Price List of Parts for STANLEY STEAM CARS

Order for parts must be accompanied by cash. We will not send
parts C. O. D. unless we receive sufficient funds to cover
transportation charges both ways

All prices are F. O. B. Factory and are subject to change without notice.

In ordering parts for STANLEY CARS, specify whether to ship by *Mail*, *Express* or *Freight*, and be sure to give the number and name of the part wanted, as these numbers and names are listed in this price list of parts. Also, give the model and number of the car. For parts of cars more than one year old, it is advisable, when possible, to send the old parts as samples. For parts that connect two other parts give dimensions. For tubing, give outside diameter and length required. Otherwise, on account of changes which are made from time to time, we would be uncertain as to what was required. Careful attention to these suggestions will assist us materially in filling orders promptly and correctly.
