

Statement

My parents were in excellent healthy condition when I left them in the year 1939. I am informed by their letters that they are still in the same good condition.

My parents got a good education including the learning of two foreign languages (French and English).

My father was a prominent furniture manufacturer having been awarded among others the Gold Medal at the St. Louis Exhibition of 1904 in U.S.A. and having furnished the yacht of the late Mr. C.K.G. Billings through the agency of Cox & Stevens, Inc. 11 Broadway, New York, N.Y.

My father was well known as an honest man and was among the prominent members of the Jewish community in Munich.

In case the visa should be granted my parents would be in immediate touch with me and my family.

I am sure that my parents would try with all their means to become good citizens as I am trying it, too.
