

The Steamers Are Coming!

The 2007 Eastern Steam Car Tour June 17 - 22

- ◆ 60+ "Stanley Steamers" and other vintage steam-powered autos from all parts of the U.S.
- ◆ We drive these 85-105 year old cars up to 100 miles each day:

SUN 6/17: Red Clay Valley, DE

MON 6/18: Brandywine Valley, Winterthur & Yorklyn, DE

TUE 6/19: Wilmington to Chesapeake City & Georgetown, MD

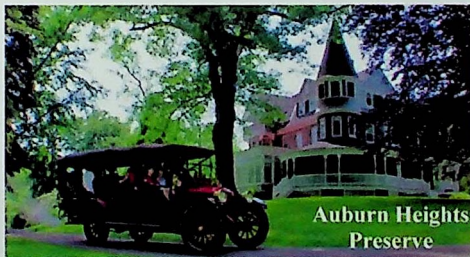

WED 6/20: Brandywine Valley, DE

THUR 6/21: Wilmington to Lancaster County, PA

FRI 6/22: Greenville, DE and rural Chester Country, PA

HOW YOU CAN HELP...

- ◆ Keep an eye out for the steamers and wave as they pass through.
- ◆ Watch for slow moving or stopped vehicles — 90 year-old cars do tend to break down, after all!
- ◆ Offer them some water from your garden hose — steam cars consume about a gallon of water for each mile they drive.
- ◆ Ask the owners about their cars. They're usually happy to tell you about the steamers.
