Mrs. Arthur Gasser, president of the Upper Keys Garden Club, announced this week that construction on the organization's Frances Tracey Garden Center will begin in the near future.

Land north of Tavernier was donated by Dr. and Mrs. Fred Bond last year and the club has been beautifying the grounds and raising funds in preparation for the building.

NEW TREE — Examining the blossom of a tree they planted during Tree Planting Week are Mrs. Roy Tracy (left) and Mrs. Arthur Gasser, president of the Upper Keys Garden Club. The tree was planted at the club's new garden center on Key Largo where plans are to build a new clubhouse. The garden center was named in honor of Mrs. Tracy. (Keynoter Staff Photo)
