Mr. Harold Cordell
Diamond Paper Company
304 Lynn Street
Danville, Virginia

Dear Cordell:

On Monday, December 14th, our factory and main offices at Yorklyn, Delaware, were completely destroyed by fire. As disastrous as this was, I am happy to say there were no personnel casualties and we were able to save our bookkeeping records.

At this writing, we are negotiating the purchase of land on which to build our new plant. It won't be long before we're back in full production. In the meantime, we have leased office space, warehouse space and shipping facilities at the above address and, until we are back in production, our competitors are going to manufacture our tape for us.

Needless to say, we shall maintain strict quality control over the manufacture of the tape and no effort will be spared to assure that all shipments are made as promptly as possible.

In closing, I want to personally wish you the very best for the coming year.

Sincerely,

THE CROWELL CORPORATION
