

Spend your season in the sun at Truman Annex in Key West...

Historic Truman Annex at the very tip of the island of Key West is basking in the tropical sun and waiting for you. South Florida's most exciting planned community is being built just a block from Duval Street down by the Gulf of Mexico. In our condominium groups -- Harbour Place, Porter Court, Mills Place, Admirals Court and The Shipyard -- or our residential lots you will find your season in the sun. Plan a visit. Historic Truman Annex is fun to tour. Our gates are open.
