FOR THE NEW YEAR

Aloha! Kamehameha welcomes each and every one of you students for the forty-ninth consecutive year. To you she hands the golden torch of opportunities and activities and a chance for higher attainments. May co-operation and perseverance start a spark into a flame steady and bright for our Alma Mater this '35 to '36 year.—Hartwell Blake, '36.

"NANE" PRIZE CONTEST WON BY MRS. L. WEBB

Mrs. Lahilahi Webb, guide to exhibits at the Bishop Museum, won the "Nane" contest held at the Waialae Golf club. This contest was sponsored by the Order of Kamehameha, Chapter No. 1. Mrs. Webb was also a member of the committee in charge of this contest. The prize which Mrs. Webb won was a koe calabash. She was awarded the prize by Senator Joseph R. Farrington, publisher of the Honolulu Star-Bulletin.

E. K. COCKETT'S CHILD GIVEN BIRTHDAY LUAU

A luau, or a Hawaiian party, was given in honor of Ernest K. Cockett Jr., son of Mr. and Mrs. E. K. Cockett of 1725 Fernandez Street. The child had his first birthday on September 9, but it was celebrated on Sunday, September 8. Mrs. Cockett was formerly Charlotte Hano, and both Mr. and Mrs. Cockett were graduates of the class of '31. The luau was a family affair, and other close friends were also invited.

For entertainment they had "Julian's Hawaiians" play for them.

STORK PAYS VISIT TO NAHULU, FORMER GRAD

The stork has paid a visit to Mr. and Mrs. Eli Nahulu, a former graduate of the K. S. B. The baby, being a girl, was named after her mother, and the second part of her name combines with her father. The name is Genevieve Elina Nahulu. Mrs. Nahulu is the former Genevieve Akana, sister of John and Albert Akana of K. S. B.

KAM INSTRUCTORS SEE MAUI SCENIC BEAUTIES

Her trip to the Haleakala Crater was described by Miss Margaret Auman at an assembly at Kamehameha School for Girls, Monday, September 9.

"From the top," said Miss Auman, "we could see the snow covered tops of Mauna Kea and Mauna Loa, on Hawaii, which are a hundred miles away. Many cones could be seen and one is the bottomless pit. The silver sword plant is a strange plant and is about 18 inches in length."

Miss Auman was accompanied by Miss Emma Garrison and Mr. Loring G. Hudson. They visited Iao valley and enjoyed the view at Hana.

FIFTY-NINE BOYS SWIM ON SUNDAY AT WAIKIKI

The largest group of boys, about a fourth of the entire school for boys, went to Waikiki on Sunday. A charge of 10 cents was made for the transportation on the school bus. Two busses were needed to take the boys, as there were 59 enthusiastic swimmers.

THE FIRST DAY

How do the girls at Kamehameha School for Girls spend their first day at school?

As soon as a girl arrives at school, she immediately registers at the office, pays her tuition and deposits whatever amount of money she has into the school bank. She is then given a card with her name on it, which she takes to the infirmary.

After being examined by the nurse she is given an OK. She then takes this card and is checked in by the housemother.

Then she puts her clothes on her bed, with her name on each article, to be checked. After that has been done she is allowed to go out but must return before 6 o'clock.—Thelma Haia.

After a week at camp, Mikahala joined her sister, Lucia White, and left by boat to arrive in New York. On their way they visited Mexico and Havana via the Panama Canal. They then arrived in New York. While there they spent two weeks with Miss Pauline Frederick. From New York they travelled on to Washington, D. C., and then spent two days in Chicago. They also visited Omaha and continued back to Seattle. After spending two days at Seattle they went to San Francisco for a week. There they boarded the ship "Malolo" and arrived in Honolulu, happy, healthy and glad to be back at Kamehameha.

HALFORDS LEAVE FOR TWO WEEKS' VACATION

Dr. and Mrs. F. J. Halford and family left recently for their new beach home at Lanikai. The Halford family expect to stay for a period of two weeks. Dr. Halford has been the doctor for Kamehameha School for Boys the past nine years.

A row seating arrangement was planned recently by Mr. Charles Parrent, assistant administrator, for assemblies in the auditorium to make it possible for boys to find their seats in an orderly manner. The enrollment chart was set up on the lanai of the dining hall with the row and seat numbers after each student's name.

DON MITCHELL RELATES JOURNEY TO JARVIS, BAKER AND HOWLAND

Mr. Don Mitchell, a faculty member of the Kamehameha Schools, gives a vivid account of his adventures with several other men and Kamehameha school alumni and students on the trip to the South Sea islands.

"I found all the colonists well and happy, and I could not interest them to return to civilization. I am very glad that I made this trip," said Mr. Mitchell.

"At Palmyra, Mr. Judd and I took the boys to collect specimens for the Museum. We all had great fun catching giant coconut crabs, land crabs and gathering plants and insect specimens. The boys gloried in the schools of fish that swam near them and having no nets or spears they used their hands to catch the fishes.

"Mr. Judd was well pleased with the boys' work and he remarked to me that he was delighted at the boys' appreciation of Nature's beauty.

"At night on the Itasca, we would have some astronomy and sing Hawaiian songs. We also had talks on board.

"At Jarvis Island, we were most cordially received by Henry Ahia and Dan Toomey, alumni of the school. These boys were tanned, happy and in perfect physical condition.

"Austin Collins was the leader of these two boys and of Jarvis Island. Henry was noted for his splendid ability in cooking and Mr. Collins was noted for his ability in engineering.

FREDERICK, CLARKE GO TO CARLSBAD CAVERNS

"Miss Pauline Frederick and Miss Margaret Clarke were in the Carlsbad Caverns, Sunday, not the two movie stars, however, but just a couple of young ladies from the Hawaiian Islands enroute to Brooklyn, New York. Both said that the Carlsbad Caverns was much more interesting than the Kilauea Volcano."

This article was taken from the Carlsbad Gazette while Miss Frederick and Margaret Clarke were in New Mexico. The trip through the caverns pleased both parties very much.

The superintendent there had once been superintendent of the National Park on the Island of Hawaii. He was very much interested in the two kamaainas going through the caverns.
