Price List of Parts for STANLEY STEAM CARS

Orders for parts, unaccompanied by cash,
will be sent C. O. D.

Orders for small parts, accompanied by the price and amount required for postage, may be sent by mail.

All prices are subject to change without notice.

In ordering parts for STANLEY CARS, be sure to give the number and name of the part wanted, as these numbers and names are listed in this price list of parts. Also, give the number of the car as on the name plate at the rear of the body; the name of the Model and the year of manufacture. For parts of cars more than one year old, it is advisable, when possible, to send the old parts as samples. For parts that connect two other parts, give dimensions. For tubing, give outside diameter and length required. Otherwise, on account of changes which are made from time to time, we would be uncertain as to what was required. Careful attention to these suggestions will assist us materially in filling orders promptly and correctly.
