Honolulu To Have a Good Track Team

Capable Runners Are on
Squad; Coached By
Lt. Vestal

ESPECIALLY strong in the track events and with enough strong event men to get their percentage of points, runners are looking up in a track and field way in the Honolulu track team.

The eiderfins have aren't predicting a championship team but expect that their charges will battle it out one, two, three for the Sector-University crown in competition with the other six teams in the circuit.

The Waikiki post is blessed with an especially talented group in Lt. Vestal. Lt. Vestal made track history while representing P. K. Kamehameha a number of years ago.

In fact his time of 10 seconds flat for 100 yards, and 22.1 seconds for 200 yards, both new records.

He will limit himself to the hurdle and the hundred this year. His last time was 10 seconds flat for 100 yards.

The Honolulu is expected to cop off plenty of firsts in the track events and the team's main worry at the present time is to develop what will cop off thirds, fourths and fifties.

The squad will be slightly handicapped by the loss of Webster, practically a sure point winner in the dashes and a valuable relay man.

Webster will be out for the season as a result of an appendicitis operation.

KOTER IMPROVED In the century dash, the Honolulu squad, which coped off first, fourth and fifth places with Charlie Kotter, was improved in the 100-yard dash.

Kotter, formerly a slow starter, who has learned to get out of his hole this year, should be about the best dash man in the islands.

Against the Maunaloa last week, best David Lane, the St. Louis flash, in both dashes. In the hundred he was 10.1 and in the 100-yard dash, a second under the present Sector record for the 220-yard dash.

Another reason for the team's success is the fact that the team's main worry at the present time is to develop what will cop off thirds, fourths and fifties.

Kam Boys Tell Of Experiences In Spiritual Retreat

By DAVID WHITE

Fourteen boys who returned recently from the Baker, Davis and Howland Islands were dinner guests of Kamehameha School for Boys and later some of their exciting, thrilling, and memorable experiences were related at Dr. Homer P. Barnes' home.

"We arrived at Swaine Island three days after a severe hurricane had swept across the land and destroyed and damaged some parts of the island," explained Kamehameha School for Boys.

"The islanders have aren't predicting a championship team but expect that their charges will battle it out one, two, three for the Sector-University crown in competition with the other six teams in the circuit."
