

(Pam) -11

each of the 6 or 7 yards and see how it's done, instead of peering over fences or hedges to catch a glimpse of the beauty beyond.

- Many of the yards that are selected each year by a special committee have been landscaped and designed by that particular home owner. Others have had a landscape professional, and all of the gardens have great charm.

- This year you will also visit a home with field grown orchids to see how it's done - and perhaps gather some growing tips from the owner. There are 7 gardens / homes on the "Walk" this year.

- Each ticket is a \$5 donation for the map of the route, and contains a lunch ticket - for a quick stop at the Frances Tracy Garden Center - for a light tea lunch - sandwich & cookie and ^{ice} tea / coffee.

- Each individual or group - sets up their own plan for visiting the gardens between 10 am & 4 pm. and for the stop at the Club house between 11:30 & 1:30 for the lunch.

- There will be Garden Club members on hand at each garden to greet you, and hopefully the owners will be there to answer your questions.

- Pennants Walk at highway turns & corners - Home
1:00 p.m.
Meets Bd Tues. Each month Sept-May.
- Open membership.
