Prepared especially for  
THE GIRL SCOUT COUNCIL  
OF TROPICAL FLORIDA

Thanks to Joan Rutherford who arranged the first dig, enthusiastically participated and was custodian of the material found; to Eleanor Ginsberg and Marilyn Caplan who put up with the mosquitoes to do a lot of the dirty work, to the scouts who helped with the screening, and to my son Jonathan who also suffered.

Thanks to Cadette Troop 440 for making the final dig.

Special thanks to Dan Iaxson, acknowledged by all as the foremost authority on South Florida archaeology, for giving his time and getting us off on the right foot.
