touch immediately with the Island County welfare office.

FARMERS ARE ASKED FOR SAMPLES OF HAY

Dr. Otto Hill to Lead Discussion on Forage

OAK HARBOR—Whidby farmers are requested to bring samples of their hays to the dairy forage and pasture school to be held at Oak Harbor on Thursday, December 15th so that they can be advised on the proper feeding of local hays and what should be supplemented for a balanced ration, announces county agent LeVern Freimann. The school will be held at the Oak Harbor high school and will open at 2 p. m.

Dr. Otto Hill, who will take part in the discussion also suggests that samples of silage be brought in by the farmers. Samples of U. S. grades and qualities of hay will be on display. The finest samples will be used to illustrate how hay should be made and the poorest samples to show what happens when hay is not made the right way. There is all the difference in the world in the dollars and cents values to the dairyman of the two extremes of hay grades.

Whidby dairymen are asked to bring samples of the following hays: alfalfa, grass and clover, grain hay and of course their silage sample.

Film strips on methods of hay making will be one of the many interesting and educational features of the meeting. There will be a free opportunity to discuss all the many dairy forage problems peculiar to this section.

Many Persons Offer Donations of Blood For Rosenbach Boy

OAK HARBOR—Scores of Island County residents, from Deception Pass to as far south as Langley, have volunteered to donate blood for eight-year-old Kenneth Rosenbach, Dr. Henry Carskadden revealed Tuesday.

An appeal for volunteers was issued through Island papers last week.

So many volunteered that it was not possible even to test many of them, Dr. Carskadden said. However, Kenneth's needs are well taken care of now, the physician declared.

The boy needs a blood transfusion every other day. He is now confined at Seattle Orthopedic hospital.

Kenneth is the son of Mr. and Mrs. Ed Rosenbach.

NATIVE PHEASANTS

SILVER LAKE — There were several quite large flocks of native pheasants in this neighborhood before the hunting season opened. It was hoped they wouldn't be killed but in spite of the closed season there isn't one to be seen now. Hawks had been killed when they had been after their young this summer. They had gotten so tame; almost as tame as chickens.

Years ago one would often see fifteen or twenty, sometimes more, in one large willow tree where they would be feeding on willow buds.

WHIDBY RIFLE CLUB TO BEGIN PRACTICE SHOOTING

OAK HARBOR—C. I. Adams announces that the Whidby Rifle club will begin its regular practice shootings in the C. I. Adams indoor range starting a week from this Wednesday night. Anyone interested in rifle shooting is welcome to attend. Last year over 15 persons enjoyed the sport and a number of good shots were developed before the season ended.

SCHOOLS COMMITTEE TO ATTEND MEETING

Improvement of Curriculum Will Be Studied

COUPEVILLE—The County School Curriculum committee consisting of Jack Wood, Chairman, Stella Latham, Orvin M. Ryan, H. I. Magladry, and Helen Baker will attend a meeting at the Meany Hotel in Seattle on Friday evening, December 9. Mrs. Wood, Cedric H. Lewis and Mr. and Mrs. H. G. Knowles will be in attendance also.

The general purpose of the Curriculum committee is to promote curriculum improvement, studies and projects. It aims to place before the teachers trends in changes of subject matter as well as changes in manner of teaching.

The work is not a completed plan to fit all cases and localities but is a plan of change through study in each county or district with discussions resulting in an ever growing and reforming school work to meet in a practical way the needs of changing communities.

"After the Conference on December 9, the Island County committee will formulate a general plan that will enlist all teachers and persons interested in school work that our schools may best serve the needs of our young people," says County Superintendent of Schools, H. G. Knowles.

More Prizes Listed For Cash Awards

OAK HARBOR — In response to popular request for the breaking up of the big holiday cash prizes into smaller, more numerous prizes, the Oak Harbor merchants announce that on Saturday, December 17, they will award one \$10 cash prize and three \$5 cash prizes instead of just one \$25 cash prize and that on Saturday, December 24, they will award one \$15 cash prize, one \$10 cash prize and five \$5 cash prizes instead of just one \$50 prize.

SAN DE FUCA WCTU MEETS AT VAN DAM HOME

SAN DE FUCA—The San de Fuca WCTU met at the home of Miss Gertrude Van Dam, with 11 members present, the only one absent being in California. A good attendance. A short business meeting was held and then Mrs. Virtue, with the aid of Mrs. Eva Arnold, Mrs. P. Sloth, Mrs. R. M. MacDonald and Mrs. Susan Armstrong presented a playlet. It was well received and created a lot of merriment.

After the meeting a regular banquet was served, (fried chicken, home-made bread, jam, cookies, coffee or tea.) Next hostess will be Susan Armstrong and the meeting will be Friday, January 6, 1939.

Mortensons Honored On Silver Wedding Anniversary, Sat'day

LANGLEY—The twenty-fifth wedding anniversary of Mr. and Mrs. Martin Mortenson was the signal Saturday for one of those community affairs which so many delight in joining in this small community. The celebration took the form of a large evening gathering of their friends and well-wishers at the Deer Lagoon grange hall where cards and Chinese checkers formed the nubbins of enjoyment the early part of the evening.

Around ten o'clock the real fun of the evening occurred when Mr. and Mrs. Mortenson were "legally" married for the second time with the Rev. Haven R. Martin reading the service. Following the ceremony the happy couple were presented a beautiful silver coffee service consisting of urn, sugar and creamer and tray. Preceding the ceremony Mrs. Martin sang "I Love You Truly".

A beautiful wedding cake decorated with twenty-five candles and a plentitude of other eats were served following the ceremony.

The evening was concluded with another wedding ceremony when it became known that Sunday was the first anniversary for Dr. and Mrs. J. W. Lawrence. Just after midnight they too were put through their vows in a second ceremony.

144 Prizes Offered Treasure Hunters

Second Annual Hunt Is Set For Saturday

OAK HARBOR—A grand total of at least 144 prizes have been put up for the free treasure hunt Oak Harbor merchants are holding for the public this Saturday, December 10. The prizes of this second annual hunt are of a wide variety and a considerable range of value—prizes that are well worth hunting for.

Here's the way the treasure hunt will be conducted: It will start promptly at 8 o'clock a. m. when the registration offices will be open at the Oak Harbor Furniture Store. Everyone participating in the hunt must go there and register before starting. When properly registered each participant will draw a numbered ticket on which they must write their name. All persons taking part in the hunt must hunt in person for their own individual prizes and must call for the prize in person. No outside help can be given and the treasure hunt committee has requested merchants to refuse prizes to those who do not abide by these fair rules.

The prizes will be found in the various stores of the town and each one will be identified with a bright colored blue tag bearing the winning number. If your number matches that appearing on one of these prize tags you claim the prize with absolutely no obligations attached. All prizes will be placed in plain sight in various departments of the different stores and all you need to do is visit these stores and compare the number you carry with the numbers on the prize cards.

Only persons of 16 years and older will be allowed to register and draw a number and prizes can only be claimed by the owner of the winning numbers. All prizes must be claimed before closing time on Saturday evening and no prize will be held later than that time.

There need be no undue haste in the search as there will be plenty of numbers to go around for everyone who wants to join in the hunt and the one who draws a number in the afternoon has the same chance of winning as the

\$25 FOR DORIS

OAK HARBOR—Miss Doris Berry, Oak Harbor school teacher, was awarded \$25.00 at the first holiday prize award made on the main street of Oak Harbor last Saturday. On Saturday, December 17, one \$10 and three \$5 cash prizes will be given and on Saturday, December 24, one \$15, one \$10 and five \$5 prizes will be awarded, by Oak Harbor merchants.

Treasure Hunters Asked Be Honest, Observe the Rules

OAK HARBOR—Those taking part in the treasure hunt Saturday are asked to play fair and obey the rules. The merchants are offering 144 prizes to show their appreciation and good will and to give you a little valuable fun, in return they want you to visit all their stores and see what they have inside. Naturally, if you don't hunt for your prize in person and call for it in person, you are being unfair and spoiling the fun.

one who draws the first number in the morning. If you possess a prize winning number no one else can win your prize.

Naturally everyone will not win but with nearly 144 prizes to be distributed a good big percentage of the hunters will be rewarded for their efforts. And no hunter should be content to visit only one or two stores as his number may be on a valuable prize in one of the business houses he did not visit.

So just reserve Saturday, December 10 for the Oak Harbor Treasure Hunt. Come to town any time during the day, get your number and look around our stores for your reward. There are no strings attached to this hunt and it is open to anyone of 16 years and over.

The following business houses are offering prizes: Columbia Lumber Co., Tullis Drug Store, Barney's Store, Novelty Apparel, Dyer's Store, Oak Harbor Furniture Store, Oak Harbor Shoe, Farm Bureau News, Palmer's Barber Shop and Beauty Shop, The Variety Store, Maylor's Store, Olson Motor Co., Maylor Motor Co., Roy's Bake Shop, Red and White Meats, Oak Harbor Pharmacy, Oak Harbor Producers' Co-op, The Kennel, Club Barber Shop, Pick and Pay Grocery, Forner's Tavern, Ronhaar's Service Station.

Look for prizes in all of them. If you miss a place you might miss a prize. And while you are looking for your prize don't fail to notice the fine Xmas stock in the stores.

Mrs. Tony Vlatkovich, daughter, Mrs. Shelby Clark and grandson, Wayne, of Anacortes, were guests at the Eldred Van Dam home Monday, Mr. and Mrs. John Van Leeuwen bringing them down. Mrs. Vlatkovich and Mrs. Van Dam were schoolmates.

Mr. and Mrs. M. E. Hingston had as their house guests for the weekend, Mr. Hingston's brother and wife, Mr. and Mrs. Philip Hingston of Goldendale, Washington.

106 Found Prizes in Last Year's Quest

OAK HARBOR—Last year 648 registered for the hunt and of these 131 drew winning numbers and 106 of the 131 found their prizes. In other words one person out of every five drew a winning number and of these prize number holders all but 25 looked thru all the stores and found their prizes. This year the merchants have a better idea of the number that will take part and are putting fewer numbers into the draw box, giving all who take part a better chance to draw a winning number.

Those who drew prize numbers last year and found their prizes, ranged from the 6th to the 645th to register. Following are some of those who won prizes last year:

CASE IS INVOLVED IN AUTO ACCIDENT

OAK HARBOR—Charles Case, driver for the Whidby-Camano Auto Freight lines was again on the job Wednesday after spending three days in Everett following the death of a boy who was believed to have met his death by falling under the wheels of the freight truck.

Following another car when driving through Everett Friday, Case was forced to swing his truck to avoid a crash as the preceding vehicle halted abruptly. Charles swung to the right and in doing so saw a small lad cross in front of the halted car. He immediately slammed on the brakes and jumped out and found the boy behind the rear wheel of his truck. He immediately called an ambulance and the boy was rushed to the hospital while he reported the accident to the police authorities. The boy, Harry Holmes, died after approximately an hour.

Following the coroner's inquest and the testimony of witnesses, Tuesday, it was revealed that the boy had run into the side of the truck and not under the wheel as was at first believed. Case was cleared and will report at a later date in January for further investigation.

31 and 32 of Block 12 of Robertson's Addition to Chicago.

TERMS OF SALE, CASH, and subject to the confirmation of said Superior Court.

TRUCK CONTRACTS ARE AWARDED BY BOARD AT REGULAR MEETING

Camano Property Owners Petition for County Road

COUPEVILLE—William Mallis, Seattle architect, has been instructed to continue Island County's pending request for a PWA grant to assist in construction of a new county courthouse. County Commissioners passed a resolution to that effect at their meeting Monday in the courthouse.

Olson Motor Company was awarded the contract for a 2 1-2 ton truck, on a bid of \$2,625, less \$300 trade-in allowance on an old truck.

The clerk was instructed to call for bids on one current model four-cylinder replaceable sleeve type full diesel crawler tractor with one current model hydraulic operated angle blade dozer attached.

Fourteen property owners of Camano Island submitted a petition requesting the county to rebuild and repair the county road running through sections 34 and 35, Twp. 32 N. R. 2 E. W. M. and Section 2, Twp. 31 N. R. 2 E. W. M.

The petition was referred to the county engineer for report. The petition was accompanied by waivers for rights-of-way from Noah A. Kent, Noel Walls, D. A. Dimick and R. W. Dimick. The assessor's bond was set at \$2,000.

Three engineer's reports were approved on proposed roads. Hearings for all three were set for the afternoon of January 3. The proposed roads are: Classic-Freeland, petitioned by A. Solie; Beers' road, petitioned by R. Beers; and Bush Point-Greenbank. Next meeting of the commissioners will be held December 19.

Miss Florence Richardson motored to Bellingham over the weekend to visit her sister, Miss Mildred Richardson.

EDISON VICTORIOUS IN SATURDAY TILT WITH WOLF QUINT

Coupeville Basketeers Lose by Narrow Margin

COUPEVILLE — Coupeville high school's Wolves lost a heart-breaker Saturday evening when two quick baskets, just before the end of the fourth quarter, gave Edison high school's hoopsters a 16-20 victory. The final score broke a 16-16 deadlock.

Edison's superior passing ability had given them a large lead early in the game. At one time, the score was 8-1 in Edison's favor. The Wolves lacked the spark that characterized their earlier games and the half ended with Edison ahead, 14-7.

However, when Coupeville returned for the second half, they made an inspired bid for victory. They were aided by Edison's failure to convert a number of free throws. Only a couple of quick combinations at the end of the game saved the affray for Edison's hoopsters.

In the second team preliminary game, Edison won, 25-19.

The Wolves will play at Hamilton December 9 and at Edison December 14. A return game with Hamilton here December 16 will end their practice games.

GREENBANK YOUTH SENT TO CHEHALIS

COUPEVILLE—Discovered to have stolen a number of articles from cabins at Dine's Point, Allen Kinney, who has been residing at Greenbank, was returned to the state training school at Chehalis Monday as a parole violator.

On a tip from Sheriff Tommy Clark, police picked up Kinney Monday morning at Everett.

Kinney had been paroled from Chehalis to Mrs. DuFresne of Greenbank. Monday morning, she reported to Sheriff Clark that she had seen Kinney secrete a number of articles, which investigation showed to have been stolen from the Brown and Fisher cottages at Dine's Point.

Kinney evidently had become suspicious that Mrs. DuFresne would report him.

He fixed a dummy in his bed, to make it appear he was still asleep, then sneaked out of the house about 1 a. m. Monday and started walking toward the South End. He caught the stage and crossed on the 9:30 ferry.

When Mrs. DuFresne went in to awaken him, she discovered he had escaped and notified the sheriff's office.

The stolen goods included a .22 revolver, wool socks, flashlight, table scarfs and souvenirs.

5 Men From Island Attend Convention

COUPEVILLE—To discuss administrative and other county problems, five Island County men motored to Olympia Saturday, where they attended the annual convention of the Association of County Commissioners.

NEWSPAPER ARTICLE TO GIVE PUBLICITY TO WATER FESTIVAL

Description of Carnival Released by Com- mission

National publicity for Island county and the Indian War Canoe Races at Coupeville will appear in approximately 50 of the leading metropolitan newspapers of the country on Sunday, December 18, it was learned here today.

The article, a full-page illustrated feature for Sunday magazine sections, was written by Bob C. Hayes, publicity director of the Washington State Progress Commission at Olympia. Entitled "Paddle Your Own Canoe," it relates the thrilling events of the annual Coupeville water festival, and traces the centuries-old legend of events from the days when warring Hyder tribesmen used to sweep down from the north on the unsuspecting Indians of Puget Sound and the Olympic Peninsula.

The International War Canoe Races will be a feature of the state's Golden Jubilee celebration next year when Washington will observe its fiftieth anniversary of statehood.

The newspaper story is illustrated with photographs of the 1938 race at Coupeville, and with pictures of canoe-carving by Andrew Joe of the Swinomish tribe at La Conner.

"The custom of the International War Canoe Races is kept alive by the people of Washington States as a colorful tradition of bygone years," according to the article.

\$53 Worth of Seals Are Sold in 10 Days by Anti-T.B. League

COUPEVILLE—Sale of Christmas seals in the Coupeville area brought in \$53 during the first ten days of the annual anti-tuberculosis drive, Mrs. I. H. Markuson, Island County chairman of seal sales, announced this week.

The sale will continue until Christmas.

Money raised by the sale of anti-tuberculosis Christmas seals has saved hundreds of lives, Mrs. Markuson declared. The funds are used for preventive work, such as tests to recognize the disease in its early stages, and in educational work to train the public to recognize the symptoms and avoid infection.

Mrs. Markuson has urged those receiving seals to send in their remittances as soon as possible.

Mr. and Mrs. Elwyn Zylstra of Marysville spent the weekend at the home of Mr. Zylstra's parents, Mr. and Mrs. James Zylstra.
