ARTHUR COX RELATES EXPERIENCES TO EX-PRESIDENT OF KAMEHAMEHA

Mr. Frank E. Midkiff, former president of Kamehameha Schools, recently received a letter from Arthur K. Cox '30.

"After what seems just a few days ago, I graduated from the Kamehameha Schools. It doesn't seem possible but it is," writes Cox.

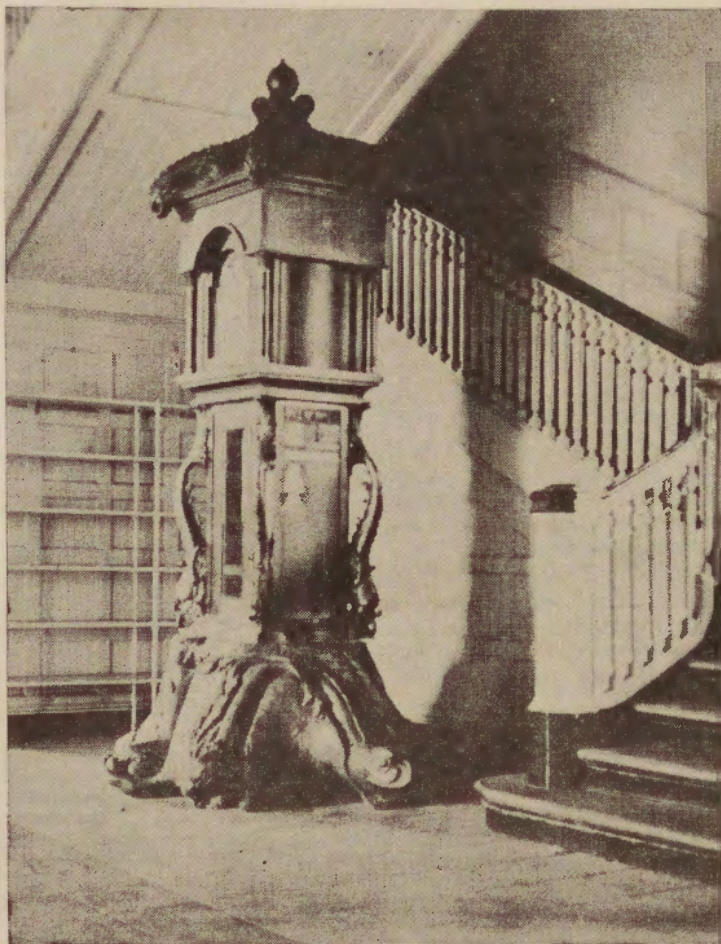

"I sailed from the islands with one intention, and that was to advance further in what I started at Kamehameha, aviation. When I got here and started to mingle around the others I felt a little different than what I planned in Honolulu.

"Solomon Hoopii got me to play ball for him. I learned the game very quickly and I played under Mr. O'Rourke, who is now located in Honolulu. He was working for the Advertiser when last I heard from him.

"Playing ball became my profession. I was sent to tryout with the Los Angeles team.

"I made a good showing and I was sent to Catalina. I played under

ROY JOHNSON, WHO IS NOW WITH CHICAGO, I SURE LEARNED A LOT WHEN WITH HIM. HE WANTED TO SEND ME TO ALBUQUERQUE, N. M., FOR SEASONING. I COULDN'T LEAVE BECAUSE I HAD MY FAMILY HERE WITH ME.

"While playing around Los Angeles and vicinity, I showed so well that I was offered a job in one of the mines.

"I worked for several mining outfits. Some of these outfits have properties down in South Africa. I have worked for this company for about three years now. I also worked for the Yellow Acher Mines. I put in the the Pomer plant over the King Solomon in Johannesburg. I am now superintendent of the Palmetto to Mines for the International Mines.

"I am married and have two kids.

"I hope to hear from others of my classmates. My wish is that some day I may return to see now what is only a memory.
