Q- What can be done for root knot?

A- Very difficult and serious. Have heard that certain plants will prevent this. Paris green and sawdust is sometimes used. Carolyn will write to find out the name of this reputed plant.

Q- What is the best time to plant fruit trees?

k and they seem to derive nourishment from

A- When most dormant-in March is excellent. Key lime trees at any time and this is about the best time for them to be planted. Also brought out information that Key Lime trees should never have any commercial fertilizer used on them.

Since so many members will be out of town it was decided to have no September meeting. The October meeting will be at Mary Eastons and members will be asked to bring their own flowers so Mary Clarke can show them flower arrangements. It will adso be a baby shower for Beth Albuty. This information is to be placed on notification cards.

Carolyn will write to Mrs. Joseph Koutnik, 6318 N.E. Miami Place, Miami, and ask her to come to the November meeting to give a demonstration of flower arrangements. This was suggested by Lotte Uhe as Mrs. Koutnik teaches this at Lindsay Hopkins.

Gertie Holzinger urged all to attend the PTA covered dish luncheon on August 25th to meet the new teachers and see the school addition.

Lotte Uhe urged all to attend the reception on August 18 for the new dentist, at the Clinic. Janilianal bas noting easo no abnoosb sint -A

like to go into the nol

A- Plant any time; hill them; you should get 2-8 crops hel cear. Q- How do you grow pineapples

A- Discussion of pineapple industry here some years ago. Fertill in the center with I teaspoon twice a year.

2-. Is seaweed good for hibiscus? A-Yes, wesh it and it should be not too dry. A little salt is all right for it. This led to discussion of seaweed for other

planes including tomatoes for which it is excellent. 1- What plants should not have seaweed put on them?

. any plants except the dulicate ones. 2- Cam poincianas be cut back underneath? A. Yes, anytime is all right for this

C- when should you cut poinsettes back the last bind. A- First of September. Shorty offered cuts of the "fire ball"

Carolyn said that Mrs. Ely has some fine young key Line trees if anyone wants them.

Discussion of sea grapes and how to wick them. Q- What to use on bougainvilles for the bugs? A- DOT and arsenate of lead and lime solution sprayed on them.

[- Do you trim the ereaid tree(buhinia)? A. Not yet-nip the tops and if light stake it.

Q- What can I do for a spider web on begonia?

A- This might be the red spider which is serious. Use DDT and also cut off affected parts.
