Dear Eva

Shortly after writing to you
of Mother's Death, this remarkable Archie
was found in Mother's Kitchen!! I have
shown it to some Kinder Transport friends.

Please accept it from me with
much love and respect for our old
acquaintance and friendships. I have
copies of the old photos of you and the
other Refugees. I remember meeting your
Father. What a command of English he and
your affectionate Mother possessed. How
wonderful that you were united! I have
a photo of you and your lovely family too
in Mother's own Album. Many kind thoughts.

Yours ever sincerely,
Barry Richards.
