January 2007

Dear Club Presidents,

It is hard to believe that the hustle and bustle of the holidays is over! It was a fun and festive time for our family and hope you and your families had a wonderful holiday season also.

This is the time that you and all the Club Presidents receive the **Annual Club Report** packets. A **change** has been needed in this reporting system for a long time! We have been listening to you! President-elect Cinny O'Donnell and I have decided that if we made changes to these forms, hopefully the information recorded and returned could be more useful in the State President's reports to Deep South and National Garden Club.

The National President and Deep South Region Director have requested that the State President's report should include interesting reports highlighting outstanding projects and/or events. It has been recognized that each National President, Deep South Director and State President will have different projects and agendas! The **outline** to follow for tabulating the reports for the last year of this administration is enclosed.

Each Club President must complete this report. Please send it to your District Director by **February 5, 2007**. If you have Circles, please include their activities in your report. The **deadline** for all reports to be returned to me is **February 19, 2007**. The Deep South Region Convention will be March 4-7, 2007 in Atlanta, which is when your State President will be reporting on the wonderful achievements of the Florida Garden Clubs.

We are looking forward to receiving your reports. As we have said, this is the time to "sing your own tune" and we will continue to **Work in Harmony** for FFGC!

Sincerely,

Joan Ochs, President
FFGC
