Dr. Homer F. Barnes
Principal-in-Charge of Kamohamohu
Schools.

I received your letter with the checks enclosed this morning upon the arrival of the yacht, "Linkajou". It made me feel fine to see these checks. I have endorsed the checks as you indicated. I wish that you carry out your plan of cashing the checks for me and give the money to my "Dad".

We are all in very good health and functioning one-hundred percent. I intend to remain, if the camp is continued for another three months.

Thanking you for your service I will close my letter.

Sincerely yours
Daniel K. Toomey
