VOLUME XLVII

COUPEVILLE, WASHINGTON, THURSDAY, SEPTEMBER 30, 1943

No. 49

DEER HUNTING BEGINS SUNDAY

As the big day, Sunday, October 3, arrives old-time sportsmen, service men and civil service men are pulling all strings possible to secure ammunition to be ready to stalk the deer known to be in abundance in Island county.

Many have paid for cold-storage lockers for a year to have them ready to be stocked with this ration-free meat which is the big ambition of every sportsman. Many have made astounding trades to have shells ready for the big event. And many have saved gasoline coupons so there will be no conservation necessary when the big days arrive. All appearances indicate that despite gasoline rationing and shortage of guns and ammunition, there will be an unusually large take this year.

Deer may be taken west of the Cascades from Sunday to October 24 inclusive. Native pheasant, blue and Franklin grouse, may be shot October 3 and 6. Open season on Chinese pheasant, Hungarian partridge and quail in west-side counties is from October 10 to 31.

Poultrymen on the other hand with turkeys at a crucial stage are dreading the noise of shooting which might shock and injure their birds. Farmers and stockmen remember losses in past years from careless, blindly-shooting hunters.

Fort Casey and the Naval Air Station forbid shooting of shotguns by civilians within one fourth mile of the reservation and by rifle within one mile.

W. SMITH SERVICES IN LANGLEY TUESDAY

Died Ten Days After Being Struck By Car

The Rev. J. Fletcher Long, pastor of the Methodist-Congregational church, in Coupeville, was called to Langley, Tuesday, September 28, to conduct funeral services for Walter Smith, who was fatally injured when he was struck by a car as he crossed the street in Langley on the evening of September 18.

Music for the service was provided by Mrs. Bert Hunziker, who sang two selections.

The funeral was under the direction of the Swedberg Funeral home. Interment was at Bay View cemetery.

Walter Gray Smith was born in Eclair, Scott county, Iowa, in 1862, on the banks of the Mississippi river. His early years were spent on the river as a rapids pilot. At the age of 20 he moved to North Dakota, and in 1890 married Alene Young.

In 1891 he and his bride migrated to Seattle, being among the early settlers of that city. While there he was employed as a member of the Seattle police force.

In 1911 Mr. and Mrs. Smith moved to the Yakima Valley, where they owned and operated a fruit ranch. Ill health finally forced Mr. Smith to retire, at which time, in 1936, they moved to Langley, where he lived until the time of his death.

In passing, Walter Smith leaves his widow, Alene Smith of Langley; one brother, Frank Smith of Orville, Ala.; a sister, Louise Foster of Texas; four grandchildren and six great grandchildren. He was well known by the whole community as a gay and cheerful man, always ready for a good hearty argument. Though feeble on his feet he had a very keen and active mind and was ever ready to match wits with any interested person. Many in the community will miss "Dad Smith" as he was known and loved by all.

Secure Permit and You Can Burn Brush

Brush, trash and grass may now be burned as long as persons have fire permits, according to Walter Stoddard, fire warden. Permits may be secured from the fire warden at the court house on Saturday mornings, at the Kennel in Oak Harbor on Saturday afternoons, or by contacting Mr. Stoddard at his home in Coupeville (telephone 733).

Stoddard reports one of the most favorable summers he can remember as regards fires, there being few infusions of fire laws.

SERVICES READ FOR ANTHONY H. KOHNE

Death Claims Esteemed Coupeville Resident In 90th Year

Anthony Henry Kohne, 90, passed away suddenly Wednesday evening, September 22, at the home of his daughter, Mrs. Frank J. Pratt. Funeral services were held Friday at the Pratt home, followed by graveside services held at 11:30 Friday when the remains were laid to rest in Sunnyside cemetery overlooking the valley which Mr. Kohne had loved for 66 years. Oak Harbor Funeral home was in charge of arrangements.

Though Mr. Kohne lacked but three months of being 91 years old, and had been a shut-in for nearly four years, he retained his keen and cheerful interest in life and living to the last moment. He has gone to join his beloved wife who passed away in 1916, and his daughter, Alice, who died in 1896, at the age of four. He leaves his daughter, Mrs. Frank J. Pratt, and his grandson, Robert Pratt.

Taught School

He was born December 25, 1852 in Hanover, Germany. When he was a child, Mr. Kohne's parents left Germany and located in Indiana. There he attended school and passed the examinations required for a teacher's certificate and taught school for two years. Deciding he wished to see more of the United States, he traveled extensively for nearly two years, finally locating permanently on Whidby Island in May, 1877. Here he spent many active years in farming.

About 1890, he moved to what is now Prairie Center. In that year, he was elected county commissioner, and his service in that office was marked by an active interest in establishing public schools. At the conclusion of his term, he was appointed postmaster, distinguishing this position with the unfailing courtesy and kindness that were life-long characteristics.

Was Mason

Mr. Kohne was a member of the Masonic lodge of Coupeville, the Congregational church, and later, of the Methodist-Congregational church, when the two merged, never failing to attend as long as he was physically able.

The Rev. Mr. J. Fletcher Long, who conducted the services, read the twenty-third and the ninety-first psalms—daily thoughts of Mr. Kohne's. He said in part, that during Mr. Kohne's long illness, he had never heard him utter one word of complaint, no matter what

(Continued on Page Two)

Yacht Party Anchor At Wanamaker Home

No stranger to Penn's Cove was the yacht whose sails caught the eye of Coupeville last week. She was one of the first boats owned by the late Frank Pratt and long familiar to these waters.

Her present owners, Mr. and Mrs. Henry Olschewski and Mr. and Mrs. Dolph Zubick, after spending some time in the San Juans and British Columbia were house guests of Mr. and Mrs. Floyd Wanamaker Friday to Sunday.

Mr. and Mrs. Chet Adair and their daughter, Janet, of Seattle, arrived Saturday and stayed until Sunday night.

On Sunday afternoon, Mr. and Mrs. Charles Ruthford joined the party and all went for a sail on the Saturna, returning to the Wanamakers for dinner in the evening.

Brigadier General Issues Command

By command of Brigadier General James H. Cunningham, hunting on the post or any military reservation on Whidby Island is prohibited. There will be no shooting closer than a quarter of a mile to the boundaries of the post when using a shotgun and no shooting within a mile when using a rifle.

Ladies of Round Table Will Meet October 5th

Mrs. Herman Wanamaker will have charge of the Round Table program Tuesday, October 5. The members will meet at Wanderer at 2 p. m. At the last meeting it was decided that, for this year, the meetings would be held once a month.

Five Little Words To Speak a Volume

If you were given five words to say to a wounded son somewhere in the South Pacific, what would they be?

This is the question Mrs. J. E. Eerkes is trying to answer as she goes about her work this week. Monday she was informed that the War Department have made arrangements whereby she (and she only) may send a radio message of five words to her son, Sergeant Lawrence B. Eerkes, who is recovering from a wound sustained in a battle in the South Pacific August 22.

"I am pleased to inform you," the letter from Washington read, "that the latest report from the theater of operations states that your son, Sergeant Lawrence B. Eerkes, 19,090,751, is making normal improvement. Arrangements have been made whereby you may send a message of cheer to him. The enclosed form is self explanatory. You have my assurance that when additional information is received regarding his condition you will be notified immediately.—J. A. Uilo, Major General, the Adjutant General.

The form enclosed stated among other things that the five-word message must be cheerful. The signature could be informal and contain two words.

Mrs. Eerkes has been wondering what five words in the English language could express the message in a mother's heart.

NAVY MEN SLIGHTLY HURT IN BAD WRECK

Auto Is Damaged But Sailors Have Only Cuts, Bruises

Two young sailors had a close brush with death last Saturday night when the Pontiac sedan they were riding in failed to make a turn in the road south of Bayview, skidded in the sand, rolled over and struck a telephone pole with an impact that snapped off the pole and left it suspended by wires.

Louis Curl, AMM2/c, stationed at the Naval Air base, was driving the car. He says that when the car ran into the ditch his head struck the windshield—which was of shatterproof glass—and that he does not remember any further details of the accident. He was released from the dispensary Monday morning with nothing more serious than multiple abrasions. His mother arrived Monday from their home in Alderwood Manor to visit him.

The other occupant of the car, D. D. Reed, AM1/c, escaped with slight scratches and bruises.

The car was brought into Dean's garage at Prairie Center; the body so badly wrecked that it was a miracle that the occupants escaped with only minor injuries. The damages is covered by insurance.

New Zealand has appealed to housewives to raise chickens because the country requires this year 4,000,000 dozen eggs above the normal output.

Distinguished Service Cross Is Posthumously Given at Casey

On Wednesday, September 22nd, 1943, a Review of the garrisons of Fort Casey and Ebey, was tendered Mrs. Lillian Bell, of Anacortes, whose son, Corporal Robert Hammerlund, was posthumously awarded the Distinguished Service Cross for gallantry in action on Guadalcanal. The Review was conducted by War Department order, under the direction of Brigadier General James H. Cunningham, Commanding General of the Harbor Defenses of Puget Sound, who had previously presented the decoration to Mrs. Bell. General Cunningham was represented at the Review by Colonel Frank H. Holden, who read the citation conferring the award, and made a short address to the troops, in which he called upon them to emulate the example of Corporal Hammerlund, whose extraordinary devotion to his country's service earned him the second highest honor within the power of the Government to confer upon its soldiers. The troops of the combined garrisons were commanded for the Review by Lieutenant Colonel Neil M. Cochran, formerly of Snohomish.

The citation for the award recites that Corporal Hammerlund, who was in command of a machine-gun section during the heavy fighting which resulted in the capture of the important Japanese advance base, covered with his gun the withdrawal of his section, and other American troops, from a portion of the lines which had become temporarily untenable. When his fellow soldiers had completed their withdrawal, and taken up new positions, Corporal Hammerlund, himself seriously wounded, withdrew to the new position, carrying with him his heavy machine-gun, which he thus prevented from falling into enemy hands. His wounds were mortal, and he did not survive the engagement.

LEGION MAKES PLANS FOR FOLLOWING YEAR

Committees for New Term Named at Dinner

George Morris Post Legionnaires were guests of their commander Monday evening when George Heap invited them to dinner at the Bungalow cafe. Plans were formulated for the ensuing year.

Ray Maylor and Charles Ruthford, both former commanders, were appointed "Adjutant" and "service officer," respectively.

Considerable discussion arose regarding plans and objects for the post for the next 12 months. It was decided to pool rides wherever possible to help solve the transportation problem.

A standing invitation to all service men on furla to be guests of the club, was announced. An interesting program will be planned for each regular meeting.

Committee appointments were made as follows:

Americanism, Chuck Ruthford and Barney Riksen; Boy Scouts, Glenn Smith and Yorke Dyer; Child Welfare, Clarence Wright; Community Activities, Earl Whitehead and Ad Davis; Employment, Paul Walker and Ray Maylor; Education, Jack Wood and Earl Whitehead; Graves Registration, John Ronhaar; Legislative and Law and Order, Lem Wanamaker; Membership, Ted Damgaard; National Defense, Ray Struthers; Publicity, Glenn Smith; Rehabilitation and Poppy Day, Harold Olson and Neal Abrahamse; Sons of the Legion, Paul Walker; Traffic Safety and Junior School Patrol, Jack Wood and Earl Whitehead; World War II Liaison, Ted Damgaard; Medical Officer, Doctor Carskadden.

New Arrivals at Starwana Hotel

The Starwana hotel might very appropriately be renamed "Honeymoon Hall" this month. Among the new arrivals at the Naval inn are three newly wed couples.

Lieut. and Mrs. Richard Walker Sears, who were married at a colorful ceremony in Portland, left for Seattle last Friday after spending two weeks of their honeymoon in Coupeville. Mrs. Sears is the former Miss Katharine Elfreda Seberg, well known in Portland college and social circles. Before coming to the Starwana, they made a short trip to Mount Hood and to Paradise Inn. Lieut. Sears is now stationed at the Sand Point naval air station.

Ensign and Mrs. C. W. Carlson are both from Minneapolis. They were married two months ago in Astoria. Ensign Carlson was previously stationed at Tongue Point, Gearhart, Ore.

Ensign and Mrs. James Josey were married in Seattle a month ago. She is from Miami, Fla., and he is from Sylvestre, Texas.

Out of the newly wed class are Lieut. (j.g.) and Mrs. A. T. Richardson. Their little daughter, Peggie Cristina, will celebrate her first birthday October 6.

MORE THAN \$100,000 SHORT ON BOND QUOTA

SCHOOL OFFICIALS ATTEND CONVENTION

Supt. Earle O. Whitehead of the Coupeville schools attended the first day's sessions of the annual state convention of county superintendents, held at Olympia this week. Many matters of importance to the local schools were discussed at this meeting. Mrs. Pearl A. Wanamaker, as state superintendent of public instruction, presided over the sessions. School directors Alex Engstrom and Lynn P. Vane accompanied Mr. Whitehead. County Superintendent H. G. Knowles was prevented by a serious cold from going to the convention this year.

FRANK WHITEHEADS RECEIVE BAD NEWS

Have Not Given Up Hope for Safety of Son Claude

A telegram was received Saturday evening by Mr. and Mrs. Frank Whitehead of Crescent Harbor indicating that their son, Claude, was missing in action, September 16.

Claude is the waist gunner in a Flying Fortress, "Iza Angel" referred to in the story entitled "Local man has part in thrilling one-sided fight," on page 3 of this issue.

Mrs. Whitehead, beset with grief over the telegram is hoping that on the grounds of the Iza Angel account further information will reveal that a mistake had been made officially and better news will follow.

\$7,000 INVESTED BY LAND BANK

Island County's Quota Is Boosted by NFLA

Island county's war bond subscriptions have been boosted \$7,000.00 by the investment of the Federal Land Bank of Spokane, G. A. Youngquist, secretary-treasurer of the National Farm Loan association, announced today.

The Land Bank, which serves the four states of Idaho, Montana, Oregon and Washington, has just invested \$3,000,000 in bonds, of which \$500.00 has been credited to each state and \$1,000,000 to Spokane, home city of the bank. R. E. Brown, bank president, advised Mr. Youngquist.

The state allocation, in turn, has been credited to each NFLA group of office county on the basis of the number of land bank borrowers.

"We are pleased to be able to back up the war effort through this bond purchase," Mr. Brown told Youngquist. "In addition to helping our government finance the heavy cost of war now, we consider these bonds a sound investment for the bank."

Mr. Youngquist said the Mount Vernon National Farm Loan Association office is serving as official issuing agency in the Third War Loan drive.

San Francisco Man Pays Yearly Visit

Coupeville has a faithful friend and admirer in Chester Arthur, of San Francisco, Calif. He first saw Coupeville in 1931, when he attended the second Water Festival, and almost every year sees him returning to spend some time on the Island. This year, his business took him to British Columbia, but he took the time to include Coupeville in his schedule, as usual. He was the guest of Mr. and Mrs. Nels Sill.

Mr. and Mrs. Joseph Briggs, of Los Angeles, Calif., were in Coupeville, Wednesday, the guests of Mr. and Mrs. Nels Sill.

Three Days Left to Go Over Top In Drive

A roundup of all available figures in the third war loan drive Tuesday morning showed that Island county invested only \$176,151.75 in war bonds since September 1. Since figures were not released from the Naval Air station, experts computed their figure to be about \$20,000, which would bring our total to \$196,151.75.

Since Island county's quota is \$300,000, we are short \$103,849.

An appeal is being made to everyone in Island county by the chairman and committee members to step up bond buying. State and county businesses and large concerns have made their deposits now, so if that \$100,000 or will be reached, it is the people of Island county who will do it.

Last drive we oversubscribed our total and the people of Island county outside the air station subscribed \$202,000 or \$126,000 better than we have done this time.

South Whidby purchases have been higher this time compared with last their total this drive being \$53,500. Coupeville, San de Fuca, and Oak Harbor fell down with only \$71,201.75. Purchases which have made the difference between this total and the \$176,151.75 are \$35,450.75 from the state, \$7,000 by the Federal Land bank, \$7,000 by Standard Oil and \$2,000 by Columbia Valley Lumber company.

LIONS CLUB HONORS PRES. H. GLEASON

Several out of town visitors were present at the Lions club dinner on the evening of September 22. The goal set at this meeting was a 100 per cent attendance in honor of the new president, Harry Gleason.

Deputy District Governor Dr. Ralph Johnson, of Burlington, made a visitation to the Coupeville Lions Club, accompanied by Lion H. B. (Brick) Nelson, who is assessor for Skagit county.

Harry Mickelson of Everett and Officer MacDonald of the Washington State Patrol, representing the Everett area, were present in the interest of Scouting. The Coupeville Lions had recently raised \$57.00 for this cause.

George D. Chaffee, of Bremerton, father of Lion Dr. Leslie Chaffee; and James Zylstra, of Coupeville, were guests for the evening.

Beginning October 6, the Lions will meet every Wednesday evening at the Boys club instead of every fortnight as during the summer vacation period.

Mukilteo-Whidby Bus To Have New Schedule

Effective October 5, Mukilteo-Whidby stages will run an improved schedule in answer to requests of their patrons. Instead of leaving Oak Harbor at 5:40 p. m. daily buses will leave at 6:40 p. m. to better serve working clientele. Sunday buses will leave at 5:40 p. m. and 6:30 p. m. instead of just at 5:40 p. m. The 5:40 bus will go via Fort Casey and Langley, the later bus to go direct route to Seattle.

Buses which are now leaving Seattle at 6:45 p. m. will leave at 7 p. m. every day including Sunday.

The bus leaving Oak Harbor for Anacortes will leave one hour and twenty minutes later or at 4:40 p. m. instead of at 3:20 p. m.

Next week's paper will contain the details of the new schedule; however, Mrs. Lillie Shelton plans the new bus time to be put in effect Tuesday.

Important Meeting Of Service Club Mon.

A general meeting of the Service club is called for Monday afternoon, October 4. All committee chairmen are requested to ask their members to attend. Anyone interested in the service club is asked to attend this meeting. Because of its importance a good representation is desired.

SUBSCRIPTION RATE—\$2.00 PER YEAR IN ADVANCE
\$2.50 PER YEAR OUTSIDE ISLAND COUNTY

WE'RE SHORT \$100,000

For the first time in any national effort Island county has fallen down in its responsibilities—fallen way down.

In the most important task ever assigned to us, we have taken only a half-way interest. We have missed the mark by one-third.

It is hard to believe that we in Island county who have reason to be more war-minded than many communities, we who are earning better money than at any other time in our lives, we who have at least one brother, sweetheart or friend in the service, have not plunged into our bond-buying job with more whole-hearted spirit.

Let's empty the baby's bank, let's convert every cent of bank savings, let's leave word with the boss to make payroll deductions, let's do anything, to make that quota. In the few days left, we believe Island county will do it.

Because production is down as the result of the war the Army and Navy are having difficulty obtaining all kinds of sports equipment.

HARRY McMEEKIN REPLACES McGREEVY

Monroe Man Has Been With Puget Power For 20 Years

Henry Kruse, division manager for Puget Power, announced today that Harry McMeekin has been appointed local manager at Oak Harbor replacing Charles McGreevy who announced his resignation last week.

Mr. McMeekin comes to Oak Harbor from Monroe where he has served as outside serviceman since 1936. He has been with Puget Power since 1923, entering the employ of the Company at Everett as troubleman. In 1927 he was transferred to Arlington as serviceman and moved to Monroe in 1936.

Mr. McMeekin is now in Oak Harbor and his wife and two daughters will arrive as soon as accommodations can be secured.

KOHNE SERVICES

(Continued from page one)

his distress, and notwithstanding the weakness and infirmity of his great age. He also stated that although he had known Mr. Kohne somewhat intimately over a period of six years, he had never heard him speak one unkindly word about a neighbor.

In connection with the reading of the twenty-third and the ninety-first psalms, the minister noted that these were among Mr. Kohne's favorite passages of Scripture, and he suggested that his longstanding habit of reading the Bible daily might well have had a part in producing the qualities of character referred to.

The esteem expressed by old friends and new for this well-loved neighbor is summed up in the following:

A TRIBUTE FROM A FRIEND

—F. H. P.—

On Wednesday evening there passed from our sight a gentleman of the old school—Mr. A. H. Kohne. The term implies a genial dignity, unfailing courtesy, and kindly friendliness. All these qualities Mr. Kohne possessed, together with unselfish and thoughtful consideration of others.

He liked people. When failing health and advanced age made it necessary to move him from the old home where his happy married years had been spent, to that of his daughter, Mrs. Pratt, he, unlike many elderly people, adjusted himself easily, did not complain nor look back with nostalgia. He lived up to the principles of a practical Christianity and remained to the last cheerful, and interested in all that was going on about him.

We who were with him just a few days before he passed, commented upon his still youthful spirit, sense of humor, and alert mentality. Even though he had reached four-score-years-and-ten, he retained to a remarkable degree the handsome appearance of early years.

The last word he spoke to his devoted daughter expressed his pleasure

NEWS of the MEN and WOMEN in the Service

Mrs. Harvey Meng received her first V mail letter from North Africa this week. Martin says that he is getting along fine; that things are very quiet now, and that there is little to do when he has liberty, except visit a little French town nearby, but that it is good just to get off ship for a while.

Evidently the French are friendly to our boys and hospitable—to an extent. He relates that while walking through the town one day they paused to rest on a shady porch and that the householder came out and served them with grapes and wine. Martin says that the vin—or vino, as the boys call it—is pretty good, and a lot safer to drink than the water.

But it seems that the boys are not making much progress with the French language—or the French girls. We gather that even when they address a charming young lady, "H'ya, Mademoiselle!" in their most polished Parisian accents, they rarely receive so much as a smile in return. Presumably, the promixity of American sailors has caused no letting down of the bars of formality that preserve the traditional seclusiveness of the French home and family.

Martin speaks of home and Christmas with a note of nostalgia but hardly expects to be back before spring.

He says that his letters are not limited and he would like to hear from Island boys and girls. His address is: S1/c USNR, U.S.S. L.S.T. 309 care Fleet Post Office, New York City, N. Y.

GARDENERS SET RECORD

Twenty million victory gardeners—2,000,000 more than the goal set last spring—were grown this year, Claude R. Wickard, secretary of agriculture, said in a recent radio address. The secretary said the victory gardens total about 4,000,000 acres and will produce 8,000,000 tons of foods. In speaking of the goal of 22,000,000 gardens for next year, Wickard said, "Last year at this time we were concerned over the possibility that we would not have enough garden seed and fertilizer for all who wanted to grow gardens—our best information is that we shall have an ample supply of both next year. We are expecting a better supply of garden tools and equipment for spraying and dusting. Victory garden production should set another new record in 1944."

in the gift of a fern: "Flowers," he said, "fade and die, but this fern stays fresh and green, symbolic of life everlasting."

The promise in the Psalm he loved—the 91st—surely was fulfilled for Mr. Kohne—"With long life will I satisfy him and show him my salvation."

ENROLL ANYTIME

SKAGIT BUSINESS COLLEGE is cooperating in every way with the Government Civil Service and private industry in the all-out effort, and we are being urged constantly to train more

office help. Every graduate is employed and we have more calls than we can supply.

The withholding tax is creating unprecedented demands for bookkeepers, accountants and stenographers. Clerical work is one of the vocations which is expected to continue expanding after the war.

Register now for fall term. New classes are being organized for September 7 and 13. Write or phone for additional information.

COUPEVILLE
Methodist-
Congregational
CHURCH

J. Fletcher Long, Pastor.

Once again with the return of the first Sunday in October, comes the observance of world-wide Communion Sunday, which falls this year on October 3. More and more the churches are uniting in this use of the first Sunday of the month as a symbol of the fellowship of Christians the world around, and of the brotherhood of all men in the spirit of Christ Jesus.

This fellowship and this brotherhood lay claims upon us. Where our young people are serving their country and need our special ministry, and where the sufferers from war are broken and anguished, this Holy Sacrament summons us to love and serve. Accordingly, an offering for the fellowship of suffering and service will be received, a free-will offering, made as communicants come forward to the communion table.

We hope this crisis may soon pass, but now is the day of opportunity. Our committee on relief and on the ministry to our sons and daughters in the armed forces, duly appointed by the church, are our agents in dealing with these urgent and imperative calls. We must not fail those who rightly look to us.

From "A Statement from the Bishops" 10 a. m. Sunday school, Frank C. Coates, superintendent. Classes for all ages above three years.

11 a. m. Morning worship, the Holy Communion.

Thursday evening, choir practice.

REPORTERS

Anna Chapman, Senior

Pat Power and Pat Van Dam, Sophomore

Betty Bellows, Junior

Barbara Sweeney, Freshman

With the opening of school this fall, the so-called students of Coupeville High have noticed several changes. Whether they are for the better or not, only time will tell.

Chief of these changes is the advent of the new principal, Mr. K. A. Murray, who, may I add, is strictly business. The rest of the teaching staff has remained unchanged. Next comes the matter of being restricted to the school grounds at noon. It seems rather strange not to make a bee-line for Prairie Center, the minute third period's last bell rings, no?

And of course, we have some freshmen. There are quite a number of the last named, but so far they have behaved very well. We shall see!

Last but by no means least is that paint job by our janitor during vacation. The locker room floors and the connecting corridors between the grade

LEGAL NOTICES

BUDGET ESTIMATE

ESTIMATE FOR THE TAXING
DISTRICT OF THE TOWN OF
COUPEVILLE FOR THE YEAR 1944.

NOTICE is hereby given that the Town Council of the Town of Coupeville, Washington, has prepared the following estimated budget of the contemplated financial transactions of the town of Coupeville for the ensuing year, and the amounts to be raised by taxation.

The Town Council will meet at the Public Library, Monday, October 4, 1943, at 7:30 P. M., for the purpose of considering the various schedules contained in said estimated budget, when and where all persons interested will be afforded an opportunity for a complete discussion of the matters set forth in said estimated budget.

Dated this 14th day of September, 1943.

E. E. CALHOUN, Mayor.

Attest: LYNN P. VANE, Clerk. 48-2t

and high school has been transformed from grey to a rather lanky burnt orange. No further comment. Aside from this school is running smoothly and being "enjoyed," (we hope) by all.

Initiation Coming Up

Next Friday, October 1, is the date set by the sophomores for the freshmen initiation. For the past week English II has been buzzing with mystery. It has been planned that initiation will be in the afternoon and the party in the evening. And woe be to the freshmen who do not attend!

C.H.S. Girls' Club Dance

Arrangements are being made for the C.H.S. Girls' Club dance which is to be held in the new Coupeville High school gym. The new gymnasium has not had such an event held in it as yet and we hope you will enjoy it. The date has been set for October 21. Invitations must be presented at the door before admittance will be allowed. The invitation and decoration committees have already been appointed and they are getting together on some very bright ideas.

Everyone having invitations at that time be sure to come. Remember no invitation, no admittance. This is positively a private dance.

Higher and Higher

Mrs. Jones—"So you think George is doing well in the army?"

Mrs. Smith—"Oh, I'm sure he is. He says he's reached the grade of AWOL, and they are going to make him a court marshal and that must be something big like a field marshal."

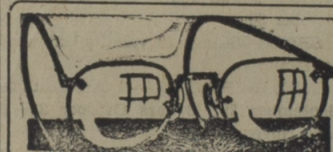

C.H.S.

We wonder how Cecil Walker gets so many books read. It couldn't be that he reads them during class, or could it?

MEMORIAL SERVICES

Memorial services were held Friday afternoon at the auditorium at Clover Valley Naval Training field, Chaplains Lyons and Kress conducting the service. Services were for officers and men who lost their lives while stationed on Whidbey.

WANTED — Veal. We will pay 2 cents above Seattle prices for veal if they are No. 1 and dress over 100 pounds. We need GOOD VEAL ONLY. Oak Harbor Meat Co. 49-3tc

ANTIFREEZE DISTRIBUTED

To insure an ample supply of volatile antifreeze mixtures for passenger cars in 14 western states before cold weather sets in, WPB has ordered industrial alcohol upon receipt of orders from dealers. Each state will receive a supply equal to one and one-half gallons per passenger car registered. Washington is among states involved.

Because of the war, professional boxing has been limited to the larger cities in the United States.

Growers of Washington Vegetable Seed for 26 Years

YOUR FRIENDS & OURS

On Tuesday of last week, Mrs. Rein Zylstra of Oak Harbor and Mrs. James Berry spent the day with Mrs. James Zylstra.

Enjoying a short vacation at their cabin near Good Beach are Mr. and Mrs. William Crawford of Benton City, Wash. Mrs. Crawford is the granddaughter of Capt. and Mrs. Thomas Coupe for whom Coupeville is named.

Mrs. Wilbur Sherman accompanied by her two children, Susan and Bobby, spent two days in Seattle last week at the home of her parents, the Rev. and Mrs. M. L. Olson.

ACTING HOSTESS

Mrs. Doris Shuttleworth has been acting hostess for Mrs. E. H. Lovegrove who is expected back this week. Mrs. Emily Stapleton served as relief hostess Monday evening.

SHATTERED JAW FOR TED MEIGS

Lt. Ted Meigs who was reported seriously injured last week is in the hospital in Dutch Harbor awaiting transportation out. In a letter received by his wife last Friday he states that he is suffering from a shattered jaw and will be out of active duty for about three months. He is anxious to get back into combat and pay the Japs off for his lost teeth.

Lieutenant Meigs is the son of Mr. and Mrs. C. L. Meigs and brother of Mrs. Doris Shuttleworth.

South Africa expects to produce 4,000,000,000 pounds of corn this year.

WANTED — Veal. We will pay 2 cents above Seattle prices for veal if they are No. 1 and dress over 100 pounds. We need GOOD VEAL ONLY. Oak Harbor Meat Co. 49-3tc

Fort Lewis Visitor on Return Trip to Whidby

Mrs. Joe Gibson of Fort Lewis arrived Friday for her third visit to Coupeville this season. While staying at the Sill guest house, she is visiting her brother, Berch Lemon, and friends on Whidby Island. Her husband, Lieut. Col. Gibson, is taking part in the maneuvers now in progress in Southern Oregon.

COUNTY AGENT'S COLUMN

By Harry D. Gleason

To you who have cream separators probably one of your worst jobs is washing it. This is a job that must be done and done well if you are to have clean cream.

Recently a plan was devised whereby with a little practice a person can wash a separator in two or three minutes. The plan involves using a new product that has been on the market for some time but has not been used for this particular purpose. It is not a soap but rather what is known as a "wetting agent." There are two on the market, one is Dreff put out by Proctor & Gamble; the other is Swerl, put out by the Swerl Products company. There are others obtainable and I can furnish the names of them.

Personally I have not used this method of washing a separator but I have talked to the county agent in San Juan county, who says the people over there like the method very much. They say this type of cleaner material speeds up the cleaning process of a separator.

In this article I cannot give directions on the steps necessary to properly clean a cream separator. I have a supply of the instructions here at the office, so if you are interested drop us a card and we will gladly mail you a copy of "A Cream Separator Can be Washed in Two Minutes."

RATION CALENDAR

SUGAR—Stamp 14, book 1, 5 lbs., valid through October.

CANNING SUGAR—Stamps 15, 16, Book 1, 5 lbs. each, valid through Oct. 31. May apply for more if necessary.

PROCESSED FOODS—U, V, W became valid September 1 and remain valid through October 20.

MEAT, CHEESE, FATS—Red stamps X, Y and Z valid through October 2. Brown stamps A and B good through October 2. Brown C good September 26 through October 30. Brown D good October 3 and remains good through October 30.

SHOES—Stamp 18 validity extended indefinitely.

TIRE INSPECTION—A cars deadline September 30; B cars October 31; C cars November 30.

FUEL OIL—Coupons 5 valid through September 30. Period 1 coupons in new rations are good through December.

VOLUNTEERS HIGH ON LIST OF HEROES OF HOME DEFENSE

Watchfulness Is Reason Enemy Planes Have Not Come

By Lynn P. Vane, District Director

Island County has six ground observation posts connected with the Aircraft Warning System. All of these are found to be necessary, to make certain that no aircraft can pass over any part of the county without being identified. The efficiency of the combined observation group has been proved to be high, in spite of peculiar difficulties due to the presence of training planes, which come and go in courses which the observers cannot possibly predict. All the stations, except those located at permanent Army and Navy installations, are manned by volunteer observers. These volunteers, because of long but sometimes busy hours given to the service of their country, are high on the list of heroes and heroines of civilian defense. Their watchfulness is probably one of the reasons why they have seen no enemy planes, strange as this seems. Any slackening in their work would be an invitation to the enemy.

Since the Scenic Heights post was closed last month, each observer who served during July or August has received an official letter of thanks from Army authorities. Such thanks are applicable also to observers who served earlier at the same post, and to the observers still serving at other posts in the county; hence the letter is published for their encouragement. It is signed by Captain Bert E. Holtby, Air Corps, Ground Observer Officer, and reads in part as follows:

"I wish to express the appreciation of this command for your efforts in helping to maintain the volunteer ground observer post near Oak Harbor.

"As you know, the Ground Observer Corps is an essential part of the IV Fighter Commands Aircraft Warning System, and your volunteer post was replaced with a permanently established military installation that is now able to report planes. It is the policy of the IV Fighter Command to release civilians wherever possible because of the shortage of manpower in this area. "You may feel proud that you took an active part in the defense of the Pacific Northwest when you were asked to do so by the Army Air Forces."

Iran now has 16,000,000 sheep.

OPEN FORUM

We welcome our readers to express their opinions in this column provided their opinions are not libelous and not too lengthy. Opinions expressed in this column are not necessarily those of this paper. Articles must be signed so that we can give the names upon request.

WE THANK THEE

Wise and Good Keeper of our good earth, for the sunshine of this beautiful day.

The early morning dew, like so many glittering diamonds among the grass

and flowers remind us of ever present beauty and we are glad.

But overhead, the motors of many planes also remind us that the lust and greed of some men have plunged us into a terrible war and a world that a few years ago was at peace and happy is now a vast battlefield.

Men march and fight and die, others go down to death on seaborne craft and still others fall to flaming death, like burning comets, from the sky.

We know that men must fight to keep that freedom so dear to us and mothers, wives and sweethearts must watch and wait and work until blood no longer flows on battlegrounds nor deafening bombs no longer bring death and destruction.

We must, we do, have the faith and courage that will see us through.

For this: We thank Thee.

CONNIE AMBROSE.
