

Minutes of the regular meeting of the Garden Club held at the residence of Mrs. Bertha Harris on Jan. 19, 1954.

Roll Call: 16 members present

Minutes of the regular meeting in December were read.

Treasurer's Report: \$74.82 on hand and in the bank.

Bills: none

Correspondence: ~~letter from Mrs. Wilcox/Kinzy relative to/~~
~~her resignation./~~ None.

Talk subject: Mrs. Scheffel gave a talk on Roses. Wettable sulphur is used for both a fertilizer and as a fungus preventative. D.D.T. and arsenate of lead make an excellent water soluble spray. When watering, just direct the water to the roots only. To have healthy plants - keep in the shade as much as possible in black earth.

Business: A discussion on the advisability of joining the Federation of Garden Clubs was tabled for this meeting. Mrs. Evans announced a change of address.

The secretary was asked to send a card to Mrs. Jaffe.

The next meeting will be held at the residence of Mrs. Pat Lett and Mrs. Frances Tracey will give a talk on native trees such as gumbo limbo, tamarind, various kinds of rubber trees, iron-wood, buttonwood, mangrove, mahogany, etc.

Delicious refreshments were served following adjournment at 3.30.

Helen Cunningham, secretary.
