

Mrs. JAMES MELTON

ONE BAYSIDE TERRACE, RIVERSIDE, CONNECTICUT

May 23, 1962

Dear Mr. Marshall;

I have been advised by Mrs. Patterson in West Palm Beach that Jiggs removed the cartons from Brandon's on May 14th to her house. She will hold them until you complete your arrangements to pick them up. Mrs. Patterson was in charge of closing the Autorama for me, and acts now out of friendship and the goodness of her heart. She lives at
266 Granada Rd., West Palm Beach, Fla.
(Mrs. Gladys Patterson)

The tracks, as I told you, are at Jiggs house in Lantana, 8 miles below Palm Beach. I understand Jiggs is trying to increase the northbound load in order to reduce cost to you. There is no need for your arrangements to go through me, and I'm sure you prefer to make your own plans.

Both Jiggs and Mrs. Patterson have my official release to you for the items purchased under our agreement. My attorney, William Makepeace, advises me that the time has come to wind up the Estate Affairs with the Internal Revenue, and we would appreciate settlement of all accounts. The check for the balance due, \$2000.00, can be made out to me or to Estate of James Melton. As I am the Executrix for the Estate, either one is in order.

The payment for the trailer (\$300) can await delivery of same to you since it is a small item. Incidentally, an automobile dealer from Brooklyn came up yesterday to see the little Italian sports car I have for sale. He looked over the trailer, and told me it was better than one for which he recently paid \$600.00 So I feel sure you will be pleased with the quality of mine. I've tried twice to get a picture of it for you, and each time the camera proved tempermental. I'm not a photographer! I'll try again soon.

With all good wishes, I am,

Cordially yours,

Maryjane M. Melton
