## ISLAND COUNTY WINS FIFTH PLACE AT YAKIMA

(From WHIDBY RECORD)

Island county has scored again, this time at the state fair at Yakima, as the following letter received by E. E. Noble from Roy Kern of the state department of agriculture shows:

"The pictures taken of the Island county booth at the State Fair in Yakima this year have just arrived, and I am forwarding a snapshot and an enlargement to you. These you may keep if you so desire. The Island County booth at the State Fair this year placed fifth out of an entry of 25 counties, which is an excellent showing for the first exhibit of this county at the State Fair. There were only ten points difference between Island County and the county placing first.

"You will note in the picture the display is very plain, the arrangement is exceptionally good and all of the products placed so as to show their quality, which in the final analysis is what is desired. This exhibit caused a good deal of comment from the viewpoint of quality products and also for the reason that it was the first time this county had been exhibited at a State Fair, and a good many people were not even aware of such a county in the state.

"Should there be another state fair next year, if it is possible I am sure the Department of Agriculture would be glad to represent Island County with an exhibit at that time.

"This county placed over Snohomish, Skagit, Whatcom, Pierce and all Western Washington Counties except Jefferson and King."

## "THE COHENS AND KELLYS IN HOLLYWOOD" IS COMING

Cohens and Kellys in Hollywood." Universal's limerick of laughs that mirrors the mad cavortings of George Sidney and Charlie Murray in the film capital will open at the Circuit Theatre on Wednesday and Thursday, Nov 23 and 24.

Having weathered the storms of Paris, Scotland, Atlantic City and the wilds of Africa in the previous pictures of the 'Cohens and Kellys' series, capitulating adventures, Sidney and Murray now put their mirth-provoking abilities to the task of out-Hollywooding Hollywood. Advance reports testify to their success in reaching heights of humor that surpass even their funniest escapades in former pictures.

Did it rain, or did it rain? So far this month we have had 3.45 inches of rainfall and the month is only half over. If this keeps up for the rest of the month our precipitation will be greater than any on record for November.

Looking back over the years our weather man found the greatest November downpour in 1897 when the records show 4.42 inches. Other wet Novembers were 1896, 3.60; 1902, 3.43; 1903, 4.46; 1920, 2.41; 1927, 3.41. The lowest on record is 1928 with only .64 inches. Last year November showed 1.23 inches.

## INDIAN CHIEF COMES TO END OF LIFE'S TRAIL

CHARLEY SNAKELUM PASSES AWAY AMONG OWN PEOPLE ON RESERVATION; FUNERAL HERE FRIDAY

Chief "Long Charley" Snakelum came to the end of his trail Wednesday evening at 7 o'clock surrounded by his own people on the Tulalip Indian reservation near Marysville.

In a letter to one of his closest friends here, Puget Race, the aged chief, feeling the end was near, asked that he might be buried at Snakelum point on Penn's cove beside his father. Today (Friday) his wish will be carried out. Last rites will be paid him at 1 o'clock from the Methodist-Congregational church in Coupeville and he will rest beside his parents.

Chief Snakelum was born more than 90 years ago on the point three miles east of Coupeville, where he spent all his life, refusing to move with his people to the reservation. His mother died when he was very young and he was reared by relatives. He became ill from a heart ailment and the effects of old age and about 10 days ago friends moved him to the reservation where he could be given constant care.

He numbered among his closest friends hundreds of Whidby island pioneers and more recent residents. As a young man he witnessed the decapitated body of Col. Isaac Ebey, who was beheaded by hostile northern Indians. For the three years of its existence the Coupeville Water Festival, ever growing in magnitude, has been dedicated to Chief Snakelum.

He is survived by a niece, Mrs. Sam Shelton, and a nephew, George Snakelum, who now inherits the title of "chief."

Miss Jensen is a graduate of the Langley high school and one of the most popular young ladies of the south end of the island, while Mr. Libbey is a native son of Coupeville, and is the son of Mrs. Howard Libbey of that place. Mr. Libbey is a graduate of the Coupeville high school, and was a prominent athlete of that school for a number of years in football and basketball. After a short wedding trip to points of interest, the young couple will make their home at Coupeville.

## MRS. ALICE GOETCHIUS DIES AT ANACORTES

## FALCONS HOLD OAK HARBOR TO SCORELESS TIE

LANGLEY SURPRISES WITH GREAT DEFENSE IN ARMISTICE DAY GAME AGAINST WILDCAT ELEVEN

The Oak Harbor grid machine wasn't working so well and as a consequence a scoreless tie resulted in the game played at Langley Armistice Day.

The old bus couldn't get into high gear and a few times when it looked like it would make the grade for a score, the clutch would slip, the plugs miss or the darned crate would just quit for no good reason at all.

This in no way meant to belittle the Falcons for they put up a fine exhibition of defensive ball. They were wide awake at all times and took advantage of all the chances to stop the Wildcats. They used their superior weight to effectively stop the Harbor's running plays and showed a strong defense against Coach Rhode's passing attack.

But the Wildcats were doped to win. They knew it, and like the election, the result was a complete reversal of the expected. Out in the open the Wildcats sparked enough to get down near the goal, but didn't have the punch to put the ball across. Langley would kick out of danger and the Harbor would start right back down again forcing most of the play in Falcon territory.

Langley's only demonstration of offensive play came late in the game with a few completed short passes that netted yardage. Montgomery, Claypoole and Applegate stood out as ball players worthy of any coach's team.

Keister and Kammenga nullified Langley's attempted running plays on the line time and again. In the backfield the main threat was Buster Kreig until he went out of the game early with an injury.

Gorden Kennedy bore the brunt of the attack. His playing was handicapped by a leg injury that slowed him down. Burdette Case who went in for Kreig, showed promise of an elusive ball packer.

## COMMUNITY ASKED TO HELP GIRLS AT BASKET SOCIAL

Do you know of any girls organization that is better than the Girl Scouts? Aren't you glad to have the girls of your community in such an organization? If you do appreciate this organization and its efforts won't you help the girls raise money to keep up their work by coming to the basket social at the Masonic hall Saturday evening, November 19 at 8 o'clock. Young and old are invited and there will be entertainment for all. There will be bridge and whist for the adults and cootie and crokinole for the younger folks. You may have your choice of any of these. The baskets will be auctioned at 10 o'clock for not more than 50 cents.

Come on everyone, let's make it a community affair!

## SHERIFF'S POSSES FAIL IN SEARCH FOR JACK BROWN

Sheriff's posesses have been conducting searching expeditions since the first of the week in an effort to find Jack Brown, Whidby island character, who has been missing from his cabin home on Lagoon point since last Thursday.

Brown, in his eighties, and living alone, started for a neighbors home and when he did not arrive the hunt was started. It is generally believed he fell on the beach and that his body was carried into the straits by the tide. He had lived on the island about 30 years and had a wide acquaintance.

### FICTION STANDARDS

The American Fiction Guild, an organization of American popular story writers, has undertaken an ambitious program for the improvement of the American fiction story of all lengths.

It is the aim of the Guild to free the American home of the pernicious influence of sordid sex stories and of the gangster-hero story which stimulates in the adolescent mind an unhealthy desire to emulate.

The Guild is eager to prove to the public that its product, as represented by the better publishers of all-fiction magazines, is wholesome, heroic, clean and appeals to the highest ideals of American youth of both sexes. It does not advocate a return to the old blood and thunder fiction. It merely wishes to make it plain that the American popular story issued by publishers whose whole desire is to place before readers of all ages, good, clean stories that appeal to the spirit of romance of life does not stimulate the imagination except in a healthy and noble way.

It is an ambitious program, but with the close cooperation of writers, publishers and above all, the public—the time will soon come when the news stands will carry only the best stories by the best writers, produced with a careful eye to its wholesome effect on the general public.

Could things be worse? Listen to an Associated Press dispatch from Perth, Australia. It tells how the sheep raisers of Northwest Western Australia are destroying their sheep after shearing because they cannot get even as much as 12 cents apiece for them in the market. They take the wool and then destroy the sheep to get rid of the expense of keeping the animals. Things are far worse in Australia—and in many other countries—than they are in the United States.—San Francisco Chronicle.

### THE PIONEER PREACHER

(Mr. McNamee is a retired preacher having resided in Langley for a number of years.)

A pioneer Preacher, born in the West, Has stood every trial, and every test.

A. J. McNamee is the man's name Who deserves recognition in the hall of fame.

To those who know him he's brother Mac,

Who traveled the trails, with a pack on his back.

He gave to the poor, and prayed for the sick.

About his own trials, he made no kick.

A man of few words, but noble in deed

Ready to help any in need.

He gave away books, and papers galore.

He'd have given one to you if he'd had any more.

There was a great joy for him in giving,

A man of upright and honest living.

He built many Churches, with the thought in mind

Of helping those that were spiritually blind.

To those who know him, he's loved very dearly.

He pointed the way to salvation clearly.

When the Lord calls away this dear one

He will be rewarded for the work he has done.

—Harry Furman, Langley

### THE SHIP

We have a new crew on the ship of fate

With Roosevelt the Captain and Garner the Mate.

We secured the best men we could find

Men with ability and understanding combined.

The sea will be stormy and rough you bet,

But with Roosevelt and Garner we'll have no regret.

They will encounter some reefs in the sea

But they'll make the harbor of Prosperity.

The needs of folks they understand,

They know of the suffering that's in this land.

A job will be made for you and me

Then we'll all be as happy as can be.

—Harry Furman, Langley

## HELP THE RED CROSS TO HELP THE NEEDY!

The 1932 poster of the American Red Cross Roll Call for members.

EVERY year, beginning with the World War, the Red Cross has issued a poster calling attention to its roll call for membership, which is held, traditionally, from Armistice Day to Thanksgiving Day. Many famous artists have painted these

posters. Usually they center about the figure of a Red Cross nurse, which carries sentimental recollections of her service during the war, and of her service in disasters in peace-time, as well as in the paths of public health.

The poster this year is a timely reminder that the Red Cross needs help, if it is to carry on helping others. Every one who joins as a member of the Red Cross chapter in his community will be helping to help the needy.

### Coupeville WEEK by WEEK By A.A. Person

GOOD MORNIN', KIND REEDERS:—O yeah! We air all hear, feelin' a lil better'n we did, er rather not quite so bad ez we did fer a few days after 'lection, tho we MUST say that we ain't quite reckonsiled yet to the outcome. However, ev'rybuddy can't have there own way ALL the time, so we'll jest haf to let the other party chuckle fer the next 4 an' a haff years.

An' now here's them foolish rhymes we promised last week to put in this yere column:

NITE TIME  
At the stroke uv ten to bed we go,  
But do we go to sleep?  
M-M! we lay fer 2 hours er so,  
Countin' Bert Nuttalls' sheep.  
Sure we're gittin' a pretty raw deal,  
So long a time we're awake,  
An' our tummy has an all-gone feel,

So our way to the pantry we take,  
A midnite lunch-quite lite you know—  
Then back 'tween the blankets we crawl.  
Up agin, rite a letter er 2,  
An' at last asleep we fall.  
A short haff hour we quietly doze,  
Up an' out uv the winder we peep:  
No lite in Jo Black's winder shows  
All the town, save us, is asleep.  
6:30 the Atlanta rouses us:  
Wide awake as enny ole owl!  
We toss & turn & fidget & fuss,  
But cain't sleep by fare means er fowl.

O fer a cradle in which to rock!  
Er the croon uv a lullaby hymn  
At the tho' we cat-nap til 8 o'clock

Then up an' at it agin!

The other day one uv our sassy dames was walkin' down the sidewalk from the perary in her usual ennergetick stile, when 2 lil kids ahead turned 'round an' lookt at her an' then started to run ez fast ez there lil legs cood kerry 'em. When she ketcht up with 'em she askt why they were hurryin' so, an' one uv 'em sed, "Why we tho't you was the ole E-VIL ONE an' was chasin' us an' wood ketch us if we didn't run ez fast ez we cood!"

There goes a chap kerryin' a grate big empty box—s'pose he's takin' it home fer his wifie to put the THANKSGIVIN' TURKEY's fethers in. Sure, even ef it is HARD TIMES, these fellers that have got TURKS on hand will haf to git red uv 'em sum way, ef they hafta give 'em to there naybors. Cain't afford to keep the big birruds over another year! NO-SIR-REE!

Now the chipmunks have pickt all the nuts they want to stow away fer the winter feed, WALLY didn't feel consence - smitten when he bot all them nuts in the winder to sell fer a part uv the THANKSGIVIN' dessert.

## Robert Pratt Editor

### EDITORIAL COMMENT

From the Summerville High School in Tuolumne, Calif., has come the "CHIPMUNK," their school paper, and a note from the editor, saying, "We would appreciate an exchange paper from your school, if you are putting out one this year."

We certainly are putting out a paper, and we most decidedly WOULD like to exchange, not only that we may keep tab on our friend Francis Coates, who attends that school, but because the "CHIPMUNK" is about the best paper we have seen. The standards of this paper are of the highest, making it an inspiration to any reader, and it is also entertaining and newsy.

### EXCHANGES

In the "Totem" of the Lincoln High School, Seattle, we notice that each Freshman girl is given a "big sister" when she enters school. These "Big Sisters" are appointed to give the freshman girl help during the school year, in becoming acquainted, and in establishing herself well in the best she is able to do in her school work. This would work with the girls in our school, but it would be hard to find enough big brothers.

### RULES FOR PARTIES

The "Chipmunk" gives the following rules for their high school parties:

Parents are always invited and always welcome.

Pupils shall remain in the auditorium unless they have business in the halls or other rooms.

All persons attending parties must not leave the building without permission, and if they do so may be refused readmission.

No disorderly conduct will be tolerated.

Pupils are expected to set the example for their guests.

A pleasant time was had by those who attended the party of the Coupeville and Oak Harbor high schools in San de Fuca. A pleasant feature of it was that the parents took enough interest to attend.

In the high school, different phases of the value and the necessity of an education were discussed by Genevieve Mulder, Dorothy Morris and Bessie Gookins.

Mr. Lyle Muzzall, a member of the American Legion, gave an interesting talk on South American countries and people, trips which he took while on a battleship of the U. S. Navy.

Mrs. Frank J. Pratt talked on "International Peace, as Related to the Public Schools." In response to American Education Week.

This program was greatly enjoyed by the students.

### HIGH SCHOOL CONFERENCE AT THE UNIVERSITY

Each year a conference of high school students, composed of delegates from the high schools of the state, is held at the University of Washington.

This year, under the chaperonage of Mrs. Smith, who will take them in her car, C.H.S. sends Lila Davies, Raymond Hull, Dorothy Morris, and Cecil Arnold. A different group of students is to be sent each year, so perhaps it will be your turn next year.

Robert Pratt attended a concert at the University of Washington Thursday evening. The next day he visited the Chemistry classes of the Broadway High School and attended their Armistice Day program.

### WHAT IS READ BY STUDENTS OF C.H.S.

In the interest of news, our editor conducted a survey of newspapers, magazines and books which are favorites in our high school.

Among newspapers read, the Seattle Times has the highest vote, the Seattle Star next, followed by the P-I. The predominating reason for liking these papers is, "They have good funny papers."

The Springfield Republican and the Christian Science Monitor are well liked because "they have good clean, reliable news and lots of other information which I can use in my school work."

The Island County Times is the most interesting paper for several who voted.

Among magazines, the American seems to be the most widely read. The Literary Digest, the Geographic, and the Nature Magazine are favorites of several students, as are also the Saturday Evening Post, the Ladies Home Journal, the Country Gentleman, and the Washington Farmer, the American Boy.

The favorite books are so varied that it is not possible to give them, except as they are read by several. There are some titles among these books that go with a few of the magazines, but most of the list is fine. Jean Stratton Porter and Zane Grey seem to be the favorite authors. The book, Smok-

### BOYS' BASKETBALL

By RAY HULL

An unexpected but pleasant surprise was given to the high school students when 16 boys turned out for basketball.

About half of the fellows have had little or no experience, but Coach Browning has lots of time to get them into shape. If the proper cooperation is given. The boys who have had previous experience are Shy Clark, Buddy Smith, Ikey Alick, Harold Smith, Ray Hull, George Mathews and Howard McDonald. The last two are eighth graders. Buddy and Shy won't be eligible 'till next semester.

Only one boy seems sure of a job on the first string. He is Shy Clark, who showed the fans some nice basketball last season. Shy will probably be the center where he worked last year.

The boys' minds should be kept keen remembering their time to turn out. It's at 7:30 p. m. Mondays and Fridays; 2:45 Tuesdays and Thursdays, and right after school Wednesdays.

Our Coach has a good turnout to build a team from. The Wolves are declaring open season on Falcons and Wildcats. They are out for blood. Watch the Wolf pack.

ey, is widely read, Paul Bunyan, Twenty Thousand Leagues Under the Sea, Ben Hur, Lindbergh's, "We," and some votes for the history text book which is now being studied.
