Roll Call - 17 members and 1 guest were present.

Minutes of previous meeting were ^{read &} accepted.

No treasurers Report - 54.53

No bills

Lime Festival: Following places were approved for showing:
Mrs. Grant's, ~~Sunset Point~~, Studevant, Bonnie Smith.

Bay Harbor,

Correspondence: none

Talk Subject: Maggie Hall talked about coconut palms. First dig a hole twice the size of the palm and plant in the rainy season with fertilizer. Brace the palm securely and water for several months. Insect spray or chlordane will eliminate the ant menace. For a scaley condition - spray with light oil emulsion or an all soap spray. When the leaves appear yellow or too small - then scatter a little manganese sulphate under the tree. Fish tail palms will also flourish in this climate.

New Business: It was decided to do away with a nominating committee and to hold the election of officers at Mrs. Unger's on Dec 15th - members to cast their votes from the floor without ballots. Everyone to bring a covered dish for this occasion - also plants.

It was voted to restrict membership to 32 members. Mrs. Easton and Lottie Ule, who comprise the membership committee, will accept membership applications. ~~Members~~ to supply 12 signed post cards each

motion by Mrs. Booth was made. She

Next meeting at Mrs. Booth's residence, where Mrs. Booth will talk on orchid culture.

~~Beth Albury~~, acting secretary.
