Nooksack Wins Trophy In Holiday Tourney

Whidbey's two representatives, Oak Harbor and Coupeville, fell by the wayside in the first rounds of the annual holiday tournament, held last Thursday and Friday at Oak Harbor. Coupeville lost its first game to the eventual champs, Nooksack Valley, by a 45 to 38 score and Oak Harbor lost to Mt. Baker 70 to 52.

Waller's Wolves won the consolation game with Oak Harbor 66 to 49 Friday night while Nooksack edged Baker 55 to 52 in the trophy match.

Coupeville got off to a poor start against Nooksack Valley, hitting poorly for the entire first half. At the end of the first quarter, Nooksack had a 13 to 0 lead and by the half the Wolves trailed 28 to 9.

Early in the third period, the Wolves began to take hold, chopping the lead to 37-24 before the quarter ended. By the final whistle the lead was cut to only seven points but it was enough to put the Wolves out of the trophy dash.

Oak Harbor, in its first round battle turned the tables starting fast but slowing as the game progressed. The Cats led 13 to 11 at the end of the first quarter but Baker surged ahead in the second frame to lead at the half 41 to 23. The Cats pulled up a bit in the third period but the final frame found Baker running away with the game.

Biggest troublemaker for the Cats was Halderson of Baker who popped in 24 counters for the Mountain team.

Friday night in the consolation game, the Wolves took an easy win over the Cats, bouncing into an 18 to 10 first quarter lead and increasing it to 38-17 at the half. Harold Buckner with 13 and Elzinga and Zylstra, each with 12, hit well for the Wolves while Christensen sank 13 to lead the losers.

The championship game was nip and tuck for four full quarters. Baker led Nooksack 13 to 12 at the end of the first quarter and 27 to 24 at the half. The Border team went into the lead in the third quarter by a 38 to 36 score and continued on to win.

Baker's Halderson, who had played havoc with the Cats, couldn't find the basket against Nooksack and potted only eight points. Zender, however, found the going good and hit 18 points. The winners spread their scoring, with Walker hitting 15 for top honors.

Navy Man Wanted For Questioning In Grill Burglary

A warrant for the arrest of Robert Holland, a Navy serviceman, was issued last week by the Island County Sheriff's office, according to Sheriff Andy Vander Stoep.

The sheriff said Holland is wanted for questioning in connection with the recent burglary of the "Y" Grill.

Holland is presently absent and over leave from the Navy.

Wildcats To Face Top Ranked Team Here This Friday

The first and possibly the toughest of five straight league games for the Oak Harbor Wildcats takes place Friday night when the locals host LaConner's Braves, the team rated best among the state's B schools.

The Jayvee game, as usual, will start at 7 p.m. and the varsity gets underway about 8 p.m.

Next Tuesday, the Cats travel to Concrete for the second in the five game league series.

Still winless, both in practice and in league games the Cats appear in Friday's contest as far from the favorites except in the hearts of the never-say-die home town fans.

The Cats' best chance to win appears to be employment of a PV-2 to stop Gail Thullen who makes up about 90 per cent of the LaConner team.

Cat fans have had two glimpses of Thullen and Company in action, both during the Island County jamboree. In those contests, the Braves sank Coupeville 22 to 13 in the quarter they played, with Thullen potting ten of LaConner's points. In the second Brave appearance at the Jamboree, Langley chlung to a ten to ten tie, with Thullen connecting on 8 of LaConner's 10 points.

What Thullen is to LaConner, Sullivan and Johnstone are to Concrete in duplicate, thereby indicating what the Cats are up against next Tuesday.

In one previous game with Concrete this year, the Cats lost 60 to 42, with Johnstone sinking 16 points and Sullivan 17. Sullivan, however, made all of his counters in the second half. Concrete may use him for the full game next Tuesday.

Chief hope for the locals, in both games, is the increasing percentage of shots which hit the basket. In the first few games, the Cats have had no end of trouble hitting the rim but have steadily improved as the season progressed.

The Wildcat at fast break is working better and the two tall boys, Dennis Faber and Les Ellis, are steadily improving. Whether the team has improved enough will be seen Friday and next Tuesday.

Father And Son Rescued From Logs

Two duck hunters, father and son, from Seattle, were rescued cold and wet from a log boom Monday morning by Fred Johnson of Dugalla Bay.

The two hunters were stuck on the log boom in the middle of the bay when their small skiff sank. Johnson heard their cries for help, borrowed a boat and brought them to shore.

Names of the two unfortunate hunters were not learned.

Steelhead Expert To Show Gear

North Whidbey Sportsmen's club has issued a public invitation to steelhead fishing fans to attend the club's next meeting, at which time Don Nelson of Seattle will demonstrate the use of steelhead fishing gear.

The meeting will be held at the Sportsmen's clubhouse next Wednesday, January 11.

Mr. Nelson is connected with the Nordby Marine and Sporting Goods company of Seattle and his demonstration was arranged by Ed Walgren, Terry Mitchell and Ray Maylor, program committee for the club.

The services of Mr. Nelson were obtained through the courtesy of Chuck Dann's Sporting Goods, Inc., of Oak Harbor.

Tom Matczynski who spent the holidays here at home with his parents, left Monday evening to return to the University of Washington where he is a freshman.

NEW TELEVISION — Enjoying the Christmas present given him by friends and neighbors is Bill Lam of the Monkey Hill area. A well guarded secret, the installation of the set was done while Mr. Lam was in town. His first reaction was "blank, blank, I'm in the wrong house."

Twin Boy Deductions Born To Geo. Tesches

Twin boys who were to have been New Year's babies, made their appearance just before midnight Saturday at Harpole Maternity hospital in Coupeville, when Mr. and Mrs. George Tesch of Oak Harbor became the bewildered and happy parents of the pair.

Dwight Allan made his debut at 9:30 p.m. weighing 5 lbs. 12 ounces, and his brother, Barry Glenn, was born at 11:30 p.m. weighing 6 lbs. 6 ounces. The dark-haired babies hadn't been expected until the middle of January, and two of them hadn't been expected until about a month ago.

The babies were delivered by Dr. Henry Carskadden of Oak Harbor, who delivered both Mrs. Tesch and her husband. They are the first twins that Dr. Carskadden has delivered to one of his "babies."

To the paternal grandparents, Mr. and Mrs. Max Tesch, the babies are a special bundle from heaven for they are the first grandchildren in the Tesch family to carry the name. They make eight grandchildren for Mr. and Mrs. Max Tesch. Maternal grandparent is Mr. Herman Mensinga.

At the Harpole Maternity Hospital there was a great deal of excitement too, for the Tesch twins are the seventh set of twins to arrive here since Mrs. Harpole established the hospital in 1936. And the 124th babies born there in that time.

Mrs. Harpole happily searched her records for the press and came up with the following twins born in the last nineteen years: Thomas and Geraldine Muzzall in 1939; Franklin and Charles Walker born in 1939; Henry and Kathleen Fossek born in 1947; Jorja and Berta Quade born in 1948; Danaly and Dennis Smith born in 1948; Marvin and Darryl Darst born in 1952; and Dwight and Barry Tesch born Saturday night, 1955.

Six of the seven sets of twins live on Whidbey Island; the Walker twins living in New Mexico were visitors this past summer with their parents, Mr. and Mrs. Howard Walker, at the Harpole hospital. The Muzzall, Fossek, Quade and Smith twins live on south Whidbey, and the Darst and Tesch twins on north Whidbey.

And with all the excitement about the twins came the realization to the happy parents that the little boys were also twin exemptions on their 1955 income tax return!

Happy New Year to Oak Harbor's newest twins!

Marketown Starts Ice Melting Contest; Best Guess Wins

Alaska's famed ice break-up guessing contest will have nothing on Whidbey this year, thanks to Marketown merchants who this week announced plans to hold a gigantic ice-melting contest during January and February.

Nearly a dozen merchants will be participating in the contest, with each offering valuable individual prizes to the person or persons luckiest or most skillful in guessing how long ice takes to melt.

Each of the merchants will place a block of ice in front of his business in February. Winners of the guessing contest will be decided on the basis of the closest guess on the length of time it takes the ice to melt.

Each of the participating merchants will have his own block of ice. To help make the contest interesting, weights of the blocks of ice will vary from 300 pounds downward.

Guessing starts this week and will continue through January. All guesses must be in before the block of ice is set out. There is no limit to the number of guesses any one contestant can make during the month at any of the stores.

Every purchaser at one of the participating businesses will be given a guess, and information on prizes being given will be given in future issues of this newspaper.

Jake Balda Dies; Funeral Wednesday

Funeral services were held Wednesday afternoon at the Christian Reformed church for Jake Balda who died Monday at the Anacortes hospital following a stroke on Monday at his home.

Mr. Balda was a long time resident of Oak Harbor where he was well known and respected. The Rev. Jacob Hekman conducted the services and burial took place in Mapleleaf cemetery.

A complete obituary will be in next week's paper.

Family's Pet Dog Shot By Vandals

Mr. and Mrs. Albert Van Dyk experienced a sad New Year's day when they found their pet collie, Ginger, shot and crippled badly as she watched the cattle in the field.

Ginger, a six year old pedigree collie, was a faithful farm dog and pet as well as cartaker of the cattle keeping the cows away from the fences, and keeping other cattle out. She was a gentle, affectionate dog, and Mr. and Mrs. Van Dyk are at a loss to explain why anyone would commit such a crime against a dog.

The Van Dyk family is offering a reward for any information that will lead to the apprehension of the vandal, Ginger, in the meantime, is not expected to live.

AMARANTH MEETS

Whidbey Island Court No. 65, Order of Amaranth will hold their regular meeting on Thursday, Jan 5 at the Masonic hall in Coupeville. Initiation ceremonies will be held and all visiting Amaranth members are welcome to attend.

NEW MANAGER

Mrs. Ralph Mortenson has taken over management of the Pastime Lunch counter. She previously worked at the "Y" Grill.

Five Hour Trial Ends With Sentence For Local Driver

Clayton E. Jones of Oak Harbor was acquitted of one charge, a second was dismissed and he was convicted of a third at the conclusion of a five hour trial during which some 15 witnesses came to the stand Tuesday afternoon in Judge John Wold's police court.

The charges were filed as the result of an accident December 30 in which 2 1/2 year old Wilford Wayne Wheeler was struck by a car in downtown Oak Harbor. The youngster was not injured seriously.

A charge that Jones operated his car in a reckless manner was dismissed on the motion of Jones' Attorney, Harwood Bannister, midway in the trial. He was acquitted at the conclusion of the trial of a charge that he operated his vehicle while under the influence of alcohol but was convicted of a charge of leaving the scene of an accident.

City Attorney Russell Johnson in his final argument, said the city did not contend that Jones could have avoided the accident.

"All testimony points towards the fact that the youngster dashed into the street," he said. "The question to be resolved is whether Mr. Jones knew he had struck the child or whether he should have known that he struck a child. As far as the accident is concerned, it could have happened to anyone."

Judge John Wold, in finding Jones guilty, laid blame for the accident could be laid to several factors not the least of which was the designer of Mr. Jones' car, who, he said, "built it like a submarine and didn't put in a periscope."

Wold also hit at the installation of the stop light, which, he said, makes any driver crane his neck to see it.

The sentence was 30 days in jail, suspended; \$100 fine with \$50 suspended and revocation of driver's license for one year.

Proposed Extension Of Highway 101 Receives Setback

Word has been received from New Orleans that the proposed extension of Highway 101 has been turned down.

Extension of the highway from its present ending through Port Townsend, across the Island and on to a junction with Highway 99 has been urged for several years by groups on the Island and on the Olympic Peninsula.

Refusal to extend the highway was made at a meeting of a national road group in New Orleans, the road group having the authority over numbering of highways.

Word of the refusal was received by County Commissioner Jack Meeter through Morris Starrett of Port Townsend and Meeter is president of the Keystone Harbor Ferry Association and Starrett is one of that organization's most active members.

Future Growth Forecast By Mayor, Bud Lueck

Accomplishments of the past and plans for the future were outlined for their respective organizations by Chamber of Commerce President Bud Lueck and Mayor Richard Zylstra in speeches before Rotary Club in Oak Harbor last Friday. Both speakers expressed satisfaction for the progress in the past year and both said they see a bright future ahead.

L. C. Logan Loses Finger In Accident New Years Day

The New Year began all wrong for L. C. Logan of Scenic Heights, who received a painful injury with a badly crushed left hand and loss of a little finger in an accident Sunday evening.

While welding machinery, Logan's hand slipped and the hand was caught in the fan of the motor, crushing the hand and pulling tendons in his arm and shoulder. The little finger of the left hand was amputated at the Anacortes hospital where he was taken following the accident.

Logan was resting uneasily at his home on Tuesday after returning from the hospital on Monday evening. Over a year ago he was badly burned on both hands in another accident involving a lawn mower.

Four Months Left For F. Kooyman

Fred Kooyman, Jr., of Oak Harbor was to leave for Mississippi this Wednesday where he will finish out his fourth year in the Air Force and be discharged in April.

Fred spent the holidays in Oak Harbor after returning from his second tour of duty in Korea just before Christmas.

Fred left for Korea on his second tour of duty just three days after his marriage on December 31, 1954, much to his surprise and dismay. He had already had one tour of duty in Korea and, in addition, a five months' tour in Japan. Mrs. Kooyman stayed with her parents in Anacortes while he was gone.

After his discharge, Fred plans to go in with his brother, Bob, in the operation of Bob's Service at Chimes Corner.

Rev. Henry Jacobs Stricken At Service New Year's Eve

The Rev. Henry Jacobs, pastor of the First Baptist church, is convalescing this week from a heart attack suffered Saturday while conducting New Year's eve services at the church.

Mr. Jacobs, conducting services at a watch night observance was stricken suddenly, and was attended by Dr. Mark Gabrielson. He is able to sit up part of the time this week, but to resume his normal activities very slowly.

PACK 95 MEETING

Committee members of Pack 95 are to meet Monday evening, January 9, at the home of Jerry Weland.

Zylstra said some \$35,000 was spent on roads by the town during the past year.

"We put in 7960 lineal feet of asphalt road and cooperated with the federal bureau in improving another 2000 lineal feet of asphalt road. More than 10,000 feet of MC-2 penetration surfacing was done and 4000 ft. of road received a dust coating.

Street lights were more than doubled during the past year."

The Mayor said the town's growth was reflected in the water department which added 32 new water services and installed 2500 feet of new water lines during the year.

"Highlight of the year was the installation of Fluoride equipment," he said.

Mayor Zylstra also announced that a study is presently underway for odor control of the city water supply.

Among other things, Mayor Zylstra pointed out that 85 building permits were issued during the year, several new plans were approved, income was higher than ever and that the town library showed ever-increasing use.

Future Growth Forecast By Mayor, Bud Lueck

Accomplishments of the past and plans for the future were outlined for their respective organizations by Chamber of Commerce President Bud Lueck and Mayor Richard Zylstra in speeches before Rotary Club in Oak Harbor last Friday. Both speakers expressed satisfaction for the progress in the past year and both said they see a bright future ahead.

Lueck compared work in the North Whidbey Chamber with work in a garden.

"You work the ground up and plant your seeds," he said. "It's a lot of work and for a time nothing seems to happen. Yet if we stick with it we will someday harvest far more than we planted."

The Chamber president said the work of the Military Affairs Committee has been the most important function of the Chamber during the past year.

"On several occasions," he declared, "this committee has solved problems of a Military-Civilian nature that could well have resulted in great bitterness if there had been no organization standing by ready to help."

Lueck pointed out that the Chamber has undertaken several projects designed to promote personnel and the civilians.

"We have had two Navy-Neighbor dinners, the first purely social and the second consisting of a fishing derby and subsequent salmon barbecue," he said. "We have also taken part in welcome home ceremonies for returning squadrons."

Lueck pointed out that the Chamber has worked toward community betterment and played an active part in helping the planning commission with its report on waterfront improvement and in obtaining the services of Pfrank Emery Cox.

Looking toward the future, Lueck predicted repeat performances of a new sanitation treatment plant during the year.

"The town purchased a new, modern garbage truck unit and constructed a new city shop building."

Mayor Zylstra declared the city did more last year for recreation facilities than ever before.

"Two life guards on the city beach gave swimming lessons; Neil Park was cleared of brush and debris and a new building was erected for storage of equipment at the city beach."

Zylstra said some \$35,000 was spent on roads by the town during the past year.

"We put in 7960 lineal feet of asphalt road and cooperated with the federal bureau in improving another 2000 lineal feet of asphalt road. More than 10,000 feet of MC-2 penetration surfacing was done and 4000 ft. of road received a dust coating.

New '56 Licenses Now Are Available

Hunting and fishing licenses for the calendar year 1956 are now available to sportsmen through approximately 1,000 license dealers acting as agents for the Department of Game.

Although 1955 duck stamps, deer and elk tags are usable during any of the currently established seasons which extend into 1956, a new license to hunt or fish must be in possession of the outdoorsman after December 31, the Department of Game announced today.

ISLAND COUNTY AGENT SAYS

By Lawrence Thie

Farm foresters interested in growing bigger and better Christmas trees will be interested in the research project started at the Southwest Washington Experiment Station.

John Nagle and Dick Dingle, foresters at the Station, are hoping to determine which strain and species of trees are best for Christmas tree production, how best these trees may be propagated and how long it takes different kinds of trees to reach marketable size.

They are also attempting to do some work on fertilization, pruning, shearing, trimming, stump culture, etc., as it affects investment costs per acre, production costs and expected return. First step in the project is the planting of approximately 200 plants of seven species of trees and varieties which are currently available.

This planting will be done on a rather steep hillside not suitable for annual cropping but of the type which farmers are considering for tree production.

As with any research work related to trees, it will take a considerable period of time to get this project underway or to obtain any results from it. However, it is work which is very much needed and gives promise of producing worthwhile results.

Dairymen and other livestock producers will be interested in the program presently underway to eliminate the duplication customary in the use of cattle ear tags at present. Miss Polly Goodwin, of the State College, recently speaking to a group of DHIA testers and Board members, made mention that this program was underway.

I feel certain we'll hear more about this particular editorial in the days ahead.

Our founding Fathers recognized the importance of religion in everyday life. They also recognized that it should not and must not become a pawn for petty bickering, therefore the emphasis on freedom of religion but not freedom from religion. At times we seem to be getting pretty far away from it in our everyday lives. This whole issue of Life was devoted to the various great religions of the world. If you haven't seen it, it is worth looking up and spending a little time with.

This is the season of the year when cattle grub are likely to put in an appearance along the animal's back. Infestation of cattle grub in your livestock herd will not only greatly interfere with the growth and development of the individual animal and rob it of any degree of comfort but will also greatly damage the meat and hide.

Effective grub control is readily available with the use of Rotenone treatment applied either as a dust and brushed into the hair and onto the skin or applied as a pressure spray. Check your cattle now and if there are evidences of bumps on the back which indicate grub infestation obtain a supply of Rotenone and start treating now. Further details on this treatment are also available here at the office.

Quite a list of Island County dairymen on the DHIA honor roll currently. Dave Kirk is the only one who made the roll with his whole herd with an average of 45.1 pounds of butterfat per animal for the month.

Individual cows from the following herd owners made the honor roll: Ben Loers & Son, Arnold and Ralph Freund, Gus Reuble, Ben Loers and Son two more times, and Ed Weidenbach. Congratulations.

High production, accurate records and good management add up to success in the dairy business as in any other phase of farming.

Fairy Rings! Does that mean anything to you? Have you noticed recently looking circular patterns appearing in your lawn with mushrooms frequently growing in this green or circular pattern? To start with this pattern may be just a single spot of unusually dark green colored grass. Later it becomes a ring with a hollow or open center where there will probably be no grass growing. This increases in size from year to year until the ring may be anywhere from a few feet to 15 to 20 feet in diameter. As the ring grows, the center may gradually fill in with grass again.

The so-called fairy ring is

Holdovers . . .

By Ace Comstock
Take heart. The New Year could have started off worse. The Internal Revenue Bureau, for instance, could have stuck by its ruling that it wasn't going to help taxpayers figure out their returns.

The reason for the Bureau's ruling apparently was that the taxpayers weren't really trying to figure it out before going to the Bureau for help. But that's neither here nor there and the Bureau has outlined a program designed to help the taxpayer fill out his return. First step is preparation of a book giving simple, easy to read instructions. Flip it open and what have we here?

"The charge with respect to any underpayment of any installment is mandatory and will be made unless the total amount of all payments of the estimated tax made on or before the last date prescribed for the payment of such installment equals or exceeds whichever of the following is the lesser . . ."

Now that there's pretty clear for us starters. Let's see, what else is there to know that we can learn from these simple, easy to read instructions . . . ?

"If the sum of all the capital losses exceeds the sum of all the capital gains (all such gains and losses to be taken into account at 100 per cent) then such capital losses shall be allowed as a deduction only to the extent of (1) current year capital gains plus (2) the smaller of either the taxable income of the current year (or adjusted gross income if tax table is used) or \$1000 . . ."

Sure glad they put out those easy to read, simple directions for the simple folk. Don't know how we'd pay our taxes without them. (Don't know how we'd do it with them either.)

Says here in these instructions too, if we read it right, that if a debt, such as a personal loan, becomes totally worthless during the year, you can do something with it. Should be allowed as a deduction of debts I'd just as soon get rid of. Maybe they'll take them off my hands?

Those income tax fellows know their onions, though. Says here that "if a joint declaration is made but a joint return is not made for the taxable year, the estimated tax for such years may be treated as the estimated tax of either the husband or the wife or may be divided between them in any proportions . . . If it's like income, the split will be about 90 to 10."

Anyway, if things get too tough, you can always get help from the Bureau in making out the returns. Next logical step is to get help from the Bureau in paying.

Still like the simple form someone once suggested. (1) How much did you make? (2) How much did you spend? (3) How much did you get left? (4) Send it in.

caused by fungus or mold that lives in the soil. A current progress report from research workers at the Western Washington Experiment Station gives more information on just what a fairy ring is and how it grows. However, there still is no satisfactory cure or treatment for this lawn disease.

I have seen pastures around Island County infested with the disease and literally covered with the circular spots that indicate presence of the fairy ring fungus.

While it may not be a serious disease from the standpoint of plant life, it is certainly an unsightly manifestation of an otherwise beautiful lawn. One of these days research workers will find a satisfactory treatment. Till then about all we can do is fertilize and water our lawns in order to keep them in a high state of fertility with rapid growth. Under these conditions the fairy ring is less likely to do serious damage.

Farm Loan Office Moves To Everett

The Farmers Home Administration office at Mount Vernon will be moved to Everett the first week in January. The office will be located in the Barnes Insurance Building at 310 1/2 Hoyt Avenue directly south from the bus station in Everett.

It is expected that the facilities can be set up and telephone service made available so the office will be ready for applicants and borrowers by Monday, January 9. All correspondence should be directed to the Everett address.

Beginning January 11 and continuing until further notice, Wednesday of each week the County Supervisor will meet with applicants in the basement of the post office at Mount Vernon. Present borrowers in the Mount Vernon area may meet with the County Supervisor earlier in the day by appointment.

GO-GETTERS

The Go-Getters 4-H club has changed the time of meetings to twice a month. The last meeting was held at the home of Lou Anne Bultman. A demonstration was given by Beverly Thurman on "Hemming a Tea Towel."

Barbara Billings visited the club and Marylou Brett plans on becoming a member.

At the Christmas party, members passed out gifts and sang "Jingle Bells."

The next meeting is to be held at the home of Darlene Faber on Jan. 19 and Alice Balsler and Myrtle Kennedy plan to give a demonstration.

Merry Mixers

On December 21, the Merry Mixers met at the home of one of its members, Georgine Hess. There was no business meeting but members enjoyed refreshments and opened Christmas presents. Later, games were played and the group sang carols.

Ten members were present, including Beverly Case, Gail Case, Norma Case, Diane Caldwell, Eleanor Devier, Georgine Hess, Nancy Jensen, Ena Mae Lang, Judy McAdam and Linda Pittam.

P.S.P.&L Earnings Show 12.5% Gain

Net income of Puget Sound Power & Light Company for the 12 months ended November 30, 1955, amounted to \$4,391,402, an increase of \$542,850, or 12.5 per cent over the previous comparable period, President Frank McLaughlin reports.

This was equal to \$1.50 against \$1.33 a common share, respectively, on the 3,266,819 shares now outstanding after the recent 50 per cent stock distribution.

All Girl Scout leaders are urged to be present at a meeting scheduled for 8 p.m. next Monday, January 9, at the Girl Scout hall.

Swimming Dates for the Girl Scout troops will be set at the meeting and it is imperative that every troop be represented. The swimming program begins during the second week of February.

Girl Scout leaders again issued an appeal this week for used Brownie uniforms. Thus far, two used Brownie uniforms have been located but officials feel there must be many more available. The uniforms can be used and any person who has one no longer in use is urged to call Mrs. Troelsen at 2211, extension 4974.

Candlelight Wedding Ceremony Unites Miss Peggy Abrahamse, Robert Peterson

In a lovely Christmas-time ceremony at the First Reformed church on the evening of Dec. 16, Miss Margaret Joan Abrahamse, daughter of Mr. and Mrs. William Abrahamse of Oak Harbor became the bride of Mr. Robert Leroy Peterson, son of Mr. and Mrs. Lawrence L. Peterson of Lost Spring, Kansas.

White candles tied with white bows and sprays of greenery lighted the aisles of the church, while tall baskets of white stocks and candelabra formed a backdrop for the ceremony. The Rev. M. Paul Vander Woude performed the double ring service.

Organist was Mrs. Dora Zylstra, who accompanied the soloist, Miss Gweneth Boulton, college friend of the bride. Miss Boulton sang "I Love Thee," "Because," and "The Lord's Prayer."

The bride, given by her father in marriage, was lovely in a floor length gown made with a lace over satin bodice, and a satin skirt with tulle and lace overskirt. The sleeves were wrist length and pointed, and her fingertip length veil fell from a lace cap.

Her only jewelry were pearl earrings, gift of the groom. She carried a white orchid on a white ribbon, from which fell a shower of garnet red roses and white ribbons.

Maid of honor was Miss Mildred Abrahamse, sister of the bride who wore a ball gown in a length gown of red taffeta and carried snowflake white chrysanthemums and white carnations tied in silver.

Bridesmaids were Mrs. David Abrahamse, sister in law of the bride, and Mrs. Kenneth Buehn, cousin of the bride, who also wore red taffeta gowns and carried white chrysanthemums tied in silver.

Best man was David Abrahamse, and ushers were Don Abrahamse and Kenneth Buehn, and all men in the party wore tuxedos.

For her daughter's wedding, Mrs. Abrahamse wore a beige dress with navy blue accessories. The mother of the groom wore navy blue, and both wore pink rosebud corsages.

At the reception in the church parlors following the ceremony, Mrs. Dena Heller and Mrs. John Youngsman were hostesses; Miss Betty Hilberdink was in charge of the guest book; and Mrs. John Ronhaar and Mrs. Charles Tesch poured the coffee. In charge of the gifts were Elaine Nienhuis, Charlotte Tesch, Arlene Kitchell, Marthella Youngsman and Joanne Eerkes. At the punch bowl were Alice Abrahamse and Mary Ruth Jongsma, cousins of the bride.

Mrs. Martin Abrahamse cut the wedding cake which was made in the shape of a malted cross in white and pink roses. It was topped with a miniature bride and groom.

The couple left on a short honeymoon, with the bride wearing an aqua colored knit suit with black accessories, and a white coat with a white orchid corsage. Following their return, the bride will return to Western Washington College of Education where she will be a junior in March as an education major. The groom will return to the USA Hopewell in San Diego where he will leave for the orient and his remaining 13 months in the service.

Out of town guests at the wedding included Mr. and Mrs. L. L. Peterson of Lost Springs, Kansas, Gwen Boulton of Concrete, Mr. and Mrs. C. J. Abrahamse of Everett, Mr. and Mrs. Neil Vander Waate of Everett, Miss Sue Morrill of Marysville, the Rev. and Mrs. Paul Vander Woude of Lynden, Mr. and Mrs. Charles Tesch of Mount Vernon, Mr. and Mrs. Bob Ronhaar of Mount Vernon and Mr. and Mrs. C. St. Clair of Burlington.

Second place went to Mr. and Mrs. Ed Klieiman. Their windows were beautifully done with Bon Ami and food coloring. Mirzic used a Christmas Card as a guide, with Season's Greetings painted free hand across one window and a nativity scene on the second window with their tree lights behind to give a hazy effect.

Honorable mention went to Mr. and Mrs. Fuzzy Fasnacht for their Santa Clause clad door with his face lighting on and off. Also, honorable mention to LT and Mrs. Al Lesperance for their choir boy cut outs and colorful lighting.

The judging was done by Mrs. Jack Meeter, Mrs. Phil Arthur and Mr. Fred Wallace.

"It was well worth the trip, the coeds and the 15 degree below weather that went with it," sighed Elsie Toskey, commenting on their visit with their son, Cadet Bill Toskey, at West Point. They thoroughly enjoyed their four day stay and cram all the sightseeing they could in this short time. The first day they stayed at the Waldorf Astoria Hotel and then on to Highland Falls, near West Point, which overlooks the Hudson River. They visited the Empire State Building, Times Square, Rockefeller Center and saw the U.N. Building. They also commented on the beautiful buildings at West Point, the dining room and ballroom being the most beautiful they have ever seen. Their trip was so enjoyable as they have never been that far east. They are looking forward to returning in three more years to attend Bill's graduation.

Mr. and Mrs. Wm. Klieiman cut their stay at Coeur d'Alene and Wallace, Idaho, a little short. They had been threatened with wind and snow storms. They enjoyed their visits with friends and relatives they hadn't seen in years.

Many Penn Covers celebrated with their friends and neighbors at the dances, private parties and by staying home.

A hand guest to the competent committee which planned and decorated for New Year's Party at the Fleet Reserve hall. The hall was colorfully decorated with crepe paper and balloons. Colorful hats, noisemakers and confetti and party refreshments made for a happy New Year. The appropriate door prize was won by Mr. William Clinch of Vancouver. He was Mr. and Mrs. Vern Harvey's guest.

The traditional "Old Father Time" Skea, appropriately dressed, slowly moved about and out as "Happy New Year" Babe Fordham likewise appropriately dressed, joyously helped ring the New Year in.

A buffet style luncheon of ham and trimmings was set out and enjoyed before the 2 a.m. curfew.

Mr. and Mrs. Ed Klieiman, Mr. and Mrs. Lowell Harrington and Mr. and Mrs. Ed Andrade did things up "brown," I would say. Visitors over the weekend were many.

Mr. and Mrs. Alfred Clise of Bellevue and Mr. and Mrs. David Hartley of Everett were guests at CDR and Mrs. Weiss' home.

Mr. and Mrs. Lou Wagner enjoyed their four grandchildren and parents, celebrating one of the children's birthday on New Year's Day.

The Jack Remingtons enjoyed a visit with Mrs. Clifford of Ephrata, Washington.

The Martins and Wallaces were entertaining Mr. and Mrs. C. Sandell of Enumclaw. Mrs. Sandell is Mrs. Wallace's sister.

Households are on the quiet side with the departures of sons back to school. Joe Parcher left last week to return to Gonzaga College at Spokane and Art Jorgensen returned to the University of Washington in Seattle.

A welcome to Penn Cove Park is extended to Mr. and Mrs. Ray Downey and children, who moved to the Eric Jorgensen home which they recently purchased.

The Jorgensens are renting in the Oak Harbor and plan to move to Montana come spring.

Parties were very festive this past week, with the Weiss' entertaining friends and neighbors at a Tom and Jerry last Thursday.

The Leo Paquins entertained New Year's Eve with a party. Those seeing the old out and the new in were Mr. and Mrs. L. E. Everett, Mr. and Mrs. Bill White, Mr. and Mrs. Walt Martin, Mr. and Mrs. Tom Fristoe, Mr. and Mrs. Al Hoffman and Mr. and Mrs. Fuzzy Fasnacht.

LCDR and Mrs. Ken Nelson initiated their huge room royally New Year's Eve with all the New Year props, enjoying all this were friends and their neighbors.

Across the street, the Ed Cunninghams entertained Mr. and Mrs. J. G. Burroughs and Joe Bratina.

LT and Mrs. A. Lesperance served dinner Sunday. Attending were the Ed Cunninghams, Leonard Crocker and LT John Blach.

This item isn't easy to write, but from all of Penn Cove Park to Bruce, Vera and family, we wish you the best of health, happiness and good fortune. We're going to miss you and we hope your moments here were as enjoyable for you as they were rewarding for the community. Thanks for the many tasks well done.

BY THE WAY... Elsie Toskey's amazement when she learned that the little "dog houses" on the frozen Mississippi housed people sheltered from the cold and fishing through a bored hole in the ice... White and confusion of balloons being broken, confetti strewn, horns blowing, songs being sung and New Year's greetings enthusiastically displayed. Lowell Harrington is dropping nose drops in each nostril... Mitzie Klieiman admiring Vera's window with "you get real close and you can see this Madonna has sexy lines" Double dispersed Jake Fordham doing Father Time's wicked scyth in a small dressing room... After learning of winning second prize, Mitzie Klieiman commented: "And I didn't even try. Watch me next year."

And with this we are looking forward to next holiday season. Only this year we are going to start early, as we've always said.

Ann Palmer Weds Bernard T. Russell In Simple Rites

At a quiet wedding on Dec. 21 at the home of Mr. and Mrs. Allen Vanderzicht, Mrs. Ann Palmer was united in marriage to Mr. Bernard T. Russell.

The ceremony was read in front of the fireplace in the Vanderzicht home by the Rev. Darrel Iwerks, and attendants were the bride's sister, Mrs. Evelyn Alsberge, and the bride's brother, Mr. John Vanderzicht.

The room was decorated in Christmas greens, with white bells tied in red ribbon, and white candles glowing softly. The bride wore a beige wool suit with brown accessories and a corsage of small brown orchids.

Following the ceremony a buffet supper was served to the guests, and the newly-weds left for a two-week trip to Hollywood, California. Upon their return they will make their home in Oak Harbor where the groom is an employee at the Whidbey Press.

News Of Interest To Our Navy Neighbors

By Peggy Bujnowski

New and clean 1956 calendars grace our homes, noticeable for the lack of telephone numbers, addresses and memos that we put in the one safe place as another year gets underway.

By turning the calendar back some 60 years, we would find many strange things to cope with and it would leave most of us devoid of the saying, "In the good old days."

Back in 1906 'tis said that a family of six could live very well on \$10 a week, for all table expenses at least, and at the same time, folks were complaining of the high cost of living.

You didn't pick up a box of cake mix at the store either or whip one up with your nice electric mixer.

An example of Grandmas recipe—whites of 2 eggs in a coffee cup. Butter enough to make half full. Fill up with milk and mix 1 cup sugar, 1/2 cup flour and a spoonful of baking powder. Add your flour and beat five minutes.

For some of us who can even make a top out of packaged mix, the above wouldn't be very good directions. But do you remember how good Grandma's cakes were?

Beauty care wasn't a matter of running to the cosmetic counter and picking up your favorite jar of cold cream either. A suggestion for excellent care of the skin was the use of bran or corn-meal bags in the bath. The bag should not be used more than twice though as it quickly would sour.

Or to whiten the complexion, mix a handful of well-sifted wheat bran with a pint of white vinegar. Let stand for four hours. Add the yolks of five eggs. Put into a bottle and keep corked for fifteen days. Apply to face at night.

One thing that hasn't changed through the years, a cooking expert gave the opinion that a steak was not any good unless it was at least two inches thick. I'll go along with that, how about you?

Just want to add, anyone that may have a social note or anything of interest, that they would like to see in print, give me a call—the number is OR-5-3086.

Social Notes

CDR and Mrs. Charles Weiss gave a cocktail party last Thursday evening from 6 til 8 for friends in their home at Penn Cove Park.

CDR and Mrs. Robert Osegueda gave a cocktail party at their home prior to the New Year's Eve Dance at the BOQ. Numerous members of VAH2 gathered to toast future assignments and the New Year.

ADI and Mrs. Jack McMillan left for San Diego and new duty last Monday.

A teen-age Christmas party was given by Miss Patsy Arthur at the home of her parents Mr. and Mrs. Phil Arthur, Tuesday, December 27.

Entertainment for the 23 guests included refreshments, dancing and a scavenger hunt.

Classmates and friends of Nancy Lee Marks, daughter of Chief and Mrs. Bob Marks, attended a party in honor of her seventh birthday, Dec. 29 at the CPO Club.

Typical trimmings, games, prizes and refreshments highlighted the afternoon.

Guests included Sandra Cleinfelder, Darlene Lowery, Chris Johnson, Becky Siener, Dorene and Karen Henderson, Sue Trolson, Nancy Jensen, Jeannie Blume, Steven Case, Dima Utgoff, Corky Gobble, David Jensen and Ricky Marks.

Nancy Lee would like to publicly state that all who were away on vacation or couldn't attend for some reason, they were missed by all.

Chief and Mrs. Bob Marks were happy to renew old acquaintances when visited over the holidays by Chief and Mrs. H. Raymond and family of San Francisco. The Raymonds are friends of Chief and Mrs. Marks made while on their tour of duty in the Philippines and Mrs. Raymond took Ginnie's place on the Armed Forces Radio Station KTLG at Sangle Point. Mrs. Raymond is visiting her Aunt and Uncle, Mr. and Mrs. A. Glenn Smith, publishers of the Oak Harbor News.

A wish for a speedy recovery is extended to LT Peter Elton, RAF exchange pilot attached to VP-4.

He is now in the Naval Hospital at Bremerton recovering from a badly broken leg he received as a result of a skiing trip to Mount Baker.

LTJG and Mrs. Donald Reightly spent the holidays in Seattle with their parents.

BMI and Mrs. E. Kramer left for San Diego and new duty last Tuesday.

Navy Wife Remembers Childhood In Balkans

"The French have a word for it," is an oft-used expression—in the case of blond and attractive Maria Mishan it's "savoir faire." But this does not completely do her justice because in a natural and unaffected way, she is unique, something she would be the last to admit.

Although she was born in the windy city of Chicago, her parents decided to return to their homeland in the Balkans when she was but six months old and her childhood memories are of Yugoslavia and convent life where she obtained her schooling and which instilled in her a deep religious aspect.

Traveling appealed to her and in 1935 she returned to the United States for a brief visit and also in 1938.

With war in Europe in the offing, in 1940 she decided to stay in the United States and took up specialized nursing in New York City where she met and married CDR Mishan who at that time was stationed aboard the U.S.S. Philadelphia.

Speaking excellent English with just enough European accent to make it interesting, Mrs. Mishan tells of the many places she has lived and considers her year in Northern Scotland at the little town of Forres as one of the highlights of her travels.

At this time her husband was stationed with the Royal Air Force and her friends were the wives of Royal Air Force members stationed there. "It was a tremendous experience to live in RAF quarters and a wonderful opportunity to know the English wives," explained Mrs. Mishan.

As Service wives do, the usual ideas were exchanged, Mrs. Mishan contributing her suggestions on a Wives Club.

In 1953, still traveling and loving every minute of it, versatile Maria Mishan followed her husband to London. However, she interrupted her stay in London due to the rush and crowds brought about by the Coronation and moved to the quieter surroundings of the Riviere, C n-

members took place December 28, at the CPO Club.

Gifts were exchanged and refreshments served to approximately 45 eager children under the very able supervision of Blanche Huffman, Lolly Wojcik, Mabel Dill, Pat Camp, Velma Eason, Dolly Blume and Helen Genereaux.

The children's afternoon reached a climax when treated to an hour's run of cartoons provided by Mr. H. E. DauBert of the Texas Co., Seattle.

Chief and Mrs. Wojcik spent the holidays visiting with their parents in Seattle, Washington.

LTJG and Mrs. E. E. Stewart and family will leave next Tuesday for Monterey, California where LCDR Stewart will attend Line School.

LTJG and Mrs. William Hooks left last Tuesday for San Diego, California.

LT and Mrs. James Beasley and children plan to leave Friday for Monterey, California. LT Beasley will attend Line School.

LTJG and Mrs. E. E. Stewart plan to entertain remaining couples of VAH2 to a "Pot Luck Dinner" Saturday evening in their home in Whidbey Apartments.

Our sympathies are extended to LCDR R. J. Davis whose brother lost his life in an accident December 26.

nes, France. Her residence there coincided with the film festival and also the flower festival.

An intense and sincere interest in all people guides Maria Mishan because it has led her to learn four different languages. At this time, she is compiling a dictionary in English, French, German, Hungarian and Yugoslavian for her personal use in corresponding with the many friends she has made in other countries.

"When traveling through Europe, if one speaks the language of the country they are visiting, they are not treated as a tourist and can derive much more pleasure from their visit and can also save money," she explained.

Driving through the countries in Europe unaided would be a feat for any woman but Mrs. Mishan's command of languages made the impossible possible as she traveled alone through England, Scotland, Belgium, Switzerland, France, Italy and Yugoslavia.

With an already busy life, Mrs. Mishan finds time to sew and the chic wardrobe she possesses stems from her own hand work. Pettit-point and reading poetry are two other hobbies she enjoys.

Collecting gold coins from each country she has visited is another interesting side-light of Mishan's life. The coins, a reminder of beautiful memories, are attached to a charm bracelet. The latest addition being a five dollar gold piece which she purchased in Oak Harbor.

When discovering her next home to be Oak Harbor, Mrs. Mishan approached the move with some anxiety, but since her arrival here, has grown to love life on the Island of Firs and as she said "I'm enjoying every minute of it."

There are several distinctive qualities that make up the character of Maria Mishan, her thoughtfulness to others and also abilities but perhaps the most prolific is the fact that she enjoys life and makes the most of every minute of it in such a way that it is transmitted to all who know or meet her.

Officers, Ladies Welcome 1956 At BOQ Dance

Dancing under a ceiling of multi-colored balloons, officers and their ladies welcomed in the New Year at the BOQ at an affair which all who attended proclaimed a huge success.

Beautiful gowns were prevalent but Maria Mishan was particularly outstanding in a gold lame dress as was Madeline Walsh in a pink brocade cocktail length.

Hazel Arthur, wearing the first formal she didn't make, was striking in a red nylon tulle. The ankle length skirt being one mass of vertical shirring over a large hoop.

A door prize was won and shared by Bruce Link. Breakfast was served which drew to a close a long to be remembered evening and a fitting welcome to 1956.

SL: "How do you like our little town?"
Newcomer: "It's the first cemetery I ever saw with lights in it."

TRAVELLED—Born in Chicago, Maria Mishan, subject of this week's Navy feature, returned to Yugoslavia with her parents when six months old and retains her childhood memories of that country. Whidbey Press Photo

Voice (at the phone): "Say, are you the game warden?"
Warden: "Yes, lady. What can I do for you?"
Voice: "Oh, thank goodness. I've got the right man at last. I'm having a children's party and I want you to suggest some suitable games."

New Year's Eve Dance At CPO Attended By Many

The New Year's Eve Dance at the CPO Club was one to be long remembered as Chiefs and their ladies ate, danced and toasted the departure of the old year and welcomed in the new.

Hidden talent came to light when Velma Eason sang—giving her rendition of "Let's Live a Little" and "Teardrops for Penicillin" accompanied by the orchestra.

John Payne also rendered one of his favorites which added to the enjoyment of the celebration.

Beautiful dresses were many but outstanding was the one worn by Cathleen Smith, a formal of pink net over taffeta. Blanche Huffman chose a semi-formal of pure silk embossed gold with a red petticoat peeking through. Velma Eason was beautiful in a white satin and net semi-formal.

HOME FOR CHRISTMAS
A few lucky VP-2 members got in from Kodiak to enjoy Christmas and all the trimmings at home.
Brooks Noels AD1 shared the festivities with wife Ellen and children Carol and Larry out in Whidbey Apartments. Mike Cuddey AO1 and Wilkie AP1 also chose Christmas in civilization as did Chief Smeltzer and Chief Nickelsen who made the holidays complete with wife Betty and their four children.
