## Recommendations for next year Garden Walk Hostess Committee

### - Pro & Cons

1. The flow at the Vetter property was very smooth; Shirley Abraham was especially helpful in noting some minor traffic concerns and stepped up to help by showing folks how to park and leave.
2. The Plylers were GOLD, with their knowledge and general sweetness. What a great asset for our club.
3. Suzy Feder and Rose Anne Walsh were so friendly and outgoing with our visitors – I would love to work with them again.
4. The rest of the team – Jim Abraham, Martha Meroni, Mari-Etta Stoner were knowledgeable and fun, always willing to help. We had a smooth transition from morning to afternoon shifts.
5. Mrs. Vetter was an angel – and incredibly friendly and open to questions from us and the public. She stayed with us all day, making everyone feel welcome. What a nice person!

### Any comments from visitors on what type of properties they would like to see in the future?

1. Folks were really impressed with the Vetter property – because it was a labor of personal love. Their place may be special, but more like it would be wonderful. Folks seemed to like Ocean House a lot, too.

2. How can we ~~should~~ encourage volunteers to interact more with our guests? The first consideration is to ask folks who are outgoing and friendly to volunteer in the first place : )

Aside from that, reminding everyone that it's OK to NOT know something, that we're all here to appreciate – and learn. But having folks on hand like the Vettters, who are so well-versed on the flora of the Keys, is a real help.
