Mr. T. Clarence Marshall  
Yorklyn  
Delaware

Dear Clarence:

The Old Twin Six is marvelous. I had a delightful ride to New York arriving about 6:30 P.M. Took the car out to the country Saturday and had it washed up nicely out there. Made a few social calls on Sunday using the Twin Six.

Both Mrs. Melton and Margo are wild about the car, and I plan to paint it very much the same color as it is now, substituting dark blue for the black, and adding a ~~green~~ CREAM color upholstery and top material.

I find that mechanically the car is very good with the exception of some play in the universal joint, a broken speedometer <sup>CABLE</sup> ~~cap~~ and noise in the starter which bothers me a little, but which I am sure can be corrected easily.

I am so happy with the car and thank you very much for letting me have it. When I have completed the restoration I will send you a photograph of this fabulous vehicle.

Kindest regards to you and Mrs. Marshall,

Yours

  
James Melton
